

WIC Services on Wheels

The WIC Services on Wheels (SoW) program eliminates transportation barriers for parents, guardians, and caretakers, making it easier for them to receive services. It is a mobile unit that provides full WIC services in convenient locations for families in a shorter time and without sitting in a waiting room.

Women, Infants and Children (WIC) services safeguard the health of low-income pregnant, postpartum, and breastfeeding women, infants, and children up to age 5 who are at nutritional risk by providing nutritious foods to supplement diets, information on healthy eating including breastfeeding promotion and support, and referrals to health care.

TO APPLY FOR WIC, APPLICANTS WILL NEED THE FOLLOWING INFORMATION:
