South Carolina Board of Health and Environmental Control

August 10, 2017

Call to Order – 10:00 a.m., Board Room (#3420)
South Carolina Department of Health and Environmental Control, 2600 Bull Street, Columbia, S.C.

1. Minutes of the June 8 meeting and July 13 meeting

2. Administrative Orders, Consent Orders and Sanction Letters issued by Health Regulation

3. Administrative Orders and Consent Orders issued by Environmental Affairs

5. Request for Approval for Placement of Acryl Fentanyl into Schedule I of the S.C. Controlled Substances Act

Executive Session (if needed)

Adjournment

Note: The next scheduled meeting is September 7.
SUMMARY SHEET
SOUTH CAROLINA BOARD OF HEALTH AND ENVIRONMENTAL CONTROL

August 10, 2017

( ) ACTION/DECISION

( X ) INFORMATION

I. TITLE: Health Regulation Administrative and Consent Orders.

II. SUBJECT: Health Regulation Administrative Orders, Consent Orders, and Emergency Suspension Orders for the period of May 1, 2017, through June 30, 2017.

III. FACTS: For the period of May 1, 2017, through June 30, 2017, Health Regulation reports thirteen (13) Consent Orders, two (2) Emergency Suspension Orders, and one (1) License Suspension with a total of fifteen thousand fifty dollars ($15,050) in assessed monetary penalties.

1. Foot Institute St. Julian Place (Podiatric Facility) – Columbia, SC  
   Foot Institute West Columbia (Podiatric Facility) – West Columbia, SC  
   Foot Institute North Charleston (Podiatric Facility) – North Charleston, SC  
   Foot Institute Florence (Podiatric Facility) – Florence, SC  

Investigation: The Foot Institute applied to the Department for registration to provide x-ray services for four (4) separate facilities referenced above. During June and July 2015, the Department conducted initial inspections of the Foot Institute facilities and found multiple violations of Regulation 61-64, X-Rays (Title B). The Department did not receive a final notice of corrective action for the alleged violations from the Foot Institute within the required sixty (60) days. Subsequently, representatives of the Department and the Foot Institute met on December 14, 2016, for an enforcement conference after several failed attempts to receive notice of corrective action from the Foot Institute.

Violations: Based upon the above-referenced inspections, the Department finds the Foot Institute in violation of R.61-64 for the following: failing to implement a sufficient radiation program and failing to use ALARA principles by not establishing a personnel monitoring program; failing to monitor individuals’ occupational doses; failing to obtain employees’ previous occupational dose records; failing to post recent measurements; failing to perform equipment performance tests on its x-ray units; failing to provide operating procedures; failing to conduct facility specific operator training for physicians; failing to provide patient shielding; failing to maintain an x-ray log; failing to post adequate signage; and failing to post pregnancy signage.

Enforcement Action: The Foot Institute agreed to the imposition of a three thousand dollar ($3,000) civil penalty for each facility by four (4) separate Consent Orders. The Consent Orders required the Foot Institute to make payment of one thousand five hundred dollars ($1,500) of each assessed monetary penalty within thirty (30) days of execution of the Consent Orders. The remaining one thousand five hundred dollars ($1,500) of each assessed penalty will be stayed upon a twenty-four (24) month period of substantial compliance with R.61-64 and the terms of the Consent Orders. The Consent Orders further require the Foot Institute to submit copies of their personnel monitoring reports to the Department for the next twelve (12) months to ensure a sufficient radiation program is in place at each facility. Finally, the Consent Orders require the Foot Institute to submit a copy of their invoices for each facility documenting they are maintaining a 0.5 mm lead shield for the patient and 0.3 mm lead equivalent shield for the operator(s) to ensure that patients and operators are adequately shielded during x-ray procedures. The assessed monetary penalties for each facility have been received from the Foot Institute.

Prior Sanctions: None.

2. Steven J. Starr (Paramedic)

Investigation: On January 23, 2017, the Department received notification regarding an incident involving alleged inappropriate actions by Mr. Starr. The Department initiated an investigation and made the following findings. On January 20, 2017, Mr. Starr and his EMT partner were dispatched by Dorchester County Dispatch to an emergency call for a patient who sustained a fall. Mr. Starr’s EMT partner notified dispatch that they were in route to the patient. After informing dispatch that they were responding to the call, Mr. Starr drove the ambulance to a restaurant, exited the ambulance and picked up food he ordered. Mr. Starr then returned to the ambulance and departed to the fall patient. A supervisor for Dorchester County EMS arrived on scene prior to Mr. Starr, cared for the patient, and cancelled Mr. Starr’s ambulance prior to its arrival.

Violations: As a result of its investigation, the Department found Mr. Starr committed “misconduct,” as defined by S.C. Code Section 44-61-80(F)(14) and Section 1100(B)(14) of Regulation 61-7, by creating a substantial possibility that serious physical harm or death could result from his actions or inactions. The hour following a traumatic injury is paramount for emergency medical treatment to prevent death or serious physical disability. Therefore, Mr. Starr’s unreasonable delay in responding to the patient created a substantial possibility of death or serious physical harm.

Enforcement Action: Pursuant to the terms of the Consent Order executed May 31, 2017, Mr. Starr agreed to a one (1) year suspension of his Paramedic certificate. Mr. Starr’s suspension shall be held in abeyance for one (1) year following execution of the Consent Order. Mr. Starr agreed to successfully complete a National Association of Emergency Medical Technicians Principles of Ethics and Personal Leadership course within six (6) months of execution of the Consent Order and submit proof of completion to the Department. Should Mr. Starr fail to comply with the abovementioned requirements, the Department may call in all or a portion of the agreed upon suspension and/or take other enforcement action in accordance with the EMS Act and Regulation 61-7.

Prior Sanctions: None.

3. Brad Benjamin (EMT)

Investigation: On May 4, 2017, the Department was notified of Mr. Benjamin’s arrest in Horry County. Upon notification, the Department initiated an investigation into the matter. The Department discovered
that Mr. Benjamin was arrested on April 24, 2017, and charged with assault and battery of a high and aggravated nature.

**Violations:** The charges against Mr. Benjamin, specifically, assault and battery of a high and aggravated nature, is a felony involving moral turpitude and gross immorality. The Department found that Mr. Benjamin’s arrest demonstrated a capacity for inappropriate and criminal behavior towards individuals placed within his trust. The Department determines that a clear and present danger would exist to the public health, safety, and welfare if Mr. Benjamin’s EMT certificate was not immediately suspended pending further investigation.

**Enforcement Action:** Mr. Benjamin’s EMT certificate was immediately suspended on an emergency basis pursuant to the Emergency Suspension Order executed May 9, 2017. The Department will continue to monitor Mr. Benjamin’s criminal matters.

**Prior Sanctions:** None.

4. Springlake Medical Transport, LLC (Ambulance Services Provider)

**Investigation:** On April 25, 2016, the Department and Springlake Medical Transport, LLC (“Springlake”) met to discuss Springlake failing to timely submit electronic patient care reports (“ePCRs”). As a result of this meeting, Springlake provided the Department with a plan of action to correct this issue. Subsequently, the Department met with Springlake again on January 23, 2017, to discuss Springlake’s failure to submit ePCRs within seventy-two (72) hours of completion of the call. Specifically, from June 30, 2016, to December 31, 2016, Springlake failed to submit one hundred fifty-nine (159) ePCRs into the Prehospital Medical Information System (“PreMIS”) within seventy-two (72) hours of completion of the call.

**Violations:** As a result of its investigation, the Department found Springlake violated Section 1301.C of Regulation 61-7, by failing to submit one hundred fifty-nine (159) ePCRs into PreMIS within seventy-two (72) hours of completion of the various calls from June 30, 2016, to December 31, 2016.

**Enforcement Action:** Pursuant to the Consent Order executed May 5, 2017, Springlake agreed to a one thousand five hundred dollar ($1,500) assessed monetary penalty, which shall be due within one hundred eighty (180) days of execution of the Consent Order. Springlake further agreed to a six (6) month suspension if the Department finds Springlake in violation of the EMS Act, Regulation 61-7, or the terms of the Consent Order within six (6) months following execution of the Consent Order.

**Prior Sanctions:** None.

5. Stacy W. Widener (EMT)

**Investigation:** On May 2, 2016, the Department received a complaint regarding alleged actions of Mr. Widener on April 23, 2016, while employed with Palmetto Ambulance. Based upon the investigation, the Department found that on April 23, 2016, Mr. Widener and his partner responded to a nursing home for a call regarding a patient suffering from decreased blood sugar. Upon arrival, after speaking with staff, Mr. Widener entered the patient’s room and observed the nursing home staff administering a nebulized breathing treatment to the patient. Mr. Widener then left the patient’s room without talking to the patient or the patient’s responsible party and without knowing the certification or licensure level of the nursing home staff providing care to the patient. Mr. Widener then advised the nursing home staff that they needed to call 911 to get an advanced life support ambulance to continue treatment and transport the patient to the emergency room. Mr. Widener and his partner then departed the nursing home.
Violations: As a result of its investigation, the Department found Mr. Widener committed "misconduct," as defined by S.C. Code Section 44-61-80(F)(8) and Section 1100(B)(8) of Regulation 61-7, by initiating care of a patient then discontinuing care and abandoning a patient without the consent of the patient or the patient's responsible party and without providing for further administration of care by an equal or higher medical authority. Specifically, Mr. Widener responded to the call, consulted with nursing home staff, observed the patient, then discontinued care and abandoned the patient without consent and without arranging for the further administration of care by an EMT or higher medical authority.

Enforcement Action: Pursuant to the Consent Order executed May 4, 2017, Mr. Widener agreed to a six (6) month suspension of his EMT certificate. The suspension will be held in abeyance for six (6) months. Should Mr. Widener fail to comply with the EMS Act, Regulation 61-7, or the terms of the Consent Order, the Department may call in all or a portion of the agreed upon suspension. Additionally, Mr. Widener agreed to take a twenty-four (24) hour EMT refresher course within six (6) months following execution of the Consent Order and provide proof of successful completion to the Department.

Prior Sanctions: None.

6. William D. Rochester (EMT)

Investigation: On September 7, 2016, the Department received notification that Mr. Rochester performed skills that were above the level for which he was certified. Mr. Rochester is employed by Greenville Health System d/b/a Oconee Memorial Hospital EMS ("Oconee"). At the time of the incident, Mr. Rochester was enrolled in a paramedic course. On August 27, 2016, Mr. Rochester was assigned by Oconee to work a medical standby at a scheduled special event with a registered nurse ("RN"). Near the end of the event, Oconee dispatch called for response for a patient suffering an allergic reaction. After realizing that the advanced life support ("ALS") unit that was dispatched to the call was coming from a lengthy distance and that his basic life support ("BLS") was closer to the call, Mr. Rochester contacted dispatch and advised that his unit would respond first to the scene. Upon arrival, Mr. Rochester determined the patient was suffering from a potential life threatening allergic reaction. Mr. Rochester administered epinephrine via an intramuscular ("IM") injection. A certified EMT may only administer epinephrine by use of an auto-injector. The RN then initiated an intravenous ("IV") line on the patient and Mr. Rochester utilized the IV line to administer Benadryl to the patient. A certified EMT cannot administer Benadryl. Thereafter, during the transfer, Mr. Rochester gave the transporting paramedic a verbal patient report on the care the patient received prior to arrival of the transporting ambulance. Information obtained during this verbal report was included in the transporting paramedic's electronic patient care report ("ePCR"); however, Mr. Rochester failed to complete and submit the ePCR for his treatment of the patient prior to turning patient care over to the transporting ALS ambulance.

Violations: As a result of its investigation, the Department found Ms. Rochester committed "misconduct," as defined by S.C. Code Section 44-61-80(F)(12) and Section 1100(B)(12) of Regulation 61-7, by performing skills above the level for which he was certified. Specifically, Mr. Rochester administered epinephrine via an IM injection and administered Benadryl via an IV injection. Mr. Rochester further committed "misconduct," as defined by S.C. Code Section 44-61-80(F)(17) and Section 1100(B)(17) of Regulation 61-7, by violating Section 1301(B) which requires the primary care attendant to document all patient contact, care, and transport within the ePCR and to complete such documentation within twenty-four (24) hours of the conclusion of the call. Specifically, Mr. Rochester failed to complete the required ePCR for a call in which he was the primary care attendant.

Enforcement Action: Pursuant to the terms of the Consent Order executed May 3, 2017, Mr. Rochester agreed to a one (1) year suspension of his EMT certificate. Mr. Rochester's suspension shall be held in abeyance for one (1) year following execution of the Consent Order. Mr. Rochester agreed to successfully complete a National Association of Emergency Medical Technicians Principles of Ethics and Personal
Leadership course within six (6) months of execution of the Consent Order and submit proof of completion to the Department. Should Mr. Rochester fail to comply with the abovementioned requirements, the Department may call in all or a portion of the agreed upon suspension and/or take other enforcement action in accordance with the EMS Act and Regulation 61-7.

Prior Sanctions: None.

7. Zackery R. Stout (Paramedic)

Investigation: On January 20, 2017, the Department was notified of Mr. Stout’s arrest in Horry County. Upon notification, the Department initiated an investigation into the matter. The Department discovered that Mr. Stout was arrested on August 26, 2016, and charged with domestic violence in the second degree, and harassment in the first degree. Mr. Stout was also arrested on January 12, 2017, and charged with assault and battery in the second degree. Mr. Stout was arrested again on February 9, 2017, and charged with simple possession of marijuana. Mr. Stout subsequently pled guilty to the marijuana offense on February 23, 2017.

Violations: The charges against Mr. Stout, specifically, second degree domestic violence, first degree harassment, second degree assault and battery, and simple possession of marijuana, are criminal offenses involving moral turpitude, gross immorality, and drugs. The Department found that Mr. Stout’s arrests demonstrated a capacity for inappropriate and criminal behavior towards individuals placed within his trust.

Enforcement Action: Mr. Stout’s Paramedic certificate was immediately suspended on an emergency basis pursuant to the Emergency Suspension Order executed April 19, 2017.

Prior Sanctions: None.

