Sponsor Columbia Marionette Theatre's production of:

Flora & Floppy go to the Dentist

"Flora and Floppy Go to the Dentist" is a 20-minute interactive puppet show for children ages 3-8.

The show is designed to engage and entertain school-age children while teaching them key messages about how to maintain good dental health.

Over 63,000 children in schools and Head Start Centers across the state have viewed the show since it began in 2008. The show is designed for school groups, Head Start Centers, daycares, and community outreach events. It is an effective way to reach out and educate children about the importance of good dental health.

The cost of the show is $250 for locations within 40 miles of Columbia. Add $25 for each additional 40 miles of travel outside of Columbia.

See a preview of the show online:
