

MATERNAL AND CHILD HEALTH – Proposed Amendment

R.61-80, Neonatal Screening For Inborn Metabolic Errors and Hemoglobinopathies

State Register Document TBD

Summary:

The Department proposes amending R. 61-80. Specifically, the amendments will address storage and usage provisions of the regulation by including a maximum length of time for storage of blood samples. The amendments will also allow for expanded testing to include other congenital disorders or metabolic diseases, while ensuring all testing procedures are in compliance with applicable standards.

The Department may also include stylistic changes, such as corrections for clarity and readability, grammar, punctuation, definitions, references, codification, and overall improvement of the text of the regulation.

General Assembly review is required.