8. Pro Ambulance Service (Ambulance Services Provider)

Investigation: On November 24, 2016, a Department inspector witnessed a Pro Ambulance Service ("Pro Ambulance") unit pulling into the parking lot of a medical facility. The ambulance appeared to only have one (1) person on board. Upon investigation, the Department determined the ambulance was being operated by an uncertified driver with no certified EMT on board. Moreover, the ambulance had no visible indication that it was "out of service."

Violations: As a result of its investigation, the Department found Pro Ambulance violated Section 406.A of Regulation 61-7 by failing to meet minimum ambulance staffing requirements. Specifically, the ambulance was being operated by an uncertified individual and no certified EMTs were aboard the on-duty ambulance.

Enforcement Action: Pursuant to the terms of the Consent Order executed June 23, 2017, Pro Ambulance agreed to a three hundred dollar ($300) assessed monetary penalty, due within thirty (30) days of execution of the Consent Order.

Prior Sanctions: None.

9. Mark W. Povelaitis (EMT)

Investigation: On January 16, 2017, the Department received notification that Mr. Povelaitis allegedly performed skills that were above the level for which he was certified. Specifically, on January 15, 2017, while working for Mobile Care Ambulance Service ("Mobile Care"), Mr. Povelaitis and his EMT partner...
were dispatched to transport a patient, how recently gave birth, from one hospital to another hospital that provides a higher level of care. At the time, the patient was being administered magnesium sulfate through an intravenous (“IV”) line. EMTs are not certified to transport a patient that is receiving medication through an IV line with the exception of normal saline. Mr. Povelaitis and his EMT partner transported the patient to the receiving hospital. Furthermore, according to Mobile Care’s protocols, which are signed and approved by its medical control physician, any patient receiving medication other than normal saline through an IV line must be placed on a cardiac monitor. Mr. Povelaitis and his EMT partner transported the patient without placing her on a cardiac monitor.

Violations: As a result of its investigation, the Department found Mr. Povelaitis committed “misconduct,” as defined by S.C. Code Section 44-61-80(F)(12) and Section 1100(B)(12) of Regulation 61-7, by performing skills above the level for which he was certified. Mr. Povelaitis further committed “misconduct,” as defined by S.C. Code Section 44-61-80(F)(6) and Section 1100(B)(6) of Regulation 61-7, by disregarding an appropriate order by a physician concerning emergency treatment and transportation.

Enforcement Action: Pursuant to the terms of the Consent Order executed June 2, 2017, Mr. Povelaitis agreed to a one (1) year suspension of his EMT certificate. Mr. Povelaitis’s suspension shall be held in abeyance for one (1) year following execution of the Consent Order. Mr. Povelaitis agreed to successfully complete a National Association of Emergency Medical Technicians Principles of Ethics and Personal Leadership course within one (1) year of execution of the Consent Order and submit proof of completion to the Department. Should Mr. Povelaitis fail to comply with the abovementioned requirements, the Department may call in all or a portion of the agreed upon suspension and/or take other enforcement action in accordance with the EMS Act and Regulation 61-7.

Prior Sanctions: None.

10. Guy S. Harris (EMT)

Investigation: Mr. Harris was the EMT partner of Mr. Povelaitis on January 15, 2017. Therefore, the facts of this investigation are the same as those outlined above for Mr. Povelaitis.

Violations: As a result of its investigation, the Department found Mr. Harris committed “misconduct,” as defined by S.C. Code Section 44-61-80(F)(12) and Section 1100(B)(12) of Regulation 61-7, by performing skills above the level for which he was certified. Mr. Harris further committed “misconduct,” as defined by S.C. Code Section 44-61-80(F)(6) and Section 1100(B)(6) of Regulation 61-7, by disregarding an appropriate order by a physician concerning emergency treatment and transportation.

Enforcement Action: Pursuant to the terms of the Consent Order executed June 1, 2017, Mr. Harris agreed to a one (1) year suspension of his EMT certificate. Mr. Harris’s suspension shall be held in abeyance for one (1) year following execution of the Consent Order. Mr. Harris agreed to successfully complete a National Association of Emergency Medical Technicians Principles of Ethics and Personal Leadership course within one (1) year of execution of the Consent Order and submit proof of completion to the Department. Should Mr. Harris fail to comply with the abovementioned requirements, the Department may call in all or a portion of the agreed upon suspension and/or take other enforcement action in accordance with the EMS Act and Regulation 61-7.

Prior Sanctions: None.

11. Outsite Transport LLC (Ambulance Services Provider)
Investigation: On January 9, 2017, Ontime Transport LLC (“Ontime”) notified the Department that one of its employees had worked as an EMT with an expired EMT certificate. As a result of its investigation, the Department determined the employee performed patient care within the scope of an EMT on eleven (11) ambulance runs while working for Ontime from December 16, 2016, to January 9, 2017, a time period in which he was uncertified as a South Carolina EMT. Further, on March 2, 2017, Ontime notified the Department that it had an employee who failed to enter electronic patient care reports (“ePCRs”) on thirty-eight (38) ambulance runs. As a result of its investigation, the Department determined that Ontime failed to create and submit ePCRs into PreMIS for thirty-eight (38) patient contacts from December 1, 2016, to February 21, 2017.

Violations: As a result of its investigation, the Department found Ontime violated S.C. Code Section 44-61-90 and Section 1301.A of Regulation 61-7, by failing to maintain ePCRs and by failing to create and submit ePCRs into PreMIS for thirty-eight (38) patient contacts from December 1, 2016, to February 21, 2017. Additionally, Ontime violated S.C Code Section 44-61-70(B)(1) by allowing an uncertified person to perform patient care within the scope of an EMT.

Enforcement Action: Pursuant to the Consent Order executed June 26, 2017, Ontime agreed to a seven hundred fifty dollar ($750) assessed monetary penalty, which shall be due within one hundred twenty (120) days of execution of the Consent Order.

Prior Sanctions: None.

12. Fredrick M. Hilton, Jr. (EMT)

Investigation: Mr. Hilton was the uncertified EMT employed by Ontime. Therefore, the facts of this investigation are the same as those outlined above for Ontime.

Violations: As a result of its investigation, the Department found Mr. Hilton committed “misconduct,” as defined by S.C. Code Section 44-61-80(F)(17) and Section 1100(B)(17) of Regulation 61-7, by violating Section 1301.B of R.61-7, which requires the primary care attendant to document all patient contact, care, and transport decisions within the ePCR and to complete such documentation within twenty-four (24) hours of conclusion of the call. Specifically, from December 1, 2016, to February 21, 2017, Mr. Hilton failed to document and complete ePCRs for thirty-eight (38) calls that he was the primary care attendant.

Enforcement Action: Pursuant to the Consent Order executed June 24, 2017, Mr. Hilton agreed to a five hundred dollar ($500) assessed monetary penalty. The assessed monetary penalty will be held in abeyance for twelve (12) months. Should Mr. Hilton fail to comply with the EMS Act, Regulation 61-7, or the terms of the Consent Order, the Department may call in all or a portion of the agreed upon monetary penalty.

Prior Sanctions: None.

13. American Pride Medical Transport, LLC (Ambulance Services Provider)

Summary: On December 20, 2016, American Pride Medical Transport, LLC (“American Pride”) and the Department executed a Consent Order resulting from several regulatory violations involving American Pride’s ambulances. Pursuant to the Consent Order, American Pride agreed to the assessment of a five thousand dollar ($5000) monetary penalty due to the Department within one hundred eighty (180) days of execution of the Consent Order. Additionally, pursuant to the Consent Order, American Pride agreed to a six (6) month suspension if it violated the Consent Order during the year following execution. On June 20, 2017, one hundred eighty-two (182) days after execution of the Consent Order, American Pride notified the Department that it would not be able to pay the agreed upon monetary penalty.
**Violations:** American Pride violated the Consent Order by failing to make payment of the agreed upon five thousand dollar ($5000) monetary penalty.

**Enforcement Action:** American Pride’s EMS provider license was suspended for six (6) months upon delivery of a certified letter on June 28, 2017. American Pride may not perform the functions associated with its provider license until it has complied with the statutory requirements and other conditions imposed by the Department.

**Prior Sanctions:** In addition to the sanctions associated with the December 2016 Consent Order, on March 1, 2016, American Pride was assessed a six hundred dollar ($600) monetary penalty via Consent Order for several regulatory violations involving American Pride’s ambulances.
1. **TITLE:** Administrative and Consent Orders issued by Environmental Affairs.

2. **SUBJECT:** Administrative and Consent Orders issued by Environmental Quality Control (EQC) and Ocean and Coastal Resource Management (OCRM) during the period May 1, 2017 – June 30, 2017.

3. **FACTS:** For the period of May 1, 2017, through June 30, 2017, Environmental Affairs issued one hundred forty (140) Consent Orders with total assessed civil penalties in the amount of $405,018.00. Also, two (2) Administrative Orders were issued during the reporting period with total assessed civil penalties in the amount of $2,650.00. Also, twelve (12) Consent Agreements were issued during the reporting period.

**Summary:** B&E Electroform Co. of S.C., Inc. (Individual/Entity) operates a facility in Simpsonville, South Carolina. On April 25, 2016, the Department conducted an inspection of the facility. The Individual/Entity has violated the Hazardous Waste Management Regulations as follows: failed to mark containers for transport with the generator EPA identification number; failed to ensure that a container holding hazardous waste was closed during storage except when necessary to add or remove waste; failed to inspect areas where hazardous wastes are stored at least weekly; failed to ensure that all employees are thoroughly familiar with proper waste handling and emergency procedures, relevant to their responsibilities during normal facility operations and emergencies; failed to prepare a manifest according to the instructions included in the Appendix of this part; failed to post the following information next to the telephone: name and telephone number of the emergency coordinator, the location of fire extinguishers and spill control materials, and the telephone number to the fire department; failed to retain onsite all notices, certifications, waste analysis data, and other documents produced pursuant to this part for at least three years from the date that the waste that is the subject of such documentation was last sent to onsite or offsite treatment, storage or disposal; and, failed to provide to the Department a revised or new Notification Form for a new hazardous waste produced within 30 days after such a waste is produced.

**Action:** The Individual/Entity is required to: ensure that hazardous waste containers are managed according to the regulations; ensure that manifests are managed in accordance with the regulations; ensure that employee training is managed in accordance with the regulations; ensure that the land disposal records are managed in accordance with the
regulations; ensure that hazardous waste notifications are managed in accordance with the regulations; and, pay a civil penalty in the amount of four thousand, five hundred dollars ($4,500.00), in accordance with a promissory note.

12) **Order Type and Number:** Consent Order 17-09-HW  
**Order Date:** May 12, 2017  
**Respondent:** **Phibro-Tech, Inc.**  
**Facility:** Phibro-Tech, Inc.  
**Location:** 2395 Cains Mill Road  
Sumter, SC 29154-8952  
**Mailing Address:** 300 Frank W. Burr Boulevard, Suite 21

27) **Order Type and Number:** Consent Order 17-21-IW  
**Order Date:** May 25, 2017  
**Individual/Entity:** Vitrologic, Inc. d.b.a. Specialty Sera  
**Facility:** Vitrologic, Inc. d.b.a. Specialty Sera  
**Location:** 1704 Old Towne Road
Summary: Vitrologic, Inc. d.b.a. Specialty Sera (Individual/Entity) is a laboratory specializing in the collection of human biologicals for research and development at its facility located in Charleston, South Carolina. On December 15, 2016, the Department conducted an inspection. The Individual/Entity has violated the Infectious Waste Management Regulations as follows: stored infectious waste for more than fourteen days without refrigeration; failed to label containers of infectious waste offered for transport offsite with the date the container was placed in storage or sent offsite; failed to label containers of infectious waste offered for transport offsite with the Department issued number of the in-state generator; failed to place, store, and maintain before and during transport all other types of infectious in a rigid or semi-rigid, leak resistant container that is impervious to moisture; failed to store waste in a manner to prevent a release or discharge of the contents; failed to register with the Department in writing on a Department approved form; and, failed to notify the Department in writing of a physical location change for the site in which waste is generated within thirty (30) days of such change.

Action: The Individual/Entity is required to: ensure compliance with the South Carolina Infectious Waste Management Act and Regulations; and, pay a civil penalty in the amount of six thousand dollars ($6,000.00).
County: Florence
Previous Orders: None
Permit/ID Number: N/A

Summary: Florence Dirt Works, LLC (Individual/Entity) operated a mine located in Effingham, South Carolina, without first obtaining a permit from the Department. The Individual/Entity has violated the South Carolina Mining Act as follows: failed to obtain a permit from the Department before beginning mining operations.

Action: The Individual/Entity is required to: cease and desist all mining activities at the Site until appropriate permits are obtained from the Department, or reclamation of the Site is completed; and, pay a civil penalty in the amount of one thousand dollars ($1,000.00).

BUREAU OF WATER
Recreational Water Enforcement

29) Order Type and Number: Consent Order 17-067-RW
Order Date: May 22, 2017
Individual/Entity: Captain’s Quarters Motor Inn, Inc.
Facility: Captain’s Quarters Resort
Location: 901 South Ocean Boulevard
Myrtle Beach, SC 29577
Mailing Address: 1144 Shine Avenue
Myrtle Beach, SC 29577
County: Horry
Previous Orders: None
Permit/ID Number: 26-1030B

Summary: Captain’s Quarters Motor Inn, Inc. (Individual/Entity) owns and is responsible for the proper operation and maintenance of a pool. On April 19, 2017, the pool was inspected and a violation was issued for failure to properly operate and maintain. The Individual/Entity has violated the Public Swimming Pools Regulation as follows: the gate did not self-close and latch; the chlorine level was not within the acceptable range of water quality standards; the life ring was deteriorated; there was no shepherd’s crook; there was no pool rules sign; and the current pool operator of record information was not posted to the public.

Action: The Individual/Entity is required to: submit a corrective action plan and schedule of implementation to address the deficiencies; and pay a civil penalty in the amount of three hundred forty dollars ($340.00).

