

DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL

December 22, 2017

**Notice of Cancellation and Rescheduling of Public Hearing
State Register Document No. 4791**

The Department of Health and Environmental Control published a Notice of Proposed Regulation and Opportunity for Public Comment in the State Register on April 27, 2017, identified as Document No. 4791, to amend Regulation 61-63, Radioactive Materials (Title A). The aforementioned Notice scheduled a write-in public comment period that closed November 27, 2017, and gave notice of a public hearing scheduled before the Board of Health and Environmental Control (Board) for December 7, 2017.

Due to time needed by the Department to evaluate comments received during the public comment period, the public hearing originally scheduled before the Board for December 7, 2017, has been cancelled and rescheduled for February 8, 2018. The public hearing will be held February 8, 2018, at a regularly-scheduled meeting of the Board in the Board Room (3420), Third Floor, Aycock Building, at the Department of Health and Environmental Control, 2600 Bull Street, Columbia, S.C. Due to admittance procedures at the DHEC building, all visitors must enter through the Bull Street entrance and register at the front desk.

The Board meeting commences at 10:00 a.m. at which time the Board will consider items on its agenda in the order presented. The order of presentation for public hearings will be noticed in the Board's agenda to be published by the Department 24 hours in advance of the meeting at <http://www.scdhec.gov/Agency/docs/AGENDA.PDF>. The agenda will also provide notice of cancellation of any change to meeting times. Persons desiring to make oral comments at the public hearing are asked to limit their statements to five minutes or less and, as a courtesy, are asked to provide written copies of their presentations for the record.
