

Please note: These pdfs are auto-generated each month and will require you to refresh (F5 on keyboard) while the pdf is open to see the latest version. Also, the reporting period for FY 2017 changed from July - June to July - May due to S.C. 2016 Act 199 effective June 3, 2016. This Act shortened the regular session of the S.C. General Assembly from January - June to January through the second Thursday in May. As such, the FY 2017 reporting period, as well as those reporting periods that follow after FY 2017, will end in May rather than in June.

**Regulations Development Update**  
**(Reporting Period: FY 2017 - July 22, 2016 through May 26, 2017)**  
**April 28, 2017**

DHEC publishes the Regulations Development Update concurrently with the publication of the South Carolina State Register (State Register) on the fourth Friday of each month.

The Update reports DHEC regulation development activity for the development of new regulations, or amendment or repeal of existing regulations during a 12-month period from July through June of each fiscal year. The current reporting period of activity covers FY 2017 (July 22, 2016 through June 23, 2017). As proposed regulations are moved through the Administrative Procedures Act (APA) legal process, we provide a synopsis and a status section for each one. Additionally, the Update provides a listing of all DHEC regulations and their effective dates.

S.C. State Register Document Number = This number is assigned by the Legislative Council of the S.C. General Assembly upon publication in the S.C. State Register of a Notice of Proposed Regulation & Opportunity for Public Comment pursuant to S.C. Code § 1-23-110(A)(3). This number identifies the proposed regulation throughout the remainder of the agency/legislative administrative process until the proposed regulation is either approved or disapproved. The document number is linked to the S.C. Legislature Online Web Site.

## **DHEC EMERGENCY REGULATIONS**

Document 4743, Emergency Regulation 61-22, *The Evaluation of School Employees for Tuberculosis*, was issued by the Department at 2:55 p.m. on February 3, 2017. It will remain in effect for 90 days, expiring May 3, 2017, and can be viewed on the S.C. Legislature online website at <http://www.scstatehouse.gov/regs/4743.docx>.

Document 4726, Emergency Regulation 61-22, *The Evaluation of School Employees for Tuberculosis*, was reissued by the Department, at 1:46 p.m. October 31, 2016. It will remain in effect for 90 days, expiring January 28, 2017, and can be viewed on the S.C. Legislature Online website at <http://www.scstatehouse.gov/regs/4726.docx>.

Document 4654, Emergency Regulation 61-22, *The Evaluation of School Employees for Tuberculosis*, was issued by the Department at 12:58 p.m. August 3, 2016. It will remain in effect for 90 days, expiring October 31, 2016, and can be viewed on the S.C. Legislature Online website at <http://www.scstatehouse.gov/regs/4654.docx>.

### **State Register Document 4650, Amendment of R.61-62, Air Pollution Control Regulations and Standards (61-61.1; 61-62.5, Standards 1, 2, 3, 3.1 & 4; 61-61.60; 61-62.63)**

#### **Synopsis:**

Pursuant to the South Carolina Pollution Control Act, Section 48-1-10 et seq., along with the federal Clean Air Act, 42 U.S.C. Sections 7410, 7413, and 7416, the Department must ensure national primary and secondary ambient air quality standards are achieved and maintained in South Carolina. No state may adopt or enforce an emission standard or limitation less stringent than these federal standards or limitations. 42 U.S.C. Section 7416. The United States Environmental Protection Agency (EPA) promulgates amendments to the Code of Federal Regulations throughout each calendar year. Recent federal amendments to 40 CFR Parts 51, 52, 60, 61, 63 and 70 include clarification, guidance and technical revisions to SIP requirements promulgated pursuant to 42 U.S.C. 7410 & 7413, New Source Performance Standards (“NSPS”) mandated by 42 U.S.C. 7411, and federal National Emission Standards for Hazardous Air Pollutants (“NESHAP”) for Source Categories.

The Department has amended Regulation 61-62.1, *Section III, Emissions Inventory and Emissions Statements*; Regulation 61-62.60, *South Carolina Designated Facility Plan and New Source Performance Standards*; Regulation 61-62.63, *National Emission Standards for Hazardous Air Pollutants (NESHAP) for Source Categories*; Regulation 61-62.5, *Standard No. 2, Ambient Air Quality Standards*; and the SIP, to codify federal amendments to these standards promulgated from January 1, 2015, through December 31, 2015.

The Department also made changes to: Regulation 61-62.1, *Section II, Permit Requirements*; Regulation 61-62.5, *Standard No.1, Emissions from Fuel Burning Operations*; and Regulation 61-62.5, *Standard No. 4, Emissions from Process Industries*, to address periods of excess emissions during startup, shutdown, or malfunction (SSM) events as required by the EPA in response to a national petition for rulemaking and to address a finding of substantial inadequacy (referred to as a ‘SIP call’) (80 FR 33840, June 12, 2015).

The Department also made other changes to Regulation 61-62 that include corrections for internal consistency, clarification, reference, punctuation, codification, formatting, and spelling to improve the overall text of Regulation 61-62 as necessary.

In accordance with 1976 Code Section 1-23-120(H), legislative review is not required because the Department proposes promulgating the amendments to maintain compliance with federal law.