30) Order Type and Number: Consent Order 17-068-RW
Order Date: June 5, 2017
Individual/Entity: Fitness USA, Inc.
Facility: Total Family Fitness
Location: 9801 North Highway 81
         Piedmont, SC 29673
Mailing Address: Same
County: Anderson
Previous Orders: None
Permit/ID Number: 04-106-1

Summary: Fitness USA, Inc. (Individual/Entity) owns and is responsible for the proper operation and maintenance of a pool. On June 23, 2016, and July 26, 2016, the pool was inspected and a violation was issued for failure to properly operate and maintain. The Individual/Entity has violated the Public Swimming Pools Regulation as follows: a ladder was not tight and secure; a ladder was missing a bumper; the pH level was not within the acceptable range of water quality standards; the cyanuric acid level was above the water quality standards acceptable limit; the life ring rope was too short; the pool rules sign was not legible and was not completely filled out; only one “Shallow Water – No Diving Allowed” sign was posted; and the current pool operator of record information was not posted to the public.

Action: The Individual/Entity is required to: submit a corrective action plan and schedule of implementation to address the deficiencies; and pay a suspended penalty in the amount of six hundred eighty dollars ($680.00) should any requirement of the Order not be met.

31) Order Type and Number: Consent Order 17-069-RW
Order Date: June 6, 2017
Individual/Entity: Om Shera of MB, LLC
Facility: Sun-N-Sand Resort
Location: 2701 South Ocean Boulevard
         Myrtle Beach, SC 29577
Mailing Address: Same
County: Horry
Previous Orders: 14-067-DW ($800.00)
                 15-024-RW ($1,020.00)
Permit/ID Number: 26-C76-1, 26-C77-1, & 26-E12-1

Summary: Om Shera of MB, LLC (Individual/Entity) owns and is responsible for the proper operation and maintenance of an outdoor pool, an indoor pool, and a spa. On June 7, 2016, July 1, 2016, and August 16, 2016, the pools and spa were inspected and a violation was issued for failure to properly operate and maintain. The Individual/Entity has violated the Public Swimming Pools Regulation as follows: the pool furniture was not at least four feet from the edge of the pool; there was algae and standing water on the pool deck; the chlorine and pH levels were not within the acceptable range of water quality standards; the main drain grates were not visible due to cloudy water; the main drain grates were not in place; the life
ring did not have a permanently attached rope; the pool rules sign was not completely filled out and was not legible; and the bound and numbered log book was not available for review.

Action: The Individual/Entity is required to: submit a corrective action plan and schedule of implementation to address the deficiencies; and pay a suspended penalty in the amount of twelve thousand, two hundred forty dollars ($12,240.00) should any requirement of the Order not be met.

| Previous Orders: None |
| Permit/ID Number: 1030801 |
Summary: Marvin's Meats, Inc. (Individual/Entity) owns and is responsible for the proper operation and maintenance of a public water system (PWS). On March 15, 2017, the PWS was inspected and rated unsatisfactory for failure to properly operate and maintain. The Individual/Entity has violated the State Primary Drinking Water Regulations as follows: the concrete pad was not visible due to dirt and vegetation; the casing was not the minimum required height of twelve inches above the concrete pad, and was severely rusted; the screened air vent was not an approved screened air vent; there was no emergency contact sheet; and there was tall grass and vegetation around the wellhead piping.

Action: The Individual/Entity is required to: correct the deficiencies; and pay a stipulated penalty in the amount of four thousand dollars ($4,000.00) should any requirement of the Order not be met.

43) Order Type and Number: Consent Order 17-011-DW
Order Date: June 8, 2017
Individual/Entity: Dewees Utility Corporation
Facility: Dewees Island
Location: 273 Old House Lane
Dewees Island, SC 29451
Mailing Address: Same
County: Charleston
Previous Orders: None
Permit/ID Number: 1050011

Summary: Dewees Utility Corporation (Individual/Entity) owns and is responsible for the proper operation and maintenance of a public water system (PWS). On April 25, 2017, a violation was issued as a result of a review of monitoring records. The Individual/Entity has violated the State Primary Drinking Water Regulations as follows: exceeded the maximum contaminant level (MCL) for total trihalomethanes.

Action: The Individual/Entity is required to: submit a corrective action plan to include proposed steps to address the MCL violation; and, pay a stipulated penalty in the amount of four thousand dollars ($4,000.00) should any requirement of the Order not be met.

44) Order Type and Number: Consent Order 17-012-DW
Order Date: June 23, 2017
Individual/Entity: Bobby Boykin, Individually and d.b.a. Night Life
Facility: Night Life
Location: 429 Boykin Road
Summary: Bobby Boykin, Individually and d.b.a. Night Life (Individual/Entity) owns and is responsible for the proper operation and maintenance of a public water system (PWS). On February 21, 2017, the PWS was inspected and rated unsatisfactory for failure to properly operate and maintain. The Individual/Entity has violated the State Primary Drinking Water Regulations as follows: the concrete well pad was cracked; the well house was unlocked; there was no emergency plan; there were insects in the well house; there was a fire ant colony against the outside wall of the well house; and there were various items stored in the well house.

Action: The Individual/Entity is required to: correct the deficiencies; schedule an inspection with Department staff to verify the completed work; and pay a stipulated penalty in the amount of four thousand dollars ($4,000.00), should any requirement of the Order not be met.

Water Pollution Enforcement

45) Order Type and Number: Consent Order 17-023-W
Order Date: May 5, 2017
Individual/Entity: Sonoco Products Company
Facility: Hartsville Complex WWTF
Location: 1 North Second Street
Hartsville, SC 29550
Mailing Address: Same
County: Darlington
Previous Orders: None
Permit/ID Number: SC0003042

Summary: The Sonoco Products Company (Individual/Entity) owns and is responsible for the proper operation and maintenance of the Hartsville Complex Wastewater Treatment Facility located in Darlington County, South Carolina. On March 7, 2017, a Notice of Violation was issued as a result of discharge monitoring reports submitted to the Department. The Individual/Entity has violated the Pollution Control Act and the Water Pollution Control Permits Regulation as follows: failed to comply with the effluent limits of its National Pollutant Discharge Elimination System Permit for total suspended solids (TSS) and biochemical oxygen demand (BOD).
Action: The Individual/Entity is required to: submit a corrective action plan to achieve full compliance with permitted effluent limitations; and, pay a civil penalty in the amount of four thousand dollars ($4,000.00).

46) Order Type and Number: Consent Order 17-025-W
Order Date: May 5, 2017
Individual/Entity: Town of Latta
Facility: Town of Latta WWTF
Location: 501 East Academy Street
Latta, SC 29565
Mailing Address: Same
County: Dillon
Previous Orders: 14-033-W ($5,700.00)
Permit/ID Number: SC0025402

Summary: The Town of Latta (Individual/Entity) owns and is responsible for the proper operation and maintenance of a wastewater treatment facility and the associated wastewater collection system (WWCS) located in Dillon County, South Carolina. On February 22, 2017, the Department issued a Notice of Alleged Violation as a result of the sewer overflows associated with the WWCS. The Individual/Entity has violated the Pollution Control Act and Water Pollution Control Permits Regulation as follows: discharged untreated wastewater, as result of sanitary sewer overflows from the WWCS into the environment, including waters of the State, in a manner other than in compliance with a permit issued by the Department; and, failed to report sewer system overflows.

Action: The Individual/Entity is required to: submit a corrective action plan to address the deficiencies; and, pay a civil penalty in the amount of ten thousand, two hundred dollars ($10,200.00) in four (4) quarterly payments.

47) Order Type and Number: Consent Order 17-028-W
Order Date: May 12, 2017
Individual/Entity: Alice Manufacturing, Inc.
Facility: Ellison WWTP
Location: 1859 Dacusville Highway
Easley, SC 29640
Mailing Address: P.O. Box 369
Easley, SC 29641
County: Pickens
Previous Orders: None
Permit/ID Number: SC0001171
Violations Cited: Water Pollution Control Permits, Regs. 61-9.122.41 (a) and (d) (Supp. 2016) and Pollution Control Act, S.C. Code Ann. § 48-1-110(d) (Supp. 2016)
Summary: Alice Manufacturing, Inc. (Individual/Entity) owns and is responsible for the proper operation and maintenance of the Ellison Wastewater Treatment Plant located in Pickens County, South Carolina. On November 21, 2016, a Notice of Violation was issued as a result of discharge monitoring reports submitted to the Department. The Individual/Entity has violated the Pollution Control Act and the Water Pollution Control Permits Regulation as follows: failed to comply with the effluent discharge limits of the National Pollutant Discharge Elimination System Permit for total copper.

Action: The Individual/Entity is required to: submit a corrective action plan to address the deficiencies; and, pay a civil penalty in the amount of four thousand, four hundred and eighty dollars ($4,480.00).

48) Order Type and Number: Consent Order 17-026-W  
Order Date: May 16, 2017  
Individual/Entity: Able Contracting, Inc.  
Facility: Recovered Materials Processing Facility  
Location: 472 Schinger Avenue  
Ridgeland, SC 29936  
Mailing Address: Same  
County: Jasper  
Previous Orders: None  
Permit/ID Number: N/A  

Summary: Able Contracting, Inc. (Individual/Entity) owns and is responsible for the proper operation and maintenance of its Recovered Materials Processing Facility (Site) located in Jasper County, South Carolina. On March 21, 2016, a Notice of Unsatisfactory Inspection was issued as a result of the Department observing deficiencies during inspection of the site. The Individual/Entity has violated the Pollution Control Act and Water Pollution Control Permits Regulation as follows: failed to obtain coverage under the South Carolina National Pollutant Discharge Elimination System (NPDES) General Permit for Storm Water Discharges Associated with Industrial Activity (General Permit) for storm water discharges from its facility.

Action: The Individual/Entity is required to: submit an administratively complete application for the purpose of obtaining coverage under the NPDES General Permit for storm water discharges from the facility, and, pay a stipulated penalty in the amount of four thousand dollars ($4,000.00) should any requirement of the Order not be met.

49) Order Type and Number: Consent Order 17-029-W  
Order Date: May 17, 2017  
Individual/Entity: McCall Farms, Inc.  
Facility: McCall Farms WWTP  
Location: 6615 South Irby Street  
Effingham, SC 29541  
Mailing Address: Same  
County: Florence
Summary: McCall Farms, Inc. (Individual/Entity) owns and is responsible for the proper operation and maintenance of a wastewater treatment plant located in Florence County, South Carolina. On September 14, 2016, November 18, 2016, February 15, 2017, and April 13, 2017, Notices of Violation were issued as a result of discharge monitoring reports submitted to the Department. The Individual/Entity has violated the Pollution Control Act and the Water Pollution Control Permits Regulation as follows: failed to comply with the effluent discharge limits of its National Pollutant Discharge Elimination System Permit for whole effluent chronic toxicity (CTOX), biochemical oxygen demand, ultimate oxygen demand, total suspended solids, and pH.

Action: The Individual/Entity is required to: submit a corrective action plan (CAP) to address the deficiencies; monitor CTOX for a period of one (1) year following implementation of CAP to confirm compliance or establish need to initiate a Toxicity Identification Evaluation/Toxicity Reduction Evaluation; submit quarterly reports to the Department summarizing activities to achieve compliance; and, pay a civil penalty in the amount of seventeen thousand, six hundred and forty dollars ($17,640.00).
Action: The Individual/Entity is required to: submit a corrective action plan to address the deficiencies; and, pay a civil penalty in the amount of six thousand, four hundred dollars ($6,400.00).

Dams Enforcement

51) **Order Type and Number:** Consent Agreement 17-022-W  
**Order Date:** May 1, 2017  
**Individual/Entity:** Fredericksburg Lake Inc.  
**Facility:** Fredericksburg Lake Dam  
**Location:** Northwest of Hwy 601 and I-20 Kershaw, SC  
**Mailing Address:** P.O. Box 1681 Lugoff, SC 29078  
**County:** Kershaw  
**Previous Orders:** Emergency Order; October 15, 2015  
**Permit/ID Number:** D 2539  

**Summary:** Fredericksburg Lake Inc. (Individual/Entity) owns and is responsible for the proper operation and maintenance of the Fredericksburg Lake Dam in Kershaw, South Carolina. On October 15 2015, the Department issued an Emergency Order to the Individual/Entity as a result of unsafe conditions at the dam. On February 1, 2017, the Department issued a permit to the Individual/Entity for the repair of the dam. The Agreement is entered into by the Department and the Individual/Entity with respect to remedial actions addressing deficiencies in the condition of the dam.

**Action:** The Individual/Entity is required to: comply with all schedules and deadlines identified in its permit for repair of the dam; and, submit to the Department quarterly summary reports detailing the repair status of the dam until a Certificate of Completion is issued by the Department.

52) **Order Type and Number:** Consent Agreement 17-027-W  
**Order Date:** May 12, 2017  
**Individual/Entity:** Old Mill LLC  
**Facility:** Lexington Mill Pond Dam  
**Location:** One-tenth mile east of US-1 Lexington, SC  
**Mailing Address:** 1030 Jenkins Road Charleston, SC 29407  
**County:** Lexington  
**Previous Orders:** Emergency Order; October 15, 2015  
**Permit/ID Number:** D 0958

Summary: Old Mill LLC (Individual/Entity) owns and is responsible for the proper operation and maintenance of the Lexington Mill Pond Dam in Lexington, South Carolina. On October 15 2015, the Department issued an Emergency Order to the Individual/Entity as a result of unsafe conditions at the dam. The Agreement is entered into by the Department and the Individual/Entity with respect to remedial actions addressing deficiencies in the condition of the dam.

Action: The Individual/Entity is required to: maintain the Dam in a condition that does not impound water until the Dam is repaired or removed from the property; notify the Department upon any change in status, ownership, or condition of the Dam; apply for a permit prior to performing any changes to the Dam; and, obtain a permit under the “Construction Permit Application Requirements” in section 72-3.D.2, if plans are made to repair the Dam after a period of two (2) years from the execution date of the Order.

Action: The Individual/Entity is required to: maintain a lowered water level in the reservoir until a Certificate of Operation is issued by the Department; submit a permit application prepared by a qualified Professional Engineer for the repair or removal of the Dam; submit documentation that all necessary local, state, and federal permit applications have been submitted; and, complete all construction activities in accordance with approved plans for the repair or removal of the Dam.

