**Item 10: Hearing Procedures for Certified Nurse Aides** (Attachment 10-1)

Ms. Mary Jo Roue, Bureau Chief, Bureau of Certification, presented this item to the Board.

The South Carolina Department of Health and Environmental Control is the state survey agency for providers/suppliers participating in the federal Medicare and Medicaid programs. The Department’s Bureau of Certification performs a number of functions concerning the programs including, but not limited to, identifying potential participants, conducting investigations and fact-finding surveys, certifying and recertifying providers to participate and explaining requirements for participation.

Each state is required by federal law to maintain a registry of all nurse aides certified in the state. The nurse aide registry must provide for the inclusion of specific findings by the state survey agency of abuse, neglect, or misappropriation of resident property involving an individual listed in the registry. South Carolina Health and Human Services maintains South Carolina’s nurse aide registry. Nursing facilities participating in the programs are prohibited from employing
individuals who have had a finding of abuse, neglect or misappropriation of resident property in the state nurse aide registry.

As the state survey agency, SCDHEC is responsible for investigating allegations of neglect, abuse and misappropriation of resident property by nurse aides in nursing facilities participating in the programs.

The South Carolina Board of Health and Environmental Control adopted the current Hearing Procedures for Nurse Aides in 1992 and the procedures were last amended in 1995.

The Bureau of Certification proposed to update and revise the current Hearing Procedures for nurse aides contesting allegations of abuse, neglect, or misappropriation of property to provide more uniformity and consistency with the agency’s policy and application of S.C. Code Ann. § 44-1-60.

After discussion, Mr. Hewitt moved, seconded by Dr. Hutto, to grant approval to implement the updated and revised Hearing Procedure for Certified Nurse Aides effective March 12, 2015. The Board voted and Motion carried.