## Status:

*The Department initiated the statutory process to amend R.61-62 by publication of a Notice of Drafting in the S.C. State Register on February 26, 2016 and in the DHEC Regulation Development Update. The drafting comment period closed March 28, 2016. On June 9, 2016, the DHEC Board approved public notice. A Notice of Proposed Regulations with notice of opportunity for public comment was published as Document 4650 in the S.C. State Register on June 24, 2016. After public hearing September 8, 2016, the DHEC Board found for the need and reasonableness of the proposed regulations. These regulations took effect as law by publication as final regulations in State Register Volume 40 Issue 9 on September 23, 2016 and can be viewed on the S.C. Legislature Online website at <http://www.scstatehouse.gov/regs/4650.docx>. For additional information contact Caitlin Bell, Air Regulation and SIP Management Section, Bureau of Air Quality, 2600 Bull Street, Columbia, SC 29201, or via electronic mail at [bellcl@dhec.sc.gov](mailto:bellcl@dhec.sc.gov).*

## **State Register Document\_\_\_\_\_, Proposed Amendment of R.61-62, Air Pollution Control Regulations and Standards (re: amendment of 61-62.1; 61-62.5, Standards 5.2, 7 and 7.1; 61-62.60; 61-62.61; 61-62.70; and addition of new 61-62.97)**

## Synopsis:

1. Pursuant to the South Carolina Pollution Control Act, S.C. Code Section 48-1-10 et seq. (2008), along with the federal Clean Air Act, 42 U.S.C. Sections 7410, 7413, and 7416, the S.C. Department of Health and Environmental Control must ensure national primary and secondary ambient air quality standards are achieved and maintained in South Carolina. No state may adopt or enforce an emission standard or limitation less stringent than these federal standards or limitations pursuant to 42 U.S.C. Section 7416.
2. The United States Environmental Protection Agency (“EPA”) promulgates amendments to the Code of Federal Regulations (“CFR”) throughout each calendar year. Recent federal amendments to 40 CFR Parts 50, 51, 52, 60, 61, 63 and 70 include clarification, guidance and technical amendments regarding state implementation plan (“SIP”) requirements promulgated pursuant to 42 U.S.C. Sections 7410 & 7413, New Source Performance Standards (“NSPS”) mandated by 42 U.S.C. Section 7411, federal National Emission Standards for Hazardous Air Pollutants (“NESHAP”) for Source Categories mandated by 42 U.S.C Section 7412, and Prevention of Significant Deterioration (“PSD”) and Title V Operating Program provisions promulgated under title I and title V of the CAA.
3. The Department proposes to amend Regulation 61-62.1, Definitions and General Requirements; Regulation 61-62.5, Standard No. 7, Prevention of Significant Deterioration; Regulation 61-62.60, South Carolina Designated Facility Plan and New Source Performance Standards; Regulation 61-62.61, National Emission Standards for Hazardous Air Pollutants; Regulation 61-62.63, National Emission Standards for Hazardous Air Pollutants (NESHAP) for Source Categories; Regulation 61-62.70, Title V Operating Permit Program; and the South Carolina SIP, to adopt the federal amendments to these standards promulgated from January 1, 2016, through December 31, 2016.
4. The Department also proposes to add Regulation 61-62.97, Cross-State Air Pollution Rule (CSAPR) Trading Program, to incorporate the EPA’s CSAPR trading program for South Carolina in 40 CFR Part 97 for NO<sub>x</sub> (Annual) and SO<sub>2</sub> (Annual), as published in the Federal Register on August 8,

2011 (76 FR 48208) and subsequently amended on June 12, 2012 (77 FR 34830), December 3, 2014 (79 FR 71663), and October 26, 2016 (81 FR 74504). This regulation will address mandatory transport and regional haze SIP infrastructure elements pursuant to 42 U.S.C. Sections 7410 and 7491.

5. The Department is also proposing other changes to Regulation 61-62 that include corrections for internal consistency, clarification, reference, punctuation, codification, formatting, and spelling to improve the overall text of Regulation 61-62 as necessary.

6. South Carolina industries are already subject to these national air quality standards as a matter of federal law. Thus, there will be no increased cost to the State or its political subdivisions resulting from codification of these amendments to federal law. The state of South Carolina is already reaping the environmental benefits of these amendments.

7. In accordance with S.C. Code Section 1-23-120(H) (Supp. 2016), legislative review is not required because the Department proposes promulgating the amendments to maintain compliance with federal law. As such, neither a preliminary assessment report nor a preliminary fiscal impact statement is required.

**Status:**

*The Department initiated the statutory process for amendment of R.61-62 by publication of a Notice of Drafting in the State Register and also in the DHEC Regulation Development Update on January 27, 2017, Notice was also sent out via Department list serve to interested stakeholders. The drafting comment period closed February 27, 2017, and no comments were received. On May 11, 2017, Department staff intends to request the DHEC Board to approve the proposed regulations for public notice and comment. If approved, a Notice of Proposed Regulations with opportunity for public comment would be published in the State Register on May 26, 2017. For additional information, contact Marie F. Brown, Air Regulation and SIP Management Section, Bureau of Air Quality, 2600 Bull Street, Columbia, SC 29201, or via electronic mail at [brownmf@dhec.sc.gov](mailto:brownmf@dhec.sc.gov).*

*Environmental Health Services*

There are no proposed regulations at this time.