BUREAU OF AIR QUALITY

64) Order Type and Number: Consent Order 17-013-A
Order Date: May 5, 2017
Facility: New South Lumber Company, Inc.
Location: 1281 Sanders Creek Road
Cassatt, SC 29201
Mailing Address: P.O. Box 1016
Camden, SC 29021
County: Camden
Previous Orders: None
Permit/ID Number: 1380-0025
Violations Cited: U.S. EPA 40 CFR 63.7500(a)(1), and 5

Summary: New South Lumber Company, Inc. (Individual/Entity) operates a lumber mill that processes raw southern pine logs into planed pine lumber, treated pine lumber, and wood chips/pine shavings. The Department issued Part 70 (Title V) Permit 1380-0025 to the Individual/Entity effective October 1, 2010. On October 5, 2016, the Individual/Entity
conducted a Department-approved source test on its 98.3 MMBtu/hr wood waste boiler to demonstrate compliance with particulate matter (PM) emissions limits. The Individual/Entity violated U.S. EPA regulations at 40 CFR 63 and South Carolina Air Pollution Control Regulations as follows: failed to limit PM emissions from its boiler to 0.44 lb/MMBtu during a Department-approved source test on October 5, 2016.

**Action:** The Individual/Entity is required to: comply with applicable PM limits for its boiler in accordance with the Title V Permit and Subpart DDDD; and, pay a civil penalty in the amount of twenty-one thousand, seven hundred dollars ($21,700.00).

**Order Type and Number:** Consent Order 17-012-A
**Order Date:** May 12, 2017
**Individual/Entity:** Banks Construction Company
**Facility:** Banks Construction Company
**Location:** 101 Mellichamp Road
Summerville, SC 29483
**Mailing Address:** P.O. Box 71505
North Charleston, SC 29415
**County:** Dorchester
**Previous Orders:** None
**Permit/ID Number:** 9900-0461

**Summary:** Banks Construction Company (Individual/Entity), located in Summerville, South Carolina, operates an asphalt plant. The Department issued a renewed General Conditional Major Operating Permit GCM-9900-0461 to the Individual/Entity, effective August 5, 2013. On August 14, 2015, the Individual/Entity conducted a Department-approved source test to demonstrate compliance with its particulate matter (PM) emissions limit. On December 8, 2016, the Department issued a Notice of Alleged Violation and Notice of Enforcement Conference to the Individual/Entity. The Individual/Entity has violated U.S. EPA regulations at 40 CFR Part 60 and South Carolina Air Pollution Control Regulations as follows: failed to limit PM emissions from the asphalt plant (ID-AP) and the dryer burner (ID-DB) to 0.04 gr/dscf.

**Action:** The Individual/Entity is required to: limit PM emissions from ID-AP and ID-DB to 0.04 gr/dscf; and, pay a civil penalty in the amount of six thousand dollars ($6,000.00).

Permit/ID Number: 1900-0279

Summary: Sysco Columbia, LLC (Individual/Entity), located in Columbia, South Carolina, maintains greater than 10,000 pounds of anhydrous ammonia at its facility. The Department conducted an investigation in response to a release of anhydrous ammonia on June 9, 2016. The Individual/Entity violated the U.S. EPA regulations at 40 CFR 68, and 5 South Carolina Code Ann. Regs. 61-62.68, Chemical Accident Prevention Provisions (collectively 112(r) Regulations) as follows: failed to implement its operating procedures for proper oil draining from a storage vessel and for performing a line break; and failed to perform checks and inspections to ensure that equipment is installed properly and consistent with design specifications and the manufacturer’s instructions.

Action: The Individual/Entity is required to: implement and maintain the Risk Management Plan in accordance with the requirements of the 112(r) Regulations; and, pay a civil penalty in the amount of fourteen thousand dollars ($14,000.00).

Permit/ID Number: 1200-0386

Summary: Tow Rite MFG Co., Inc. (Individual/Entity), located in Marietta, South Carolina, manufactures tow-behind utility dump trailers and power tilt car hauling trailers. The Department issued Conditional Major Operating Permit 1200-0386 to the Individual/Entity, effective July 1, 2017. On January 8, 2016, the Department conducted an inspection in response to a complaint of colored smoke emanating from the Individual/Entity. The Individual/Entity has violated U.S. EPA regulations at 40 CFR Part 60 and South Carolina Air Pollution Control Regulation as follows: failed to submit an application for a Part 70 (Title V) Operating Permit within 12 months of becoming subject to the Title V regulations or accept federally-enforceable limits to avoid the requirements of Title V; failed to obtain construction permits from the Department for its sources of air contaminants associated with its manufacturing facility; failed to submit written notifications to the Department of the date
construction was commenced for each new or altered source; and failed to submit a written request for an operating permit to cover any new or altered source.

**Action:** The Individual/Entity is required to: apply for and obtain required Department-issued permits prior to constructing, altering, or adding to any source of air contaminants, including the installation of control devices in accordance with the applicable regulations; pay applicable permit fees and associated late fees for fiscal years 2015, 2016, and 2017 in the amount of four thousand, three hundred twenty-eight dollars and forty cents ($4,328.40); and, pay a civil penalty in the amount of seven thousand dollars ($7,000.00).

**Summary:** EnviroDemo (Individual/Entity), is a Department-licensed asbestos abatement contractor. On April 6, 2016, and April 7, 2016, the Department conducted investigations of asbestos abatement and demolition operations in response to a complaint. The Individual/Entity violated U.S. EPA regulations at 40 CFR and South Carolina Standards of Performance for Asbestos Projects as follows: failed to notify the Department of a NESHAP project at least 10 working days prior to the start of operations; failed to adequately wet RACM being removed and ensure that it remained wet until collected and contained or treated in preparation for disposal; failed to ensure that all ACM was removed in accordance with the applicable work practice requirements prior to beginning a demolition project; failed to obtain a Department-issued asbestos project license prior to beginning a NESHAP project; failed to ensure at least one licensed supervisor remained inside each contained work area; failed to seal each opening between the work area and uncontaminated areas with a critical barrier consisting of at least two independent sheets of 6-mil polyethylene sheeting, and maintain critical barriers leak-tight for the duration of asbestos abatement; failed to construct a decontamination enclosure system adjoining the contained work area; failed to operate negative pressure differential equipment with HEPA filtration continuously; and failed to obtain Department-issued asbestos demolition licenses and pay applicable license fees, prior to demolition operations.

**Action:** The Individual/Entity is required to: comply with all requirements of Subpart M and Regulation 61-86.1, including but not limited to ensuring compliance with all applicable notification/application, licensure, work practice requirements, and procedures for asbestos emission control; and pay a civil penalty in the amount of fifteen thousand dollars ($15,000.00), payable in ten equal payments.

**Summary:** Meeting Street Inn (Individual/Entity) operates a restaurant located in Charleston, South Carolina. The Department conducted inspections on September 25, 2015, August 4, 2016, and August 15, 2016. The Individual/Entity has violated the South Carolina Retail Food Establishment Regulation as follows: failed to maintain proper holding temperatures of time/temperature control for safety foods; and failed to maintain proper sanitization concentration for the warewashing (dish) machine.
**Action:** The Individual/Entity is required to: operate and maintain the facility in accordance with the requirements of all applicable regulations, including S.C. Regs. 61-25; and pay a civil penalty in the amount of one thousand, two hundred dollars ($1,200.00).

140) **Order Type and Number:** Consent Order 2017-206-02-002  
**Order Date:** June 23, 2017  
**Individual/Entity:** Hong Kong Restaurant  
**Facility:** Hong Kong Restaurant  
**Location:** 7704-J Augusta Road  
Greenville, SC 29673  
**Mailing Address:** Same  
**County:** Greenville  
**Previous Orders:** None  
**Permit Number:** 23-206-10977  
**Violations Cited:** S.C. Code Ann. Regs. 61-25

**Summary:** Hong Kong Restaurant (Individual/Entity) is a restaurant located in Piedmont, South Carolina. The Department conducted inspections on January 13, 2017, January 16, 2017, April 17, 2017, April 27, 2017, and April 28, 2017. The Individual/Entity has violated the South Carolina Retail Food Establishment Regulation as follows: failed to maintain proper holding temperatures of time/temperature control for safety foods; failed to protect food from contamination by storing in a clean, dry location, where it is not exposed to splash, dust, or other contamination, at least 6 inches above the floor; failed to clean non-food contact surfaces at a frequency to preclude accumulation of soil residues; and failed to protect the outer openings of a retail food establishment against the entry of insects and rodents.

**Action:** The Individual/Entity is required to: operate and maintain the facility in accordance with the requirements of all applicable regulations, including S.C. Regs. 61-25; and pay a civil penalty in the amount of two thousand, two hundred dollars ($2,200.00).

**Summary:** Sean and Deborah L. Galbally (Individuals/Entities) are the current owners of certain property abutting the tidelands critical area. An inspection at the site was conducted on September 30, 2016. The Individuals/Entities have violated the S.C. Coastal Zone Management Act (Act) and Coastal Division Regulations (Regulations) as follows: conducted agitation dredging at the site without a Department permit.

**Action:** The Individuals/Entities are required to: pay a civil penalty in the amount of two thousand dollars ($2,000.00) to the Department; and, comply with all terms and conditions of Department permits and requirements of the Act and Regulations, including requesting and receiving a Department permit prior to any future utilization/alteration of any South Carolina critical area.

*Unless otherwise specified, “Previous Orders” as listed in this report include orders issued by Environmental Affairs Programs within the last five (5) years.
SOUTH CAROLINA BOARD OF HEALTH AND ENVIRONMENTAL CONTROL

Date: August 10, 2017

To: S.C. Board of Health and Environmental Control

From: S.C. Department of Health and Environmental Control, Bureau of Air Quality

I. Introduction

The Bureau of Air Quality proposes the attached Notice of Final Regulation amending Regulation 61-62, Air Pollution Control Regulations and Standards and the South Carolina Air Quality Implementation Plan ("SIP"). Legal authority for this amendment resides in the South Carolina Pollution Control Act, S.C. Code Section 48-1-10 et seq. (2008) ("Pollution Control Act"), which authorizes the Department to adopt emission control regulations, standards, and limitations and take all actions necessary or appropriate to secure to the State the benefits of federal air pollution control laws. General Assembly review is not required due to the amendment being promulgated to maintain compliance with the federal Clean Air Act ("CAA") and associated regulations.

II. Facts

1. Pursuant to the Pollution Control Act, along with the CAA, 42 U.S.C. Sections 7410, 7413, and 7416, the Department must ensure national primary and secondary ambient air quality standards are achieved and maintained in South Carolina. No state may adopt or enforce an emission standard or limitation less stringent than these federal standards or limitations pursuant to 42 U.S.C. Section 7416. The United States Environmental Protection Agency ("EPA") promulgates amendments to the Code of Federal Regulations ("CFR") throughout each calendar year. Recent federal amendments to 40 CFR Parts 50, 51, 52, 60, 61, 63 and 70 include clarification, guidance and technical amendments regarding state implementation plan ("SIP") requirements promulgated pursuant to 42 U.S.C. Sections 7410 & 7413, New Source Performance Standards ("NSPS") mandated by 42 U.S.C. Section 7411, federal National Emission Standards for Hazardous Air Pollutants ("NESHAP") for Source Categories mandated by 42 U.S.C. Section 7412, and Prevention of Significant Deterioration ("PSD") and Title V Operating Program provisions promulgated under title I and title V of the CAA.

2. The Department proposes amending Regulation 61-62.1, Definitions and General Requirements; Regulation 61-62.5, Standard No. 7, Prevention of Significant Deterioration; Regulation 61-62.60, South Carolina Designated Facility Plan and New Source Performance Standards; Regulation 61-62.61, National Emission Standards for Hazardous Air Pollutants; Regulation 61-62.63, National Emission Standards for Hazardous Air Pollutants (NESHAP) for Source Categories; Regulation 61-62.70, Title V Operating Permit Program; and the SIP to adopt the federal amendments to these standards promulgated from January 1, 2016, through December 31, 2016.

3. The Department proposes amending Regulation 61-62.97, Cross-State Air Pollution Rule (CSAPR) Trading Program to incorporate the EPA's CSAPR trading program for South Carolina in 40 CFR Part 97 for NOX (Annual) and SO2 (Annual), as published in the Federal Register on August 8, 2011 (76 FR 48208) and subsequently amended on June 12, 2012 (77 FR 34830), December 3, 2014 (79 FR 71663), and October 26, 2016 (81 FR 74504). This regulation will address mandatory transport and regional haze SIP infrastructure elements pursuant to 42 U.S.C. Sections 7410 and 7491.
4. The Department also proposes making changes to incorporate corrections for internal consistency, clarification, reference, punctuation, codification, formatting, and spelling to improve the overall text of Regulation 61-62 as necessary.

5. South Carolina industries are already subject to these national air quality standards as a matter of federal law. Thus, there will be no increased cost to the State or its political subdivisions resulting from codification of these amendments to federal law. The State of South Carolina is already reaping the environmental benefits of these amendments.

6. In accordance with S.C. Code Section 1-23-120(H) legislative review is not required because the Department proposes promulgating the amendments to maintain compliance with federal law. As such, neither a preliminary assessment report nor a preliminary fiscal impact statement is required.

7. A Notice of Drafting was published in the State Register on January 27, 2017, to initiate the statutory process to amend Regulation 61-62. Notice was also published on the Department’s Regulatory Information website in the DHEC Regulation Development Update. The Notice of Drafting was also sent via Department list serve to interested stakeholders on January 27, 2017. A copy of the Notice of Drafting is submitted as Attachment C. The public comment period ended on February 27, 2017, and the Department received no comments.

8. On May 11, 2017, the Board granted initial approval to publish the proposed amendments in the State Register and to provide opportunity for public comment. A Notice of Proposed Regulation for the amendment was published in the May 26, 2017 State Register (Document No. 4750). Notice was also published in the DHEC Regulation Development Update. The Department sought input on this proposal in advance of the formal comment period, and received preliminary comments from SCANA Corporation and the EPA. The Department also received formal comments from EPA during the comment period. The comment period closed on June 26, 2017. The Department has received no additional comments on the proposal. The summary of public comments received and Department responses is submitted as Attachment B.

