

MEMORANDUM

TO: Asphalt/Concrete Operators

FROM: SC DHEC

DATE: November 1, 2018

SUBJECT: Temporary Crushing and Screening Operations Registration Permit

Due to revisions to the Bureau of Air Quality Permitting Exemption List, the following changes will apply:

Temporary Crushing and Screening Operations

As of November 1, 2018, all operators will be required to obtain a "*Registration Permit for Temporary Crushing and Screening Operations*" (Registration Permit).

The registration permit is a combined construction and operating permit for sources that meet the applicability requirements outlined in Section 1 of the permit.

Operators will have sixty (60) business days from the date of this memorandum to apply for the Registration permit. The application (DHEC-3976) can be located at: <https://www.scdhec.gov/permits-regulations/forms-applications-registration-reporting-etc> and must be submitted no later than February 6, 2019.

Asphalt/Concrete Facilities

All facilities adding new emission sources that are subject to 40 CFR 60 New Source Performance Standards (NSPS standards) are required to obtain a construction permit, per SC Regulation 61-62.1, Section II(B)(2). The construction permit requirement does not apply to the addition of emergency engines.

For more information about the *Registration Permit for Temporary Crushing and Screening Operations* please contact Lance Davis at 803-898-7220 or davisml@dhec.sc.gov.
