Location/Address: Chow Lane
Conway, SC 29526

County: Horry

TMS: 084-00-02-018 084-00-02-066

Type of Permit Requested:

(ex. Landfills, Mining, Wastwater, etc.)
Individual Mine Operating Permit
NPDES General Permit for "Mining Discharges" SCG 730000

Name of Permitting Authority(s):

(ex. DHEC Bureau of Water)
Bureau of Land and Waste Management
Bureau of Water

Description of Proposed Activity(s):

including total disturbed area, name of and distance to nearest waterbody, and onsite non-jurisdictional wetland impacts and acreage.

The mine will have an Individual Mine Operating Permit. The affected area will be approximately 29.3 acres. Maximum depth of mining is 30 feet with no processing plant. Pit will be dewatered due to high water table. Water from the pit sump/ sediment basin will be decanted using a floating pump intake and discharged from the site if necessary. Water discharged through outfall 001 will flow into Maple Swamp and will comply with water quality effluent limits in NPDES General Permit for mineral mining discharges. (SCG731666 was issued to the General Mine Permit and the NPDES permit coverage will be modified to include the expanded mining.)

The property was delineated for jurisdictional wetlands by The Brigman Company. Mining related disturbances will avoid wetlands and maintain a 50-foot upland buffer from delineated wetlands.

Attached is the Corps of Engineers AJD (SAC-2022-00548) for the Adrian Mine.

All applicable Project Policy Checklist(s) that apply to the proposed project must be submitted with this request form. (See www.scdhec.gov/environment/ocrm/czc for available Policy Checklists)