9. The proposed regulation has been internally reviewed by appropriate staff.

III. Request for Approval

Based on the public hearing and documents herein, the Department requests the Board to find for the need and reasonableness of the Department’s amendments to Regulation 61-62 and the SIP, and to grant approval to publish the attached Notice of Final Regulation for legal effect as of the August 25, 2017 publication in the State Register.

DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL
CHAPTER 61
Statutory Authority: 1976 Code Sections 48-1-10 et seq.

Regulation 61-62. Air Pollution Control Regulations and Standards

Synopsis:

1. Pursuant to the South Carolina Pollution Control Act, S.C. Code Section 48-1-10 et seq. (2008), along with the federal Clean Air Act, 42 U.S.C. Sections 7410, 7413, and 7416, the S.C. Department of Health and Environmental Control must ensure national primary and secondary ambient air quality standards are achieved and maintained in South Carolina. No state may adopt or enforce an emission standard or limitation less stringent than these federal standards or limitations pursuant to 42 U.S.C. Section 7416.

3. The Department has amended Regulation 61-62.1, Definitions and General Requirements; Regulation 61-62.5, Standard No. 7, Prevention of Significant Deterioration; Regulation 61-62.60, South Carolina Designated Facility Plan and New Source Performance Standards; Regulation 61-62.61, National Emission Standards for Hazardous Air Pollutants; Regulation 61-62.63, National Emission Standards for Hazardous Air Pollutants (NESHAP) for Source Categories; Regulation 61-62.70, Title V Operating Permit Program; and the South Carolina SIP, to adopt the federal amendments to these standards promulgated from January 1, 2016, through December 31, 2016.

4. These amendments also add Regulation 61-62.97, Cross-State Air Pollution Rule (CSAPR) Trading Program, to incorporate the EPA’s CSAPR trading program for South Carolina in 40 CFR Part 97 for NOX (Annual) and SO2 (Annual), as published in the Federal Register on August 8, 2011 (76 FR 48208) and subsequently amended on June 12, 2012 (77 FR 34830), December 3, 2014 (79 FR 71663), and October 26, 2016 (81 FR 74504). This regulation addresses mandatory transport and regional haze SIP infrastructure elements pursuant to 42 U.S.C. Sections 7410 and 7491.

5. Other changes to Regulation 61-62 were made that include corrections for internal consistency, clarification, reference, punctuation, codification, formatting, and spelling to improve the overall text of Regulation 61-62 as necessary. The citations where these revisions were made are listed within the Section-by-Section Discussion of Amendments.

6. South Carolina industries are already subject to these national air quality standards as a matter of federal law. Thus, there will be no increased cost to the State or its political subdivisions resulting from codification
of these amendments to federal law. The state of South Carolina is already reaping the environmental benefits of these amendments.

7. In accordance with S.C. Code Section 1-23-120(H) (Supp. 2016), legislative review is not required for these amendments because the amendments were promulgated to maintain compliance with federal law. As such, neither an assessment report nor a fiscal impact statement is required.

8. A Notice of Drafting was published in the State Register on January 27, 2017.

**Section-by-Section Discussion of Amendments:**

**SECTION CITATION/EXPLANATION OF CHANGE:**

**Regulation 61-62.1, Definitions and General Requirements**

Regulation 61-62.1, Section I, Definitions:
Definition 100.c. is stricken in its entirety to address the revision to the regulatory definition of volatile organic compounds (VOCs) at 81 FR 9339, February 25, 2016.

**Regulation 61-62.5, Standard No. 5.2, Control of Oxides of Nitrogen (NO\textsubscript{X})**

Regulation 61-62.5, Standard No. 5.2, Section III, Table 1:
Table 1 is amended at Pulverized Coal-Fired Boilers to remove the bold font from the phrase “Selective Catalytic Reduction” for appropriate codification and consistency.

Regulation 61-62.5, Standard No. 5.2, Section III, Table 1:
Table 1 is amended at Internal Combustion Engines to remove the italics font from the phrases “Timing Retard ≤ 4 degrees”, “Turbocharger with Intercooler”, “490 ppmv”, “15”, and “O\textsubscript{2}” for appropriate codification and consistency.

Regulation 61-62.5, Standard No. 5.2, Section IV, Monitoring, Record Keeping, and Reporting Requirements for New Affected Sources:
Paragraph A(2)(a) is amended to strike the word “or” from the phrase, “greater or permitted for solid fuels” for clarity and accuracy.

Regulation 61-62.5, Standard No. 5.2, Section IV, Monitoring, Record Keeping, and Reporting Requirements for New Affected Sources:
Paragraph B(5) is amended to strike the word “of” and replace with the word “or” in the phrase “owner of operator,” to read “owner or operator” for clarity and correctness.

**Regulation 61-62.5, Standard No. 7, Prevention of Significant Deterioration**

Regulation 61-62.5, Standard No. 7, Section (b), Definitions:
Paragraph (b)(34)(vi)(b) is amended to add the word “and” following the semi-colon, and Paragraph (b)(34)(vi)(c) is amended to strike the semi-colon and the word “and” following the semi-colon, and replace with a period, for correct codification.

Regulation 61-62.5, Standard No. 7, Section (q), Public Participation:
Paragraphs (q)(2)(ii), (iii), (vi), and (viii) are amended to address federal revisions to public notice provisions for Clean Air Act permitting programs at 81 FR 71613, October 18, 2016.
Regulation 61-62.5, Standard No. 7, Section (w), Permit Rescission: 
Paragraph (w) is amended to change “(w)” to bold font for consistency in codification.

Regulation 61-62.5, Standard No. 7, Section (w), Permit Rescission: 
Paragraphs (w)(1), (2), and (3) are amended to address federal revisions concerning rescission of  
preconstruction permits issued under the Clean Air Act at 81 FR 78043, November 7, 2016. 

Regulation 61-62.5, Standard No. 7, Section (w), Permit Rescission: 
Paragraph (w)(4) is amended to address federal revisions to public notice provisions in Clean Air Act  
Permitting Programs at 81 FR 71613, October 18, 2016.

Regulation 61-62.5, Standard No. 7, Section (aa), Actuals PALs: 
Paragraph (aa) is amended to change “(aa)” to bold font for consistency in codification, and amended to 
strike the citation “(15)” and replace with “(aa)(15)” for correct codification.

Regulation 61-62.5, Standard No. 7, Section (aa), Actuals PALs: 
Paragraph (aa)(1)(i) is amended to remove the underline from the citation “(aa)(15)” for consistency and 
appropriate codification.

Regulation 61-62.5, Standard No. 7, Section (aa), Actuals PALs: 
Paragraph (aa)(9) is amended to strike the citation “(aa)(9)(i)(v)” and replace with “(aa)(9)(v)” for correct codification.

Regulation 61-62.5, Standard No. 7, Section (aa), Actuals PALs: 
Paragraph (aa)(11)(i) is amended to strike the citation “(aa)(10)(iv)(d)” and replace with “(aa)(11)(i)(d)” 
for correct codification.

Regulation 61-62.5, Standard No. 7, Section (aa), Actuals PALs: 
Paragraph (aa)(14)(i) is amended to add a close parenthesis to the citation “(aa)(14(i)(g)” to read, 
“(aa)(14)(i)(g)” for correct codification.

Regulation 61-62.5, Standard No. 7, Section (bb): 
Paragraph (bb) is amended to change “(bb)” to bold font for consistency in codification.

Regulation 61-62.60, South Carolina Designated Facility Plan and New Source Performance Standards

Regulation 61-62.60, Subpart A, “General Provisions”: 
Subpart A, Table, is amended to incorporate federal revisions at 81 FR 35824, June 3, 2016; 81 FR 42542, 
June 30, 2016; 81 FR 59276 and 59332, August 29, 2016; and 81 FR 59800, August 30, 2016 by reference.

Regulation 61-62.60, Subpart Cf, “Emission Guidelines and Compliance Times for Municipal Solid Waste 
Landfills”: 
Subpart Cf, Table, is added to incorporate newly promulgated federal regulations at 81 FR 59276, August 29, 2016 by reference.

Regulation 61-62.60, Subpart Da, “Standards of Performance for Electric Utility Steam Generating Units 
for Which Construction Is Commenced After September 18, 1978”: 
Subpart Da, Table, is amended to incorporate federal revisions at 81 FR 20172, April 6, 2016 by reference.

Regulation 61-62.60, Subpart LLL: Subpart LLL is retitled “Standards of Performance for SO2 Emissions from Onshore Natural Gas Processing for Which Construction, Reconstruction, or Modification Commenced After January 20, 1984, and on or Before August 23, 2011” for consistency with federal regulations, and Subpart LLL, Table, is amended to incorporate federal revisions at 81 FR 42542, June 30, 2016, and 81 FR 43950, July 6, 2016 by reference.

Regulation 61-62.60, Subpart XXX, “Standards of Performance for Municipal Solid Waste Landfills that Commenced Construction, Reconstruction, or Modification After July 17, 2014”: Subpart XXX, Table, is added to incorporate newly promulgated federal regulations at 81 FR 59332, August 29, 2016 by reference.

Regulation 61-62.60, Subpart CCCC: Subpart CCCC is retitled “Standards of Performance for Commercial and Industrial Solid Waste Incineration Units” for consistency with federal regulations, and Subpart CCCC, Table, is amended to incorporate federal revisions at 81 FR 40956, June 23, 2016 by reference.

Regulation 61-62.60, Subpart DDDD: Subpart DDDD is retitled “Emissions Guidelines and Compliance Times for Commercial and Industrial Solid Waste Incineration Units” for consistency with federal regulations, and Subpart DDDD, Table, is amended to incorporate federal revisions at 81 FR 40956, June 23, 2016 by reference.

Regulation 61-62.60, Subpart IIII, “Standards of Performance for Stationary Compression Ignition Internal Combustion Engines”: 4
Subpart III, Table, is amended to incorporate federal revisions at 81 FR 44212, July 7, 2016 by reference.

Subpart JJJJ, Table, is amended to incorporate federal revisions at 81 FR 59800, August 30, 2016 by reference.

Subpart KKKK, Table, is amended to incorporate federal revisions at 81 FR 42542, June 30, 2016 by reference.

Regulation 61-62.60, Subpart OOOO:
Subpart OOOO is retitled “Standards of Performance for Crude Oil and Natural Gas Production, Transmission and Distribution for which Construction, Modification or Reconstruction Commenced after August 23, 2011, and on or before September 18, 2015” for consistency with federal regulations, and Subpart OOOO, Table, is amended to incorporate federal revisions at 81 FR 35824, June 3, 2016; 81 FR 42542, June 30, 2016; and 81 FR 43950, July 6, 2016 by reference.

Regulation 61-62.60, Subpart OOOOa, “Standards of Performance for Crude Oil and Natural Gas Facilities for Which Construction, Modification, or Reconstruction Commenced After September 18, 2015”:
Subpart OOOOa, Table, is added to incorporate newly promulgated federal regulations at 81 FR 35824, June 3, 2016 by reference.

**Regulation 61-62.61, National Emission Standards for Hazardous Air Pollutants (NESHAP)**

Regulation 61-62.61, Subpart A, “General Provisions”:
Subpart A, Table, is amended to incorporate federal revisions at 81 FR 59800, August 30, 2016 by reference.

**Regulation 61-62.63, National Emission Standards for Hazardous Air Pollutants (NESHAP) for Source Categories**

Subpart A, Table, is amended to incorporate federal revisions at 81 FR 59800, August 30, 2016 by reference.

Subpart CC, Table, is amended to incorporate federal revisions at 81 FR 45232, July 13, 2016 by reference.

Subpart GG, Table, is amended to incorporate federal revisions at 81 FR 51114, August 3, 2016 by reference.

Subpart LLL, Table, is amended to incorporate federal revisions at 81 FR 48356, July 25, 2016 by reference.

5
Subpart RRR, Table, is amended to incorporate federal revisions at 81 FR 38085, June 13, 2016 by reference.

Regulation 61-62.63, Subpart EEEE, “National Emission Standards for Hazardous Air Pollutants for Primary Copper Smelting Area Sources”: Subpart EEEE is amended to add the phrase “and as subsequently amended upon publication in the Federal Register” for clarity.

Regulation 61-62.63, Subpart JJJJJ: Subpart JJJJJ is retitled “National Emission Standards for Hazardous Air Pollutants for Industrial, Commercial, and Institutional Boilers Area Sources” for consistency with federal regulations, and Subpart JJJJJ, Table, is amended to incorporate federal revisions at 81 FR 63112, September 14, 2016 by reference.

Regulation 61-62.70, Title V Operating Permit Program

Regulation 61-62.70, Section 70.7, Permit issuance, renewal, reopening, and revisions: Paragraph (e)(2)(ii)(C) is amended to strike the section symbol “§” and replace with the word “Section” to provide clarity and consistency.

Regulation 61-62.70, Section 70.7, Permit issuance, renewal, reopening, and revisions: Paragraphs (h)(1) and (2) are amended to address federal revisions to public notice provisions for Clean Air Act permitting programs at 81 FR 71613, October 18, 2016.

Regulation 61-62.70, Section 70.9, Fee determination and certification: Paragraph (b)(2)(ii)(A) is amended to strike the section symbol “§” and replace with the word “Section” to provide clarity and consistency.

Regulation 61-62.97, Cross-State Air Pollution Rule (CSAPR) Trading Program

Regulation 61-62.97 is added to incorporate the EPA’s CSAPR trading program for South Carolina in 40 CFR Part 97 for NOX (Annual) and SO2 (Annual), as published in the Federal Register on August 8, 2011 (76 FR 48208) and subsequently amended on June 12, 2012 (77 FR 34830), December 3, 2014 (79 FR 71663), and October 26, 2016 (81 FR 74504). This regulation will address mandatory transport and regional haze SIP infrastructure elements pursuant to 42 U.S.C. Sections 7410 and 7491.

Instructions: Amend Regulation 61-62 pursuant to each individual instruction provided with the text below.

Text:

Regulation 61-62.1, Section I, Definitions
Regulation 61-62.1.1.100.c. shall be deleted in its entirety as follows:

---

c. The following compound(s) are VOCs for purposes of all recordkeeping, emissions reporting, photochemical dispersion modeling, and inventory requirements which apply to VOCs and shall be uniquely identified in emission reports, but are not VOCs for purposes of VOC emissions limitations or VOC content requirements: t-butyl acetate (TBAC or TBAc).

