### Summary |

Pursuant to 1976 Code Sections 44-55-10 et seq., the Department is authorized to regulate public water systems and to promulgate regulations governing the design, construction, operation, and maintenance of public water systems in the state. The Department proposes amending R.61-58.7, Operation and Maintenance, of the State Primary Drinking Water Regulations to incorporate internal inspection requirements for atmospheric drinking water storage tanks. This new requirement would apply to all atmospheric drinking water storage tanks, both new and existing

The proposed amendments may also include corrections for clarity and readability, grammar, punctuation, codification, and other such regulatory text improvements.

The Administrative Procedures Act, S.C. Code Section 1-23-120(A), requires General Assembly review of these proposed amendments.