## ***Land and Waste Management***

### **State Register Document 4705, Proposed Amendment of 61-33, Drycleaning Facility Restoration**

#### **Synopsis:**

Regulation 61-33 has not been updated since 1997. Revisions of Article 4 of the South Carolina Hazardous Waste Management Act, 1976 Code Section 44-56-410 et seq., on May 21, 2013 removed certain requirements of drycleaning facility and site owners to participate in the Drycleaning Restoration Trust Fund. As such, many of the procedures, practices, and terms of Regulation 61-33 are outdated and/or no longer applicable. These amendments to R.61-33 revise and clarify criteria, procedures and standards for eligibility, moratorium, financial responsibility, facility prioritization, and restoration investigation and clean-up goals of drycleaning facilities and sites participating in the Drycleaning Facility Restoration Trust Fund. These amendments provide updates to the definitions, remove requirements and procedures for documenting existing contamination, and remove requirements and procedures for certifying contractors. Additional changes include revising the regulation title, stylistic changes for internal consistency, clarification in wording, corrections of references, grammatical errors, outlining/codification, and other changes necessary to improve the overall quality of the regulation.

Legislative review will be required.

#### **Status:**

*The Department reinitiated the statutory process to amend R.61-33 by publication of a Notice of Drafting in the S.C. State Register on July 22, 2016 and also in the DHEC Regulation Development Update. This second Notice of Drafting replaced and superseded the Notice of Drafting published in the State Register on May 22, 2015 and was posted for the purpose of extending the statutory promulgation period pursuant to 1976 S.C. Code Section 1-23-120(A). The drafting comment period closed August 22, 2016. On October 13, 2016, the DHEC Board approved the proposed revised regulation for public notice. A Notice of Proposed Regulation with notice of opportunity for public comment was published as Document 4705 in the State Register on October 28, 2016. The public comment period closed. After public hearing on December 8, 2016, the DHEC Board found for the need and reasonableness of the proposed revised regulation and approved it for submission to the General Assembly for review. Document 4705 was filed with the State Register Office December 14, 2016, was processed, verified, and submitted to the General Assembly January 10, 2017 and referred the same day to the House and Senate reviewing committees. On February 7, 2017, the Senate Medical Affairs Committee introduced Joint Resolution S0375 to approve Document 4705. This bill passed the Senate and was introduced and read first time in the House February 16, 2017 and referred to the House Committee on Regulations and Administrative Procedures. The House Committee found favorable for the proposed regulation. It completed the three required readings in the House, was approved April 20, 2017, and enrolled for ratification. The revised*

*regulation will take legal effect by publication as a final regulation in the State Register on May 26, 2017. The revised regulation and legislative status can be viewed on the S.C. Legislature Online website at <http://www.scstatehouse.gov/regs/4705.docx>. For additional information contact G. Kendall Taylor, P.G., Director, Site Assessment, Remediation, and Revitalization Division, Bureau of Land and Waste Management, S.C. Department of Health and Environmental Control, 2600 Bull Street, Columbia, South Carolina 29201 or via email at [taylorgk@dhec.sc.gov](mailto:taylorgk@dhec.sc.gov).*

## **State Register Document 4651, Proposed Amendments of R.61-79, Hazardous Waste Management Regulations**

### **Synopsis:**

The Department of Health and Environmental Control (Department) is proposing to amend R.61-79, Hazardous Waste Management Regulations, to adopt two final rules published in the Federal Register by the United States Environmental Protection Agency (EPA). The proposed amendments will support the Department's goal of promoting and protecting the health of the public and the environment in a more efficient and effective manner. These amendments will: revise the definition of solid waste to conditionally exclude carbon dioxide (CO<sub>2</sub>) streams that are hazardous from the definition of hazardous waste, provided these hazardous CO<sub>2</sub> streams are captured from emission sources, are injected into Underground Injection Control (UIC) Class VI wells for purposes of geologic sequestration (GS), and meet certain other conditions; and revise several recycling-related provisions associated with the definition of solid waste used to determine hazardous waste regulation under Subtitle C of the Resource Conservation and Recovery Act.

Legislative Review will be required.

### **Status:**

*The Department initiated the statutory process to amend R.61-79 by publication of a Notice of Drafting in the S.C. State Register on November 27, 2015 and also in the DHEC Regulation Development Update. The drafting comment period closed December 29, 2015. On June 9, 2016, the DHEC Board approved staff's request to publicly notice the proposed regulations. A Notice of Proposed Regulations with notice of opportunity for public comment was published as Document 4651 in the State Register on June 24, 2016 and also on the Department's website. The Department elected to terminate the proposed regulations of Document 4651 by publication of a Notice of Termination in the State Register on September 23, 2016. The Department published a new Notice of Proposed Regulations in the State Register as Document 4666 on September 23, 2016. See details in Document 4666 below. For additional information contact David Scaturro, Director of the Division of Waste Management, Bureau of Land and Waste Management, Department of Health and Environmental Control, 2600 Bull Street, Columbia, SC 29201 or by email at [scaturdm@dhec.sc.gov](mailto:scaturdm@dhec.sc.gov).*

## **State Register Document 4666, Proposed Amendment of R.61-79, Hazardous Waste Management Regulations**

The Department is proposing to amend R.61-79 to adopt two final rules published in the Federal Register by the United States Environmental Protection Agency (EPA). The proposed amendments will support the Department's goal of promoting and protecting the health of the public and the environment in a more efficient and effective manner. These amendments will: revise the definition of solid waste to conditionally exclude carbon dioxide (CO<sub>2</sub>) streams that are hazardous from the definition of hazardous waste, provided these hazardous CO<sub>2</sub> streams are captured from emission sources, are injected into Underground Injection Control (UIC) Class VI wells for purposes of geologic sequestration (GS), and meet certain other conditions; and revise several recycling-related provisions associated with the definition of solid waste used to determine hazardous waste regulation under Subtitle C of the Resource Conservation and Recovery Act.

Legislative review is required.