Regulation 61-62.5, Standard No. 5.2, Control of Oxides of Nitrogen (NOX)

Regulation 61-62.5, Standard No. 5.2, Section III, Table 1 at Pulverized Coal-Fired Boilers shall be revised as follows:

<table>
<thead>
<tr>
<th>Pulverized Coal-Fired Boilers</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>&lt; 250 MMBtu/hr</td>
<td>Low-NOX Burners + Combustion controls to minimize NOX emissions or equivalent technology, shall achieve 0.35 lb/MMBtu</td>
</tr>
<tr>
<td>≥ 250 MMBtu/hr</td>
<td>Low-NOX Burners + Combustion controls to minimize NOX emissions + Selective Catalytic Reduction (SCR) or equivalent technology, shall achieve 0.14 lb/MMBtu</td>
</tr>
</tbody>
</table>

Regulation 61-62.5, Standard No. 5.2, Section III, Table 1 at Internal Combustion Engines shall be revised as follows:

<table>
<thead>
<tr>
<th>Internal Combustion Engines</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Compression Ignition</td>
<td>Timing Retard ≤ 4 degrees + Turbocharger with Intercooler Timing Retard ≤ 4 degrees + Turbocharger with Intercooler or equivalent technology, shall achieve 490 ppmv at 15-15 percent O₂ (7.64 gram per bhp-hour (gm/bhp-hr))</td>
</tr>
<tr>
<td>Spark Ignition</td>
<td>Lean-Burn Technology or equivalent technology, shall achieve 1.0 gm/bhp-hr</td>
</tr>
<tr>
<td>Landfill or Digester Gas-Fired</td>
<td>Lean-Burn Technology or equivalent technology, shall achieve 1.25 gm/bhp-hr</td>
</tr>
</tbody>
</table>

Regulation 61-62.5, Standard No. 5.2, Section IV.A(2)(a) shall be revised as follows:

(a) Unless required to operate a CEMS, testing requirements apply to boilers rated thirty (30) MMBtu/hr or greater or permitted for solid fuels and boilers rated greater than one hundred (100) MMBtu/hr permitted for any other fuels.

Regulation 61-62.5, Standard No. 5.2, Section IV.B(5) shall be revised as follows:

(5) Other Requirements

The owner or operator shall maintain records of the occurrence and duration of any startup, shutdown, or malfunction in the operation of an affected source; any malfunction of the air pollution control equipment; and any periods during which a continuous monitoring system or monitoring device is inoperative.
Regulation 61-62.5, Standard No. 7, Prevention of Significant Deterioration

Regulation 61-62.5, Standard No. 7, Section (b)(34)(vi) shall be revised as follows:

(vi) A decrease in actual emissions is creditable only to the extent that:

   (a) The old level of actual emissions or the old level of allowable emissions, whichever is lower, exceeds the new level of actual emissions;

   (b) It is federally enforceable at and after the time that actual construction on the particular change begins; and

   (c) It has approximately the same qualitative significance for public health and welfare as that attributed to the increase from the particular change; and

Regulation 61-62.5, Standard No. 7, Section (q)(2)(ii) shall be revised as follows:

(ii) Make available in at least one location in each region in which the proposed source or modification would be constructed, a copy of all materials the applicant submitted, a copy of the preliminary determination and a copy or summary of other materials, if any, considered in making the preliminary determination. This requirement may be met by making these materials available at a physical location or on a public website identified by the Department.

Regulation 61-62.5, Standard No. 7, Section (q)(2)(iii) shall be revised as follows:

(iii) Notify the public, by advertisement in a newspaper of general circulation in each region in which the proposed source or modification would be constructed, of the application, the preliminary determination, the degree of increment consumption that is expected from the source or modification, and the opportunity for comment at a public hearing as well as written public comment. Alternatively, these notifications may be made on a public website identified by the Department. However, the Department's selected notification method (i.e., either newspaper or website), known as the "consistent noticing method," shall be used for all permits subject to notice under this section and may, when appropriate, be supplemented by other noticing methods on individual permits. If the Department selects website notice as its consistent noticing method, the notice shall be available for the duration of the public comment period and shall include the notice of public comment, the draft permit, information on how to access the administrative record for the draft permit and how to request and/or attend a public hearing on the draft permit.

Regulation 61-62.5, Standard No. 7, Section (q)(2)(vi) shall be revised as follows:

(vi) Consider all written comments submitted within a time specified in the notice of public comment and all comments received at any public hearing(s) in making a final decision on the approvability of the application. No later than ten (10) days after the close of the public comment period, the applicant may submit a written response to any comments submitted by the public. The Department shall consider the applicant’s response in making a final decision. The Department shall make all comments available for public inspection in the same locations where the Department made available preconstruction information relating to the proposed source or modification location or on the same website where the Department made available preconstruction information relating to the proposed source or modification.

Regulation 61-62.5, Standard No. 7, Section (q)(2)(viii) shall be revised as follows:
(viii) Notify the applicant in writing of the final determination and make such notification available for public inspection at the same location or on the same website where the Department made available preconstruction information and public comments relating to the source or modification.

Regulation 61-62.5, Standard No. 7, Section (w) shall be revised as follows:

(w)(w) Permit rescission.

Regulation 61-62.5, Standard No. 7, Section (w)(1) shall be revised as follows:

(1) Any permit issued under this section or a prior version of this regulation shall remain in effect, unless and until it expires or is rescinded under this paragraph (w).

Regulation 61-62.5, Standard No. 7, Section (w)(2) shall be revised as follows:

(2) Any owner or operator of a stationary source or modification who holds a permit for the source or modification which was issued under 40 CFR 52.21 as in effect on July 30, 1987, or any earlier version of this regulation, issued under this section for the construction of a new source or modification that meets the requirement in paragraph (w)(3) of this section may request that the Department rescind the permit or a particular portion of the permit.

Regulation 61-62.5, Standard No. 7, Section (w)(3) shall be revised as follows:

(3) The Department shall may grant an application for rescission if the application shows that this section would not apply to the source or modification.

Regulation 61-62.5, Standard No. 7, Section (w)(4) shall be revised as follows:

(4) If the Department rescinds a permit under this paragraph, the public shall be given adequate notice of the rescission. Publication of an announcement of rescission in a newspaper of general circulation in the affected region within 60 days of the rescission shall be considered adequate notice. the Department shall post a notice of the rescission determination on a public website identified by the Department within 60 days of the rescission.

Regulation 61-62.5, Standard No. 7, Section (aa) shall be revised as follows:

(aa)(aa) Actuals PALs. The provisions in paragraphs (aa)(1) through (aa)(15) govern actuals PALs.

Regulation 61-62.5, Standard No. 7, Section (aa)(1)(i) shall be revised as follows:

(i) The Department may approve the use of an actuals PAL for any existing major stationary source if the PAL meets the requirements in paragraphs (aa)(1) through (aa)(15). The term “PAL” shall mean “actuals PAL” throughout paragraph (aa).

Regulation 61-62.5, Standard No. 7, Section (aa)(9) shall be revised as follows:

(9) Expiration of a PAL. Any PAL that is not renewed in accordance with the procedures in paragraph (aa)(10) shall expire at the end of the PAL effective period, and the requirements in paragraphs (aa)(9)(i) through (aa)(9)(v) shall apply.

Regulation 61-62.5, Standard No. 7, Section (aa)(11)(i) shall be revised as follows:
(i) The Department may increase a PAL emission limitation only if the major stationary source complies with the provisions in paragraphs (aa)(11)(i)(a) through (aa)(10)(iv)(d) (aa)(11)(i)(d).

**Regulation 61-62.5, Standard No. 7, Section (aa)(14)(i) shall be revised as follows:**

(i) **Semi-annual report.** The semi-annual report shall be submitted to the Department within 30 days of the end of each reporting period. This report shall contain the information required in paragraphs (aa)(14)(i)(a) through (aa)(14)(i)(g).

**Regulation 61-62.5, Standard No. 7, Section (bb) shall be revised as follows:**

(bb)(bb) If any provision of this regulation, or the application of such provision to any person or circumstance, is held invalid, the remainder of this regulation, or the application of such provision to persons or circumstances other than those to which it is held invalid, shall not be affected thereby.

**Regulation 61-62.60, South Carolina Designated Facility Plan and New Source Performance Standards.**

**Regulation 61-62.60, Subpart A, shall be revised as follows:**

**Subpart A - “General Provisions”**

The provisions of 40 Code of Federal Regulations (CFR) Part 60 Subpart A, as originally published in the Federal Register and as subsequently amended upon publication in the Federal Register as listed below, are incorporated by reference as if fully repeated herein.

Regulation 61-62.70, Title V Operating Permit Program
Regulation 61-62.70.7 (e)(2)(ii)(C), shall be revised as follows:

(C) Certification by a responsible official, consistent with §70.5(d), that the proposed modification meets the criteria for use of minor permit modification procedures and a request that such procedures be used; and

Regulation 61-62.70.7 (h)(1), shall be revised as follows:

(1) Notice shall be given: by publication; by one of the following methods: By publishing the notice in a newspaper of general circulation in the area where the source is located (or in a State publication designed to give general public notice); or by posting the notice, for the duration of the public comment period, on a public website identified by the Department, if the Department has selected website noticing as its "consistent noticing method." The consistent noticing method shall be used for all draft permits subject to notice under this paragraph. If website noticing is selected as the consistent noticing method, the draft permit shall also be posted, for the duration of the public comment period, on a public website identified by the Department. In addition, notice shall be given to persons on a mailing list developed by the Department using generally accepted methods (e.g., hyperlink sign-up function or radio button on an agency website, sign-up sheet at a public hearing, etc.) that enable interested parties to subscribe to the mailing list. The Department may update the mailing list from time to time by requesting written indication of continued interest from those listed. The Department may delete from the list the name of any person who fails to respond to such a request within a reasonable timeframe. The Department may use other means to provide adequate notice to the affected public; to persons on a mailing list developed by the Department, including those who request in writing to be on the list; and by other means if necessary to assure adequate notice to the affected public;

Regulation 61-62.70.7 (h)(2), shall be revised as follows:

(2) The notice shall identify the affected facility; the name and address of the permittee; the name and address of the Department; the activity or activities involved in the permit action; the emissions change involved in any permit modification; the name, address, and telephone number of a person (or an email or website address) from whom interested persons may obtain additional information, including copies of the permit draft, the application, all relevant supporting materials, including any permit application, compliance plan, permit, and monitoring and compliance certification report pursuant to Section 503(e) of the Act, except for information entitled to confidential treatment pursuant to Section 114(c) of the Act (the contents of a Part 70 permit shall not be entitled to protection under Section 114(c) of the Act), and all other materials available to the Department (except for publicly-available materials and publications) that are relevant to the permit decision; a brief description of the comment procedures required by this part; and the time and place of any hearing that may be held, including a statement of procedures to request a hearing (unless a hearing has already been scheduled);

Regulation 61-62.70.9 (b)(2)(ii)(A), shall be revised as follows:

(A) The actual emissions of sources for which no fee is required under §70.9(b)(4);

Regulation 61-62.97, Cross-State Air Pollution Rule (CSAPR) Trading Program

Regulation 61-62.97 shall be added as follows:

Subpart A - South Carolina CSAPR NO\textsubscript{X} Annual Trading Program

1. Except as provided in paragraphs 2. and 3. of this subpart, the provisions of the July 1, 2016 edition of 40 CFR 97.402 through 97.408, 97.411 through 97.418, 97.420 through 97.428, and 97.430 through 97.435 as amended at 81 FR 74604-07 (October 26, 2016) are adopted and incorporated by reference.

2. The provisions of 40 CFR 97.411(b)(2) and (c)(5)(iii), 97.412(b), and 97.421(h) and (i) are not adopted or incorporated by reference.

3. For purposes of this subpart, the provisions of 40 CFR 97.404(a)(1) and (b)(1) that are otherwise adopted and incorporated by reference are modified by removing the phrase “The following units in a State (and Indian country within the borders of such State)” and adding in its place the phrase “The following units in South Carolina (but not in Indian country within South Carolina’s borders)”.

4. For purposes of this subpart, for the control periods in 2017 and thereafter, the South Carolina NO\textsubscript{X} Annual trading budget, new unit set-aside, and Indian country new unit-set aside for allocations of CSAPR NO\textsubscript{X} Annual allowances, and the variability limit for the South Carolina NO\textsubscript{X} Annual trading budget, are as follows:
   a. The NO\textsubscript{X} Annual trading budget is 32,498 tons.
   b. The new unit set-aside is 620 tons.
   c. The Indian country new unit set-aside is 33 tons.
   d. The variability limit is 5,850 tons.
   e. The South Carolina NO\textsubscript{X} Annual trading budget in this subpart includes any tons in the new unit set-aside or Indian country new unit set-aside but does not include any tons in the variability limit.

Subpart B - South Carolina CSAPR SO\textsubscript{2} Group 2 Trading Program

1. Except as provided in paragraphs 2. and 3. of this subpart, the provisions of the July 1, 2016 edition of 40 CFR 97.702 through 97.708, 97.711 through 97.718, 97.720 through 97.728, and 97.730 through 97.735 as amended at 81 FR 74618-21 (October 26, 2016) are adopted and incorporated by reference.

2. The provisions of 40 CFR 97.711(b)(2) and (c)(5)(iii), 97.712(b), and 97.721(h) and (i) are not adopted or incorporated by reference.

3. For purposes of this subpart, the provisions of 40 CFR 97.704(a)(1) and (b)(1) that are otherwise adopted and incorporated by reference are modified by removing the phrase “The following units in a State (and Indian country within the borders of such State)” and adding in its place the phrase “The following units in South Carolina (but not in Indian country within South Carolina’s borders)”.

