The Beaufort County School District does not endorse, sponsor or supervise the organization or activity represented in this material. The distribution or display of this material is provided as a community service. The sponsoring organization has agreed to hold the Beaufort County School District harmless and has indemnified the district from any legal action associated with the sponsoring organization.

The South Carolina Rabies Control Act requires that all dogs and cats have a current rabies vaccination. For the majority of vaccines, the minimum age to vaccinate these pets is 12 weeks of age. Upon vaccination, the pet should wear the serially numbered rabies tag, provided by the veterinarian, around its neck. The licensed veterinarian will also provide a certificate of vaccination.