### **Status:**

*The Department initiated the statutory process to amend R.61-79 by publication of a Notice of Drafting in the S.C. State Register on November 27, 2015 and also in the monthly DHEC Regulation Development Update. The drafting comment period closed December 29, 2015. On September 8, 2016, the DHEC Board approved public notice for the proposed regulations. A Notice of Proposed Regulations with opportunity for public comment was published in the State Register on September 23, 2016 as Document 4666 and can be viewed on the S.C. Legislature Online website at <http://www.scstatehouse.gov/regs/4666.docx>. Since publication in the State Register, Document 4666 was cancelled. The Department revisited these two proposed rules to further assess the need and reasonableness of these optional requirements. Adoption of these rules is not necessary to maintain consistency with the federal program. For additional information contact David Scaturio, Director of the Division of Waste Management, Bureau of Land and Waste Management, Department of Health and Environmental Control, 2600 Bull Street, Columbia, SC 29201 or by email at [scaturdm@dhec.sc.gov](mailto:scaturdm@dhec.sc.gov).*

## **State Register Document 4706, Proposed Amendment of R.61-92, Underground Storage Tank Control Regulations**

### **Synopsis:**

The Department amends R.61-92, Underground Storage Tank Control Regulations, Part 280. These amendments focus on adopting the federal underground storage tank requirements of 40 CFR Section 280 effective October 13, 2015, and revising portions of R.61-92, Part 280 pertaining to compliance requirements of the UST Control Regulations. The amendments reorganize the regulations for clarity and consistency with the format of the revised federal regulation effective October 13, 2015, along with other stylistic changes to improve the overall quality of the Regulation.

Legislative review is required.

**Status:**

*The Department initiated the statutory process to amend R.61-92 by publication of a Notice of Drafting in the S.C. State Register on April 22, 2016 and also in the DHEC Regulation Development Update. The drafting comment period closed May 23, 2017. On October 13, 2016, the DHEC Board approved the proposed revised regulation for public notice. A Notice of Proposed Regulation with notice of opportunity for public comment was published as Document 4706 in the State Register on October 28, 2016. After public hearing December 8, 2016, the DHEC Board found for the need and reasonableness of the proposed revised regulation and approved it for submission to the General Assembly for review. The revised regulation was filed with the State Register Office December 14, 2016, was processed, verified, and submitted to the General Assembly January 10, 2017 for review and referred to the House and Senate reviewing committees. At the request of the Senate Medical Affairs Committee by letter dated January 30, 2017, the Department simultaneously withdrew and resubmitted a revised regulation on January 30, 2017. On February 8, 2017 the Senate Medical Affairs Committee introduced Joint Resolution S0376 to approve the revised regulation. This bill passed the Senate, was introduced in the House and read first time February 15, 2017 and referred to the House Committee on Regulations and Administrative Procedures. The House Committee found favorable and Joint Resolution S0376 completed three readings in the House April 20, 2017 and was enrolled for ratification. The legislative review period closes May 10, 2017. The revised regulation and legislative status can be viewed on the S.C. Legislature Online website at <http://www.scstatehouse.gov/regs/4706.docx>. For additional information, contact Eric F. Cathcart, Program Manager, Underground Storage Tank Management Division, Bureau of Land and Waste Management, South Carolina Department of Health and Environmental Control, 2600 Bull Street, Columbia, South Carolina 29201 or via email at [cathcaef@dhec.sc.gov](mailto:cathcaef@dhec.sc.gov).*

**State Register Document 4667, Proposed Amendment of R.61-105, Infectious Waste Management Regulations**

**Synopsis:**

The Department of Health and Environmental Control (Department) proposes to amend R.61-105. These proposed amendments seek to provide greater protections for the public, remove any perceived uncertainty with respect to existing provisions, and ensure consistency with U.S. Department of Transportation regulations. Stylistic changes are included that will improve the overall quality of the Regulation.

These proposed regulations require facilities having a permit by rule to notify the Department of the type of treatment they will utilize and clarify requirements for any waste facilities that are pre-treating. The proposed regulations include body art facilities (tattoo and body piercing) in the types of facilities that generate infectious waste in order to make the Infectious Waste Management Regulation consistent with Health Licensing requirements. Recordkeeping requirements include a timeframe for records to be provided to the Department after an

inspection. Timeframes are addressed for variances and alternative treatment technology approvals, including expiration and opportunities for renewal. The requirements also allow better communication with facilities and tracking of facilities. Annual reporting requirements for treatment facilities are revised and clarified to require amounts of waste treated to correspond to the state of origin. Facilities that treat waste through steam sterilization will be required to record the pressure during the treatment process as well as having the pressure gauge calibrated annually. These records are already required for temperature and are already being provided by the permitted treatment facility in the State. Demonstration of need requirements are more consistent with those of other similar programs. The definition(s) and requirements for storage of waste are clarified. Requirements for financial assurance documentation requirements are revised to better protect the Department and South Carolina residents. The requirements for the handling of products of conception are revised to include documentation of donation and notification of necessary incineration. The standards for waste treatment technologies are updated. The amendments allow transporters to only disinfect their vehicles once a day, while still requiring immediate disinfection of visible debris and a now requiring a log to be kept of disinfection. The requirement that transporters submit training documentation annually is removed, as inspectors check for these records during regular inspections. Finally, the proposed regulations include no substantive stylistic revisions and a table of contents will be added.

Legislative review will be required.

