

SEPTIC SYSTEM

APPLICANT NAME: _____

SUBDIVISION: _____

ADDRESS/LOT #: _____

SEE REVERSE FOR INSTRUCTIONS

Please post this card in a clear, sealed plastic bag and post at the proposed location of the septic system.

- All property lines are to be clearly marked or cut, and visibly identifiable. Flagging tape is recommended.
- Mark the corners of the proposed home or commercial building with labeled wooden landscape stakes or 24" stake flags, available at your local home improvement store. The "footprint" should represent total dimensions and include walkways, flower beds, steps, porches, decks, etc.
- Mark the corners of other proposed buildings, pools, or structures that may influence placement and configuration of the wastewater system.
- Mark any existing and/or proposed wells.
- Mark proposed plumbing stubout.
- You may be required to clear underbrush, thick vegetation, or eliminate features that the inhibit site evaluation. This degree of clearing should expand at least 150 feet in all directions from the proposed building site.

A permit for construction of the onsite wastewater system must be issued by DHEC before beginning of any construction or the moving of a mobile home onto this property.

FAILURE TO FOLLOW THE ABOVE INSTRUCTIONS WILL CAUSE DELAY IN PROCESSING