4. For purposes of this subpart, for the control periods in 2017 and thereafter, the South Carolina SO\textsubscript{2} Group 2 trading budget, new unit set-aside, and Indian country new unit-set aside for allocations of CSAPR SO\textsubscript{2} Group 2 allowances, and the variability limit for the South Carolina SO\textsubscript{2} Group 2 trading budget, are as follows:
   a. The SO\textsubscript{2} Group 2 trading budget is 96,633 tons.
   b. The new unit set-aside is 1,836 tons.
   c. The Indian country new unit set-aside is 97 tons.
   d. The variability limit is 17,394 tons.
   e. The South Carolina SO\textsubscript{2} Group 2 trading budget in this subpart includes any tons in the new unit set-aside or Indian country new unit set-aside but does not include any tons in the variability limit.
Statement of Need and Reasonableness:

This Statement of Need and Reasonableness was determined by staff analysis pursuant to S.C. Code Section 1-23-115(C)(1)-(3) and (9)-(11).

DESCRIPTION OF REGULATION:

Amendment of Regulation 61-62, Air Pollution Control Regulations and Standards, and the South Carolina Air Quality Implementation Plan (“SIP”).

Purpose:

(2) These revisions therefore amend Regulation 61-62.1, Definitions and General Requirements; Regulation 61-62.5, Standard No. 7, Prevention of Significant Deterioration; Regulation 61-62.60, South Carolina Designated Facility Plan and New Source Performance Standards; Regulation 61-62.61, National Emission Standards for Hazardous Air Pollutants; Regulation 61-62.63, National Emission Standards for Hazardous Air Pollutants (NESHAP) for Source Categories; Regulation 61-62.70, Title V Operating Permit Program; and the SIP, to adopt the federal amendments to these standards promulgated from January 1, 2016, through December 31, 2016.

(3) These amendments also add Regulation 61-62.97, Cross-State Air Pollution Rule (CSAPR) Trading Program, to incorporate the EPA’s CSAPR trading program for South Carolina in 40 CFR Part 97 for NOX (Annual) and SO2 (Annual), as published in the Federal Register on August 8, 2011 (76 FR 48208) and subsequently amended on June 12, 2012 (77 FR 34830), December 3, 2014 (79 FR 71663), and October 26, 2016 (81 FR 74504). This regulation addresses mandatory transport and regional haze SIP infrastructure elements pursuant to 42 U.S.C. Sections 7410 and 7491.

(4) Other changes to Regulation 61-62 were made that include corrections for internal consistency, clarification, reference, punctuation, codification, formatting, and spelling to improve the overall text of Regulation 61-62 as necessary. The citations where these revisions were made are listed within the Section-by-Section Discussion of Amendments.

Legal Authority:

The South Carolina Pollution Control Act, 1976 Code Section 48-1-10 et seq. (“Pollution Control Act”), authorizes the Department to adopt emission control regulations, standards, and limitations, and take all actions necessary or appropriate to secure to the State the benefits of federal air pollution control laws. Pursuant to the Pollution Control Act, along with the federal Clean Air Act, 42 U.S.C. Sections 7410, 7413, and 7416, the Department must ensure national primary and secondary ambient air quality standards are achieved and maintained in South Carolina. No state may adopt or enforce an emission standard or limitation less stringent than these federal standards or limitations pursuant to 42 U.S.C. Section 7416.
Plan for Implementation:

The amendments took effect upon approval by the Board of Health and Environmental Control and by publication in the State Register. These requirements are in place at the federal level and are currently being implemented. The amendments will be implemented in South Carolina by providing the regulated community with copies of the regulation, publishing associated information on the Department’s website at http://www.scdhec.gov/Agency/RegulationsAndUpdates/, sending an email to stakeholders, and communicating with affected facilities during the permitting process.

DETERMINATION OF NEED AND REASONABLENESS OF THE REGULATION BASED ON ALL FACTORS HEREIN AND EXPECTED BENEFITS:

The EPA promulgates amendments to 40 CFR Parts 50, 51, 52, 60, 61, 63, and 70 throughout each calendar year. Federal amendments in 2016 included new and revised NSPS rules, NESHAPs, and NESHAPs for Source Categories, and amendments to PSD and Title V permitting provisions. The Department is adopting these federal amendments to maintain compliance with federal law. The EPA has also promulgated regulations under 40 CFR Part 97 establishing CSAPR trading provisions for South Carolina for NOX (Annual) and SO2 (Annual). Adoption of the federal CSAPR trading program is necessary to address mandatory transport and regional haze SIP infrastructure elements pursuant to 42 U.S.C. Sections 7410 and 7491. The above amendments are reasonable as they promote consistency and ensure compliance with both state and federal regulations.

DETERMINATION OF COSTS AND BENEFITS:

The regulations are not subject to the requirements of a fiscal impact statement or a preliminary assessment report. The Department does not anticipate an increase in costs to the State or its political subdivisions resulting from these revisions. The standards to be adopted are already in effect and applicable to the regulated community as a matter of federal law, thus the regulated community has already incurred the cost of these regulations. The amendments incorporate the revisions to the EPA regulations, which the Department implements pursuant to the authority granted by Section 48-1-50 of the Pollution Control Act. These amendments will benefit the regulated community by maintaining State implementation of the federal requirements, as opposed to federal implementation.

UNCERTAINTIES OF ESTIMATES:

There are no uncertainties of estimates relative to the costs to the State or its political subdivisions.

EFFECT ON ENVIRONMENT AND PUBLIC HEALTH:

Adoption of the recent changes in federal regulations through these amendments to Regulation 61-62, Air Pollution Control Regulations and Standards, will continue State-focused protection of the environment and public health.

DETRIMENTAL EFFECT ON THE ENVIRONMENT AND PUBLIC HEALTH IF THE REGULATIONS ARE NOT IMPLEMENTED:

The State’s authority to implement federal requirements, which is beneficial to the public health and environment of South Carolina, would be compromised if these amendments are not adopted.
## ATTACHMENT B

24 DRAFTING NOTICES

DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL

CHAPTER 61

Statutory Authority: 1976 Code Sections 48-1-10 et seq.

Notice of Drafting:

The Department of Health and Environmental Control (Department) is proposing to amend Regulation 61-62, Air Pollution Control Regulations and Standards, and the South Carolina Air Quality Implementation Plan (State Implementation Plan or SIP). Interested persons are invited to present their views concerning these amendments in writing to Marie F. Brown, Air Regulation and SIP Management Section, Bureau of Air Quality, 2600 Bull Street, Columbia, SC 29201, or via electronic mail at brownmf@dhec.sc.gov. To be considered, the Department must receive comments by 5:00 p.m. on February 27, 2017, the close of the drafting comment period.

Synopsis:

The United States Environmental Protection Agency (EPA) promulgates amendments to the Code of Federal Regulations throughout each calendar year. Recent federal amendments to 40 CFR Parts 50, 51, 52, 60, 61, 63, and 70 include clarification, guidance and technical amendments regarding state implementation plan (SIP) requirements, New Source Performance Standards (NSPS), National Emission Standards for Hazardous Air Pollutants (NESHAP), National Emission Standards for Hazardous Air Pollutants (NESHAP) for Source Categories, Prevention of Significant Deterioration (PSD), Nonattainment New Source Review (NSR), the Title V Operating Program, and revisions to testing methods.

The Department also proposes to add Regulation 61-62.97, Cross-State Air Pollution Rule (CSAPR) Trading Program, to incorporate the EPA’s CSAPR trading program for South Carolina in 40 CFR Part 97 for NOx (Annual) and SO2 (Annual), as published in the Federal Register on August 8, 2011 (76 FR 48208) and subsequently amended on December 3, 2014 (79 FR 71663), and October 26, 2016 (81 FR 74504). This will address mandatory transport and regional haze SIP infrastructure elements.

The Department may also propose other changes to Regulation 61-62 that may include corrections for internal consistency, clarification, reference, punctuation, codification, formatting, and spelling to improve the overall text of Regulation 61-62 as necessary.

In accordance with 1976 Code Section 1-23-120(H), legislative review is not required because the Department proposes promulgating the amendments to maintain compliance with federal law.

BOARD OF HEALTH AND ENVIRONMENTAL CONTROL

Summary Sheet
August 10, 2017

X Action

Information

I. SUBJECT: Temporary Placement of Acryl Fentanyl Into Schedule I for Controlled Substances

II. FACTS: Controlled substances are governed by the S.C. Controlled Substances Act (CSA), found at Title 44, Chapter 53, of the S.C. Code of Laws. Schedule I substances are listed in S.C. Code Ann. Section 44-53-190. Pursuant to Section 44-53-160, titled “Manner in which changes in schedule of controlled substances shall be made,” controlled substances are generally designated by the General Assembly upon recommendation by DHEC. Section 44-53-160(B) provides a process by which DHEC can expeditiously designate a substance as a controlled substance if the federal government has so designated.

Section 44-53-160(B) states:

Except as otherwise provided in this section, during the time the General Assembly is not in session, the department may add, delete, or reschedule a substance as a controlled substance after providing notice and a hearing to all interested parties. The addition, deletion, or rescheduling of a substance pursuant to this subsection has the full force of law unless overturned by the General Assembly. Upon the addition, deletion, or rescheduling of a substance, the department shall forward copies of the change to the Chairmen of the Medical Affairs Committee and the Judiciary Committee of the Senate, the Medical, Military, Public and Municipal Affairs Committee, and the Judiciary Committee of the House of Representatives, and to the Clerks of the Senate and House, and shall post the schedules on the department’s website indicating the change and specifying the effective date of the change.

On June 2, 2017, the U.S. Department of Justice, Drug Enforcement Administration (DEA), published its Notice of Intent to place N-[(1-phenethyl)piperidin-4-yl]-N-phenylacrylamide (acryl fentanyl or acryloylfentanyl) in schedule I of the Controlled Substances Act (CSA). The temporary scheduling order was to be published in the Federal Register not before July 3, 2017.

This action was based on a finding by the DEA that the placement of acryl fentanyl into schedule I of the CSA is necessary because it has a potential for abuse similar to other schedule I substances. See June 2, 2017 Notice of Intent for Temporary Placement of Acryl Fentanyl Into Schedule I; available online at: https://www.deadiversion.usdoj.gov/fed_regs/rules/2017/fr0602_2.htm (last visited June 29, 2017).

The final temporary scheduling order was published on July 14, 2017 in Federal Register Volume 82, Number 134 [Rules and Regulations][Pages 32453-32457].
III. ANALYSIS:

Acryl fentanyl is a synthetic opioid currently being abused in the United States for its opioid properties. Available data and information for acryl fentanyl, summarized below, indicate that this synthetic opioid has a high potential for abuse, no currently accepted medical use in treatment in the United States, and a lack of accepted safety for use under medical supervision.

Evidence suggests that the pattern of abuse of fentanyl analogues, including acryl fentanyl, parallels that of heroin and prescription opioid analgesics. Seizures of acryl fentanyl have been encountered in powder form, in solution, and packaged similar to that of heroin. Acryl fentanyl has been encountered as a single substance as well as in combination with other substances of abuse, including heroin, fentanyl, 4-fluoroisobutyryl fentanyl, and furanyl fentanyl.

Acryl fentanyl has been connected to fatal overdoses, in which insufflation and intravenous routes of administration are documented. According to SLED, there have been two known deaths in South Carolina due to acryl fentanyl. The deaths, which were not connected, involved a 23-year-old male and a 43-year-old male. The 43-year-old male believed he was using heroin when in fact the substance he injected was acryl fentanyl, resulting in his death. His wife also injected this substance, but survived the encounter. SLED has identified 11 acryl fentanyl drug seizure cases in South Carolina since 2016.

DEA has received reports for at least 83 confirmed fatalities associated with acryl fentanyl. Information on these deaths, occurring as early as September 2016, was collected by the DEA from post-mortem toxicology and medical examiner reports. These deaths were reported from, and occurred in, Illinois (27), Maryland (22), New Jersey (1), Ohio (31), and Pennsylvania (2). NFLIS and STARLIMS have a total of 110 drug reports in which acryl fentanyl was identified in drug exhibits submitted to forensic laboratories in 2016 and 2017 from law enforcement encounters in Alabama, Arkansas, California, Connecticut, Illinois, Indiana, Iowa, Kentucky, Louisiana, Minnesota, Missouri, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Texas, West Virginia, and Wisconsin. It is likely that the prevalence of acryl fentanyl in opioid analgesic-related emergency room admissions and deaths is underreported as standard immunoassays may not differentiate this substance from fentanyl.

The population likely to abuse acryl fentanyl overlaps with the population abusing prescription opioid analgesics, heroin, fentanyl, and other fentanyl-related substances. This is evidenced by the routes of drug administration and drug use history documented in acryl fentanyl fatal overdose cases and encounters of the substance by law enforcement officials. Because abusers of acryl fentanyl are likely to obtain this substance through unregulated sources, the identity, purity, and quantity are uncertain and inconsistent, thus posing significant adverse health risks to the end user. Individuals who initiate (i.e. use a drug for the first time) acryl fentanyl abuse are likely to be at risk of developing substance use disorder, overdose, and death similar to that of other opioid analgesics (e.g., fentanyl, morphine, etc.).

Acryl fentanyl exhibits pharmacological profiles similar to that of fentanyl and other [micro]opioid receptor agonists. The toxic effects of acryl fentanyl in humans are demonstrated by overdose fatalities involving this substance. Abusers of acryl fentanyl may not know the origin, identity, or purity of this substance, thus posing significant adverse health risks when compared to abuse of pharmaceutical preparations of opioid analgesics, such as morphine and oxycodone.
Based on information reviewed by the DEA, the misuse and abuse of acryl fentanyl leads to the same qualitative public health risks as heroin, fentanyl, and other opioid analgesic substances. As with any non-medically approved opioid, the health and safety risks for users are high. The public health risks attendant to the abuse of heroin and opioid analgesics are well established and have resulted in large numbers of drug treatment admissions, emergency department visits, and fatal overdoses.

Based on the available data and information, summarized above, the continued uncontrolled manufacture, distribution, reverse distribution, importation, exportation, conduct of research and chemical analysis, possession, and abuse of acryl fentanyl poses an imminent hazard to the public safety. The DEA is not aware of any currently accepted medical uses for acryl fentanyl in the United States.

When determining whether a substance should be placed into Schedule I of the S.C. Controlled Substances Act, Section 44-53-180 of the S.C. Code of Laws requires the Department place a substance in Schedule II if it meets the following criteria:

(a) A high potential for abuse;

(b) No accepted medical use in treatment in the United States; and

(c) A lack of accepted safety for use in treatment under medical supervision.