**Status:**

*The Department reinitiated the statutory promulgation process to amend R.61-105 by publication of a second Notice of Drafting in the S.C. State Register on April 22, 2016 and also in the DHEC Regulation Development Update. The drafting comment period closed May 22, 2016. On September 8, 2016, the DHEC Board approved public notice for the proposed regulations. A Notice of Proposed Regulations with notice of opportunity for public comment was published as Document 4667 in the State Register on September 23, 2016 and can be viewed on the S.C. Legislature Online website at <http://www.scstatehouse.gov/regs/4667.docx>. The DHEC staff conducted the informational forum on October 21, 2016 as was noticed in the State Register, and the public comment period for submitting written comments closed October 24, 2016. Due to time needed for the Department to evaluate the comments received during the public comment period, the public hearing originally scheduled for December 8, 2016, was cancelled and rescheduled before the Department's Board for March 9, 2017. Subsequently, due to the complexity of issues raised by public comments, the Department cancelled the March 9, 2017 public hearing and terminated the proposed amendments of Document 4667 by publication of a Notice of Termination of Document 4667 in the State Register March 24, 2017. The Department will consider these comments in proposing revised amendments to R.61-105, which will begin shortly with issuance of a new Notice of Drafting and, ultimately, a Notice of Proposed Regulation under a new document number. This will provide the public with additional opportunities to review and provide input for proposed amendments incorporating consideration of the previously received comments. For additional information, contact David Scaturo, Director of the Division of Waste*

*Management, Bureau of Land and Waste Management, Department of Health and Environmental Control, 2600 Bull Street, Columbia, SC 29201, [infectiouswaste@dhec.sc.gov](mailto:infectiouswaste@dhec.sc.gov).*

**State Register Document\_\_\_\_, Proposed New Regulation - Storage Locations of Coal Combustion Residuals Prior to Delivery to the Location of Beneficial Reuse**

**Synopsis:**

During the 2016 legislative session, the Governor signed into law an act to amend the Code of Laws of South Carolina, 1976, by adding section 58-27-255, which requires coal combustion residuals resulting from the production of electricity to be placed in Class 3 landfills, and which also provides exceptions. The proposed regulation will include requirements and standards governing new locations for the storage of coal combustion residuals resulting from the production of electricity, prior to delivery to the location of beneficial reuse. The regulation may also establish related penalties and administrative fines for violations of the regulation.

Legislative review will be required.

**Status:**

*The Department initiated the statutory process to develop this regulation by publication of a Notice of Drafting in the State Register on April 22, 2016; the drafting comment period closed May 23, 2016. This regulation is currently under development. For additional information, contact Jana White at S.C. Department of Health and Environmental Control, Bureau of Land and Waste Management, 2600 Bull Street, Columbia, SC 29201, Email: [whitejm@dhec.sc.gov](mailto:whitejm@dhec.sc.gov).*

## ***Water***

### **State Register Document 4736, Proposed Amendment of R.61-47, Shellfish Synopsis:**

Regulation R.61-47 was last substantively amended on June 26, 2015. The regulation contains requirements for the safe and sanitary harvesting, storing, processing, handling and transportation of molluscan shellfish (oysters and clams) to protect the health of consumers of shellfish. The Department amends R.61-47 to provide specific technical requirements regarding the harvesting and handling of clams and maricultured triploid oysters during the summer months (*i.e.*, months that require additional temperature controls) in a manner that is consistent with the national shellfish sanitation program and protects the health of the consumers of shellfish. The time period for additional temperature controls for the summer harvesting and handling of shellfish is May 16th through September 30th, unless otherwise specified. The amendment includes a requirement for certified shippers to only accept shellfish from harvesters that have received annual training on key regulatory requirements and the safe and sanitary practices related to the harvesting and handling of shellfish in South Carolina. The amendment updates several documents referenced in the regulation to the latest versions of the documents and adds a definition for “mariculture” and “triploid oyster.” The amendment also includes stylistic changes to correct for spelling, clarity, readability, grammar, and codification for overall improvement of the text of the regulation.

Legislative review is required

### **Status:**

*The statutory process to amend R.61-47 was initiated by publication of a Notice of Drafting in the State Register on May 27, 2016 and also in the DHEC Regulation Development Update. After DHEC Board approval September 8, 2016, the Department published a Notice of Proposed Regulation identified as Document 4668 in the State Register on September 23, 2016. Document 4668 was cancelled and superseded by publication of a new Notice of Proposed Regulation published in the State Register as Document 4736 on November 25, 2016. Public comments received on the previous Notice of Proposed Regulation (Document 4668) were retained and considered as comments on the new Notice of Proposed Regulation (Document 4736). As noticed in the State Register, the public comment period for submitting written comments on the proposed revised regulation of Document 4736 closed December 28, 2016, and the public hearing before the Department’s Board was conducted January 5, 2017. After public hearing, the DHEC Board found for the need and reasonableness of the proposed revised regulation and approved it for General Assembly review. Document 4736 was filed with the State Register Office, verified and submitted to the General Assembly for review January 10, 2017 and referred to the House and Senate reviewing committees. At the request of the Senate Medical Affairs Committee by letter dated February 28, 2017, the Department simultaneously withdrew and resubmitted a revised regulation on February 28, 2017. On March 2, 2017, the Senate Medical Affairs Committee introduced Joint Resolution S0496 (similar S0373) to approve the revised regulation. The bill passed the Senate, was introduced*

