

**SIGNIFICANT CHANGES to the UST QAPP
2011**

February 15,

Definition of Holding Time. p. 8 – This definition was amended to provide a standard definition.

Definition of Valid Data. p. 14 – This definition was added for clarity.

Authority. p. 14 – This section was added to clarify DHEC authority to draft and implement the QAPP.

Contractor Requirements. p. 48 – This text was added to make the QAPP compliant with the SUPERB Site Rehabilitation and Fund Access Regulations, R.61-98.

Well Identification Plates. p. 83 – This requirement was added to ensure that well identification plates remain legible for the duration of site rehabilitation.

Section C Assessment and Oversight. P. 106 – Names and descriptions of assessment types were modified to better reflect the actions required and the parties responsible.

Field Laboratory Certification. p. 125 – The requirement for field laboratory certification has been removed.
