

**Memorandum**

DATE: June 20, 2023

TO: Individual Citizen

FROM: Kaylin Joye, Project Manager   
Division of Mining and Solid Waste Management

RE: Notice of Approval of Individual Mine Operating Permit  
Permit I-002375, Edge Road Mine, Horry County

South Carolina's Department of Health and Environmental Control (DHEC) has completed the review of information submitted for the mine operating permit for Edge Road Mine, requested by Solutions, LLC (Operator). This review process included information submitted by the Operator and comments from governmental agencies and the interested public.

You are receiving this notice because you have indicated that you would like additional information on DHEC's permitting process for Edge Road Mine. Pursuant to the S.C. Mining Act, DHEC has approved the application for a Mine Operating Permit and has issued the permit. Please visit the website for the Edge Road Mine for additional information, including a Summary Response to Comments, which addresses all of the comments and concerns that DHEC has received over the course of the technical review of the application. This information can be found at:

<https://scdhec.gov/edge-road-mine>

Any affected party has the right to request a final review of this permit decision. This request must be made in writing to the Clerk of the DHEC Board. Procedures for requesting this review can be found at [www.scdhec.gov/BoardReview](http://www.scdhec.gov/BoardReview). Should there be any questions or if DHEC may be of further assistance, please do not hesitate to contact the project manager, Kaylin Joye, at 803-898-1367 or by e-mail at [joyeke@dhec.sc.gov](mailto:joyeke@dhec.sc.gov).