*and read in the House March 13, 2017 and referred to the House Committee on Regulations and Administrative Procedures. It was found favorable with the House Committee, completed three readings in the House March 24, 2017, was ratified by R12, and signed by the Governor April 5, 201. Document 4706 took legal effect as law by publication as a final regulation in State Register Volume 41 Issue 4, on April 28, 2017, and can be viewed on the S.C. Legislative Online website at <http://www.scstatehouse.gov/regs/4706.docx>. For additional information, contact Charles Gorman, P.G., Director, Division of Water Monitoring, Assessment and Protection, Bureau of Water, 2600 Bull Street, Columbia, South Carolina 29201, or by email at [gormancm@dhec.sc.gov](mailto:gormancm@dhec.sc.gov)*

## **State Register Document 4670, Proposed Amendment of R.61-68, Water Classifications and Standards**

### **Synopsis:**

The Department proposes to amend R.61-68 to strengthen and improve the existing regulation and make appropriate revisions of the State's water quality standards in accordance with 33 U.S.C. Section 303(c)(2)(B) of the Federal Clean Water Act ("CWA"). In accordance with Section 303(c)(2)(B) of the CWA, the Department reviews, and amend at its discretion, this regulation once every three years in order to incorporate desirable most recently published Federal criterion recommendations and guidance. Hence, this review process is often referred to as the "triennial review." The Department proposes to adopt a revised standard for ambient water quality criteria for the protection of human health for ninety-four chemical pollutants, and a revised standard for aquatic life water quality criteria for cadmium to reflect the most current final published criteria in accordance with Sections 304(a) and 307(a) of the CWA.

Legislative review will be required.

### **Status:**

*The Department initiated the statutory process to amend R.61-68 by publication of a notice of Drafting in the S.C. State Register on February 26, 2016, and also in the DHEC Regulation Development Update as well as on the Department's Water Quality Standards webpage. It was circulated to stakeholders and other interested parties. The drafting comment period closed March 28, 2016. The DHEC Board approved staff's request on September 8, 2016 to publicly notice the proposed regulations. A Notice of Proposed Regulations with notice of opportunity for public comment was published as Document 4070 in the State Register on September 23, 2016 and can be viewed on the S.C. Legislature Online website at <http://www.scstatehouse.gov/regs/4670.docx>. As noticed in the State Register the public comment period for submitting written comments closed October 24, 2016, and a public hearing was scheduled before the Department's Board December 8, 2016. Because of the volume and scope of the comments received during the public comment period for Document 4670, the Department decided to take additional time to ensure satisfactory consideration of the public feedback. A Notice was published in the State Register November 25, 2016, postponing the previously scheduled December 8, 2016 public hearing for Document 4670 indefinitely. For additional information contact Mike Montebello, Bureau of Water, 2600 Bull*

### **State Register Document No.\_\_\_\_, Propose New Regulation to address the Stroke System of Care Act of 2011**

#### **Synopsis:**

In 2011, the General Assembly passed the Stroke System of Care Act of 2011 which requires the Department of Health and Environmental Control (DHEC) to promulgate regulations to establish a process of application and recognition of acute care hospitals that wish to be recognized as stroke centers within the State. A list of all recognized stroke centers must be posted on the Department website and distributed to all DHEC licensed Emergency Medical Service (EMS) agencies. The act further requires the Department to establish a statewide stroke registry for the collection and analysis of stroke care by acute care hospitals within the State. Additionally, the act requires the Department to adopt and distribute a nationally recognized, standardized stroke-triage assessment tool. This assessment tool must be posted on the Department's website and distributed to all DHEC licensed EMS agencies.

Legislative review of this amendment is required.

#### **Status:**

*The Department initiated the statutory process to develop this new regulation pursuant to publication of a Notice of Drafting in the S.C. State Register on April 28, 2017. Interested persons may submit comments to Robert Wronski, Bureau Chief, DHEC Bureau of EMS and Trauma, 2600 Bull Street, Columbia, South Carolina 29201, or via email at [wronskra@dhec.sc.gov](mailto:wronskra@dhec.sc.gov). Comments may also be submitted electronically at the following address: <http://www.scdhec.gov/Agency/RegulationsAndUpdates/PublicComments/>, under the Notice of Drafting for South Carolina Stroke Care System. To be considered, all comments must be received no later than 5:00 p.m. May 29, 2017, the close of the drafting comment period.*

## ***Health Facility Licensing***

### **State Register Document \_\_\_\_\_, Proposed Amendment of R.61-15, Certification of Need for Health Facilities and Services**

#### **Synopsis:**

The Department proposes amending Regulation 61-15 to enable an electronic application process, revise the application format, update exemption and non-applicability determination processes, and revise language regarding penalties and enforcement actions. The Department also intends to add, remove, or modify multiple definitions contained within the Regulation. The Department may also update language and processes related to public hearings on Certificate of Need applications, the application and review process and related notifications, voidance and extension procedures, and periodic and final reporting requirements regarding issued Certificates of Need. The amendment may also revise the project review criteria. The Department may also revise the monetary thresholds which trigger a Certificate of Need review.

The Department may also make stylistic changes for internal consistency, clarification in wording, corrections of references, grammatical errors, outlining and codification and such other changes as may be necessary to improve the overall quality of the regulation.

Legislative review is required.

