

TRANSMISSION-BASED PRECAUTIONS

KEEP DOOR CLOSED

In addition to standard precautions, everyone must:

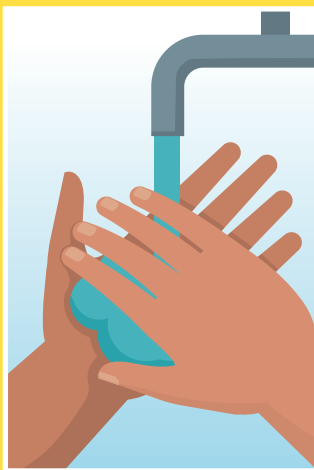

1

Clean hands before entering and leaving the room by:

Using an alcohol-based hand rub

or

Washing with soap and water

2

Wear Personal Protective Equipment:

Gloves

N95 respirator or facemask if not fitted

Isolation gown

Face shield or goggles

These precautions are required upon *ALL* room entries, regardless of anticipated patient contact.

QUESTIONS? See nurses' station.