#### **Status:**

*The Department initiated the statutory process to amend R.61-15 by publication of a Notice of Drafting in the S.C. State Register on September 23, 2016; the drafting comment period closed October 24, 2016. For additional information contact Louis Eubank, Director, Certificate of Need Program, S.C. Department of Health and Environmental Control, 2600 Bull Street, Columbia, South Carolina 29201 or via email at [eubanklw@dhec.sc.gov](mailto:eubanklw@dhec.sc.gov).*

### **State Register Document 4669, Proposed Amendment of R.61-12, Standards for Licensing Abortion Clinics**

#### **Synopsis:**

Regulation 61-12 has not been substantively updated since 1996. This amendment is necessary to update definitions, references, and codification. The amendment may also revise requirements for obtaining licensure, compliance for licensure, accident and incident reporting requirements, abortion reporting, inspections and violations, complaint reporting, patient rights, infection control, in service training, record maintenance and retention, personnel requirements, fire and life safety requirements, and construction design requirements. The Department also intends to add language to incorporating current provider-wide exceptions

and memoranda applicable to abortion clinics. The Department may also include stylistic changes, which may include corrections for clarity and readability, grammar, punctuation, codification, and overall improvement of the text of the regulation.

Legislative review will be required.

**Status:**

*The Department reinitiated the statutory process to amend Regulation 61-12 by publication of a second Notice of Drafting in the S.C. State Register on April 22, 2016 and also in the DHEC Regulation Development Update. This Notice of Drafting superseded and replaced the Notice of Drafting published in the State Register on May 22, 2015. The drafting comment period for the April 22, 2016 notice closed May 23, 2016. The DHEC Board granted staff initial approval on September 8, 2016 to publicly notice the proposed regulations. A Notice of Proposed Regulations with notice of opportunity for public comment was published as Document 4669 in the State Register on September 23, 2016 and can be viewed on the S.C. Legislature Online website at <http://www.scstatehouse.gov/regs/4669.docx> Effective November 25, 2016, the proposed amendments of R.61-12 in Document 4669 were terminated by publication of a Notice of Termination in the State Register on November 25, 2016. For additional information contact Gwen C. Thompson, Bureau Chief, Bureau of Health Facilities Licensing, South Carolina Department of Health and Environmental Control, 2600 Bull Street, Columbia, South Carolina 29201 or via email at [HealthRegComm@dhec.sc.gov](mailto:HealthRegComm@dhec.sc.gov).*

**State Register Document 4740 Proposed Amendment of R.61-16, Minimum Standards for Licensing Hospitals and Institutional General Infirmaries**

**Synopsis:**

The Department of Health and Environmental Control is proposing amendments to Regulation 61-16. These amendments are necessary to incorporate recent changes in state law as well as changes to current practices and standards. The amendment will incorporate provisions allowing dietitians to prescribe diets and other dietary services; incorporate requirements of S.C. Code Sections 44-41-410 through -480 relating to the provision of abortion services; incorporate existing inspection and construction fees; and incorporate new safe haven requirements.

Legislative review will be required.

**Status:**

*The Department initiated the statutory process to amend R.61-16 by publication of a Notice of Drafting in the S.C. State Register on September 23, 2016 and also in the DHEC Regulation Development Update. The drafting comment period closed October 24, 2016. On December 8, 2016, the DHEC Board approved public notice for the proposed amendments. A Notice of Proposed Regulations with opportunity for public comment identified as Document 4740 was published in the State Register on December 23, 2016 and can be viewed on the S.C.*

*Legislature Online website at <http://www.scstatehouse.gov/regs/4740.docx>. As published in the State Register, the time period for submitting written comments on the proposed regulations closed January 23, 2016, and a public hearing was scheduled before the Department's Board for February 9, 2017. The public hearing for February 9, 2017 was cancelled and rescheduled for April 13, 2017. Notice of this rescheduling was published in the State Register on February 24, 2017. Subsequently, the public hearing for April 13, 2017 was cancelled and has been rescheduled before the Department's Board for June 8, 2017. Notice of the rescheduling will be published in the April 28, 2017 State Register. For additional information contact Gwen C. Thompson, Bureau Chief, Bureau of Health Facilities Licensing, South Carolina Department of Health and Environmental Control, 2600 Bull Street, Columbia, South Carolina 29201 or via email at [HealthRegComm@dhec.sc.gov](mailto:HealthRegComm@dhec.sc.gov).*

## ***Radiological Health***

### **State Register Document No.\_\_\_\_, proposed amendment of R.61-63, .Radioactive Materials (Title A)**

#### **Synopsis:**

The federal Atomic Energy Act of 1954 enables the United States Nuclear Regulatory Commission (“Commission”) to enter into agreements with states governors allowing for state regulation of byproduct, source, and special nuclear materials. 42 U.S.C. Section 2121. The Commission enters into such agreements if it finds that the state regulatory program is in compliance with applicable federal regulations. *Id.* In order to renew South Carolina’s ongoing agreement with the Commission, DHEC proposes amending Regulation 61-63 to ensure state standards are in compliance with the Commission’s regulatory updates. Specifically, DHEC’s proposed amendments will revise Parts II, V, VII, and XII for consistency with federal regulations.

The Department may also make revisions for grammatical errors, typographical errors, and other such changes.

Legislative review will not be required.

#### **Status:**

*The Department initiated the statutory process to amend R.61-63 by publication of a Notice of Drafting in the S.C. State Register on April 28, 2017. Interested persons are invited to submit written comments to James K. Peterson, Division Director, Division of Radioactive Material Licensing and Compliance, Bureau of Radiological Health, S.C. Department of Health and Environmental Control, 2600 Bull Street, Columbia, South Carolina 29201 or via email at [petersjk@dhec.sc.gov](mailto:petersjk@dhec.sc.gov). To be considered, comments must be received no later than 5:00 p.m. on May 29, 2017, the close of the drafting comment period*

## Health Services

### *Disease Control*

#### **State Register Document 4704, Proposed Amendment of R.61-22, The Evaluation of School Employees for Tuberculosis**

##### **Synopsis:**

The Department has conducted a review of Regulation 61-22 pertaining to the evaluation and screening for tuberculosis for those working in schools and child care centers. As a result of the review, the Department has substantially amended R.61-22 in order to simplify and clarify the tuberculosis screening and evaluation requirements for schools and child care centers and to significantly reduce the financial and human resources burden on schools and child care centers created in prior revisions to R. 61-22, all while affording children greater protection against exposure to tuberculosis in these settings. The amendments herein include the Department's effort to incorporate current tuberculosis evaluation and preventive treatment guidelines, update the screening and evaluation requirements for those working and volunteering in schools and child care centers, clarify language relating to the issuance of evaluation certificates, and provide for consistency with applicable state and federal laws. The title of the Regulation will also be revised.

Legislative review is required.

##### **Status:**

*The Department initiated the statutory process to amend R.61-22 by publication of a Notice of Drafting in the S.C. State Register on August 26, 2016; the drafting comment period closed September 26, 2016. On October 13, 2016 the DHEC Board approved staff's request to publicly notice the proposed revised regulation. A Notice of Proposed Regulation with notice of opportunity for public comment was published in the State Register as Document 4704 on October 28, 2016. After public hearing December 8, 2016, the DHEC Board found for the need and reasonableness of the proposed revised regulation and approved it for legislative review. The revised regulation was filed with the State Register Office December 14, 2016, was processed, verified, and submitted to the General Assembly for review January 10, 2017 and referred to the House and Senate reviewing committees. Pursuant to the request of Senate Medical Affairs Committee by letter dated January 30, 2017, the Department simultaneously withdrew and resubmitted a revised regulation on January 30, 2017 for legislative review. On February 7, 2017 the Senate Medical Affairs Committee introduced Joint Resolution S0374 to approve the revised regulation. The bill passed the Senate, was introduced and read first time in the House February 15, 2017 and referred to the House Committee on Regulations and Administrative Procedures. The Committee found favorable and S0374 passed the House the third time on April 20, 2017 and was enrolled for ratification. The legislative review period closes May 10, 2017. The revised regulation and legislative status can be viewed on the S.C. Legislature Online website at <http://www.scstatehouse.gov/regs/4704.docx>. For additional*

## ***Maternal and Child Health***

### **State Register Document 4671, Proposed Amendment of R.61-94, WIC Vendors**

#### **Synopsis:**

These amendments of R.61-94, WIC Vendors, will incorporate provisions included in the Child Nutrition and WIC Reauthorization Act of 2004 (P.L.108-265) and the final rule published by the U.S. Department of Agriculture (USDA) in 2014 that revised the WIC food packages. The final rule also contained WIC vendor provisions and amendments to ensure adequate and appropriate monitoring of the Program's food delivery system. Stylistic changes to the regulation are also included

Legislative review will be required.

#### **Status:**

*The Department initiated the statutory process to amend R.61-94 by publication of a Notice of Drafting in the S.C State Register on July 22, 2016; the drafting comment period closed August 22, 2016. On September 8, 2016 the DHEC Board approved staff's request to publicly notice the proposed revised regulation. A Notice of Proposed Regulation with notice of opportunity for public comment was published as Document 4671 in the State Register on September 23, 2016. After public hearing on November 10, 2016, the DHEC Board found for the need and reasonableness of the proposed revised regulation and approved it for submission to the General Assembly for review. Document 4671 was filed with the State Register Office, was processed, verified, and submitted January 10, 2017 to the General Assembly for review and referred to the House and Senate reviewing committees. Pursuant to the request of the Senate Medical Affairs Committee by letter dated, February 15, 2017, the Department simultaneously withdrew and resubmitted a revised regulation on February 15, 2017. On February 21, 2017, the Senate Medical Affairs Committee introduced Joint Resolution S0453 to approve the revised regulation. The bill passed the Senate, was introduced and read first time in the House March 1, 2017 and referred to the House Committee on Regulations and Administrative Procedures. The House Committee found favorable; S0453 completed three readings April 20, 2017 in the House and was enrolled for ratification. The legislative review period closes May 10, 2017. The revised regulation along with its legislative status can be viewed on the S.C. Legislature Online website at <http://www.scstatehouse.gov/regs/4671.docx>. For additional information, contact Berry Kelly, Director, Division of WIC Services, South Carolina Department of Health and Environmental Control, 2600 Bull Street, Columbia, SC 29201; by facsimile at (803) 898-0743; or by e-mail at [kellybb@dhec.sc.gov](mailto:kellybb@dhec.sc.gov).*

## **LISTING OF DHEC REGULATIONS AND EFFECTIVE DATES**

Current through April 28, 2017  
(FY 2017: July 22, 2016 through May 26, 2017)

Listed below by area of administration are regulations of the South Carolina Department of Health and Environmental Control (DHEC).

This listing of regulations below with effective dates is current through May 26, 2017, and supersedes any previous listing. However, regulations can be changed any time of year by of an amendment or repeal of an existing regulation, or by adding a new regulation, subject to the provisions of the Administrative Procedures Act (APA) at S.C. Code Ann. Section 1-23-10 et seq. The most current version of a regulation as published in the South Carolina State Register is the valid version and would supersede any previous version. Every effort has been made to maintain the accuracy of this listing; however, the Department reserves the right to correct a date if an error is discovered.

For information on changes in Department regulations after May 26, 2017, be sure to check the DHEC Regulations Development Update each month. The Update is published monthly on the fourth Friday, concurrently with the publication of the S.C. State Register, and provides information on updates to Department regulations each year.