DEA conducted its own review and determined that acryl fentanyl met the criteria for placement in Schedule I of the federal CSA because a review of available data showed it had a high potential for abuse, no currently accepted medical use in treatment in the United States, and a lack of accepted safety for use in treatment under medical supervision.

IV. RECOMMENDATION:

As DEA has determined the placement of acryl fentanyl into Schedule I of the federal CSA is necessary, the Department recommends the Board adopt the scheduling of acryl fentanyl into Schedule I for Controlled Substances in South Carolina and amend S.C. Code Section 44-53-190(B) to include: Acryl fentanyl.

Submitted by:

Lisa Thomson
Chief, Bureau of Drug Control

Shelly Kelly
Deputy Director for Health Regulations

Attachment: Federal Register Vol. 82, No. 134, Friday July 14, 2017
with respect to the United States. This period may be extended for additional periods of not more than five years if it is determined that the factors which justified the initial agreement still pertain and no cause for suspension of the agreement exists. (19 CFR 12.104g(a)).

On July 12, 2016, the Department of State received a request by the Republic of Cyprus to extend the Agreement. The Department of State proposed to extend the import restrictions for an additional five years in a notice published in the Federal Register (81 FR 52946) on August 10, 2016. On March 22, 2017, the Assistant Secretary for Educational and Cultural Affairs, State Department, after consultation with and recommendations by the Cultural Property Advisory Committee, determined that the cultural heritage of Cyprus continues to be in jeopardy from pillage of certain archaeological objects and certain ethnological materials and that the import restrictions should be extended for an additional five-year period to July 16, 2022. Diplomatic notes have been exchanged reflecting the extension of those restrictions for an additional five-year period. Accordingly, CBP is amending 19 CFR 12.104g(a) to reflect the extension of the import restrictions.

The Amended Designated List of archaeological objects and Byzantine and post-Byzantine ecclesiastical and ritual ethnological materials is set forth in CBP Dec. 12–13. The herein mentioned Agreements and the Designated List and amended Designated Lists may be found at the following Web site address: https://eca.state.gov/cultural-heritage-center/cultural-property-protection/bilateral-agreements by clicking on “Cyprus.”

The restrictions on the importation of these archaeological, and ecclesiastical and ritual ethnological materials from Cyprus are to continue in effect through July 16, 2022. Importation of such materials from Cyprus continues to be restricted through that date unless the conditions set forth in 19 U.S.C. 2608 and 19 CFR 12.104c are met.

Inapplicability of Notice and Delayed Effective Date

This amendment involves a foreign affairs function of the United States and is, therefore, being made without notice or public procedure under 5 U.S.C. 553(b)(B)). For the same reason, a delayed effective date is not required under 5 U.S.C. 553(d)(3).

Regulatory Flexibility Act

Because no notice of proposed rulemaking is required, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 et seq.) do not apply.

Executive Orders 12866 and 13771

Because this rule involves a foreign affairs function of the United States, it is not subject to either Executive Order 12866 or Executive Order 13771.

Signing Authority

This regulation is being issued in accordance with 19 CFR 0.1(a)(1).

List of Subjects in 19 CFR Part 12

Cultural property, Customs duties and inspection, Imports, Prohibited merchandise.

Amendment to CBP Regulations

For the reasons set forth above, part 12 of title 19 of the Code of Federal Regulations (19 CFR part 12), is amended as set forth below:

PART 12—SPECIAL CLASSES OF MERCHANDISE

§ 12.104g [Amended]

2. In § 12.104g, paragraph (a), the table is amended in the entry for “Cyprus” by adding the words “extended by CBP Dec. 17–07” after the words “CBP Dec. 12–13” in the column headed “Decision No.”.

Kevin K. McAleenan,
Acting Commissioner, U.S. Customs and Border Protection.

Approved: July 11, 2017.

Timothy E. Skud,
Deputy Assistant Secretary of the Treasury.

[FR Doc. 2017–14822 Filed 7–13–17; 8:45 am]

BILLING CODE 9111–14–P

DEPARTMENT OF JUSTICE

Drug Enforcement Administration

21 CFR Part 1308

[Docket No. DEA–460]

Schedules of Controlled Substances: Temporary Placement of Acryl Fentanyl Into Schedule I

AGENCY: Drug Enforcement Administration, Department of Justice.

ACTION: Temporary scheduling order.

SUMMARY: The Administrator of the Drug Enforcement Administration is issuing this temporary scheduling order to schedule the synthetic opioid, N-(1-phenethylpiperidin-4-yl)-N-phenylacrylamide, (acryl fentanyl or acryloylfentanyl), and its isomers, esters, ethers, salts and salts of isomers, esters, and ethers, into Schedule I. This action is based on a finding by the Administrator that the placement of acryl fentanyl into Schedule I of the Controlled Substances Act is necessary to avoid an imminent hazard to the public safety. As a result of this order, the regulatory controls and administrative, civil, and criminal sanctions applicable to Schedule I controlled substances will be imposed on persons who handle (manufacture, distribute, reverse distribute, import, export, engage in research, conduct instructional activities or chemical analysis, or possess), or propose to handle, acryl fentanyl.

DATES: This temporary scheduling order is effective July 14, 2017, until July 15, 2019, unless it is extended for an additional year or a permanent scheduling proceeding is completed. The DEA will publish a document in the Federal Register announcing an extension or permanence.

FOR FURTHER INFORMATION CONTACT: Michael J. Lewis, Diversion Control Division, Drug Enforcement Administration; Mailing Address: 8701 Morrissette Drive, Springfield, Virginia 22152; Telephone: (202) 598–8612.

SUPPLEMENTARY INFORMATION:

Legal Authority

Section 201 of the Controlled Substances Act (CSA), 21 U.S.C. 811, provides the Attorney General with the authority to temporarily place a substance into Schedule I of the CSA for two years without regard to the requirements of 21 U.S.C. 811(b) if he finds that such action is necessary to avoid an imminent hazard to the public safety. 21 U.S.C. 811(b)(1). In addition, if proceedings to control a substance are
initiated under 21 U.S.C. 811(a)(1), the Attorney General may extend the temporary scheduling 1 for up to one year, 21 U.S.C. 811(h)(2).

Where the necessary findings are made, a substance may be temporarily scheduled if it is not listed in any other schedule under section 202 of the CSA, 21 U.S.C. 812, or if there is no exemption or approval in effect for the substance under section 505 of the Federal Food, Drug, and Cosmetic Act (FDCA), 21 U.S.C. 355. 21 U.S.C. 811(b)(1). The Attorney General has delegated scheduling authority under 21 U.S.C. 811 to the Administrator of the DEA. 28 CFR 0.100.

Background
Section 201(b)(4) of the CSA, 21 U.S.C. 811(h)(4), requires the Administrator to notify the Secretary of the Department of Health and Human Services (HHS) of his intention to temporarily place a substance into Schedule I of the CSA. 2 The Administrator transmitted the notice of intent to place acryl fentanyl into Schedule I on a temporary basis to the Assistant Secretary by letter dated April 17, 2017. The Assistant Secretary responded to this notice by letter dated May 2, 2017, and advised that based on review by the Food and Drug Administration (FDA), there are currently no investigational new drug applications or approved new drug applications for acryl fentanyl. The Assistant Secretary also stated that the HHS has no objection to the temporary placement of acryl fentanyl into Schedule I of the CSA. The DEA has taken into consideration the Assistant Secretary’s comments as required by 21 U.S.C. 811(b)(4). Acryl fentanyl is not currently listed in any schedule under the CSA, and no exemptions or approvals are in effect for acryl fentanyl under section 505 of the FDCA, 21 U.S.C. 355. The DEA has found that the control of acryl fentanyl in Schedule I on a temporary basis is necessary to avoid an imminent hazard to the public safety, and as required by 21 U.S.C. 811(b)(1)(A), a notice of intent to issue a temporary order to schedule acryl fentanyl was published in the Federal Register on June 2, 2017; 82 FR 35564.

To find that placing a substance temporarily into Schedule I of the CSA is necessary to avoid an imminent hazard to the public safety, the Administrator is required to consider three of the eight factors set forth in section 201(b)(1) of the CSA, 21 U.S.C. 811(c): The substance’s history and current pattern of abuse; the scope, duration and significance of abuse; and what, if any, risk there is to the public health. 21 U.S.C. 811(h)(3). Consideration of these factors includes actual abuse, diversion from legitimate channels, and clandestine importation, manufacture, or distribution. 21 U.S.C. 811(b)(3).

A substance meeting the statutory requirements for temporary scheduling may only be placed into Schedule I. 21 U.S.C. 811(b)(1). Substances in Schedule I are those that have a high potential for abuse, no currently accepted medical use in treatment in the United States, and a lack of accepted safety for use under medical supervision. 21 U.S.C. 812(b)(1).

Available data and information for acryl fentanyl, summarized below, indicate that this synthetic opioid has a high potential for abuse, no currently accepted medical use in treatment in the United States, and a lack of accepted safety for use under medical supervision. The DEA’s three-factor analysis, and the Assistant Secretary’s May 2, 2017, letter, are available in their entirety under the tab “Supporting Documents” of the public docket of this action at www.regulations.gov under FDMS Docket ID: DEA–2017–0005 (Docket Number DEA–460).

Factor 4. History and Current Pattern of Abuse
The recreational abuse of fentanyl-like substances continues to be a significant concern. These substances are distributed to users, often with unpredictable outcomes. Acryl fentanyl has recently been encountered by law enforcement and public health officials and the adverse health effects and outcomes are demonstrated by fatal overdose cases. The documented negative effects of acryl fentanyl are consistent with those of other opioids.

On October 1, 2014, the DEA implemented STARLIMS (a web-based, commercial laboratory information management system) to replace the System to Retrieve Information from Drug Evidence (STRIDE) as its laboratory drug evidence data system of record. DEA laboratory data submitted after September 30, 2014, are reposed in STARLIMS. Data from STRIDE and STARLIMS were queried on May 5, 2017. STARLIMS registered 36 reports containing acryl fentanyl, from Alabama, Connecticut, Illinois, Indiana, Kentucky, Louisiana, Minnesota, Missouri, North Carolina, South Carolina, Tennessee, Texas, and West Virginia. According to STARLIMS, the first laboratory submission of acryl fentanyl occurred in July 2016 in Texas. The National Forensic Laboratory Information System (NFLIS) is a national drug forensic laboratory reporting system that systematically collects results from drug chemistry analyses conducted by other federal, state and local forensic laboratories across the country. NFLIS registered 74 reports containing acryl fentanyl from state or local forensic laboratories in Arkansas, California, Connecticut, Iowa, Kentucky, Ohio, Pennsylvania, South Carolina, Texas, and Wisconsin (query date: May 5, 2017). The first report of acryl fentanyl was reported in Wisconsin in May 2016. The DEA is not aware of any laboratory identifications of acryl fentanyl prior to 2016.

Evidence suggests that the pattern of abuse of fentanyl analogues, including acryl fentanyl, parallels that of heroin and prescription opioid analgesics. Seizures of acryl fentanyl have been encountered in powder form, in solution, and packaged similar to that of heroin. Acryl fentanyl has been encountered as a single substance as well as in combination with other substances of abuse, including heroin, fentanyl, 4-fluoroisobutyrylfentanyl, and furanyl fentanyl. Acryl fentanyl has been connected to fatal overdoses, in which insufflation and intravenous routes of administration were documented.

Factor 5. Scope, Duration and Significance of Abuse
Reports collected by the DEA demonstrate acryl fentanyl is being abused for its opioid properties. This abuse of acryl fentanyl has resulted in morbidity and mortality (see DEA 3-Factor Analysis for full discussion). The DEA has received reports for at least 83 confirmed fatalities associated with acryl fentanyl. Information on these deaths, occurring as early as September 2016, was collected by the DEA from post-mortem toxicology and medical examiner reports. These deaths were reported from, and occurred in, Illinois (27), Maryland (22), New Jersey (1),

1 Though DEA has used the term “final order” with respect to temporary scheduling orders in the past, this document adheres to the statutory language of 21 U.S.C. 811(b)(4), which refers to a “temporary scheduling order.” No substantive change is intended.
2 As discussed in a memorandum of understanding entered into by the Food and Drug Administration (FDA) and the National Institute on Drug Abuse (NIDA), the FDA acts as the lead agency with regard to assigning out the Secretary’s scheduling responsibilities under the CSA, with the concurrence of NIDA. 50 FR 9518, Mar. 8, 1985. The Secretary of the HHS has delegated to the Assistant Secretary for the Health of the HHS the authority to make domestic drug scheduling recommendations. 58 FR 35460, July 1, 1993.

3 Data are still being collected for February 2017–April 2017 due to the normal lag period for labs reporting to NFLIS.
Ohio (31), and Pennsylvania (2). NFSLIS and STARLIMS have a total of 110 drug reports in which acryl fentanyl was identified in drug exhibits submitted to forensic laboratories in 2016 and 2017 from law enforcement encounters in Alabama, Arkansas, California, Connecticut, Illinois, Indiana, Iowa, Kentucky, Louisiana, Minnesota, Missouri, North Carolina, Ohio, Pennsylvania, South Carolina, Tennessee, Texas, West Virginia, and Wisconsin. It is likely that the prevalence of acryl fentanyl in opioid analgesic-related emergency room admissions and deaths is underreported as standard immunoassays may not differentiate this substance from fentanyl.

The population likely to abuse acryl fentanyl overlaps with the population abusing prescription opioid analgesics, heroin, fentanyl, and other fentanyl-related substances. This is evidenced by the routes of drug administration and drug use history documented in acryl fentanyl fatal overdose cases and encounters of the substance by law enforcement officials. Because abusers of acryl fentanyl are likely to obtain this substance through unregulated sources, the identity, purity, and quantity are uncertain and inconsistent, thus posing significant adverse health risks to the end user. Individuals who initiate (i.e., use a drug for the first time) acryl fentanyl abuse are likely to be at risk of developing substance use disorder, overdose, and death similar to that of other opioid analgesics (e.g., fentanyl, morphine, etc.).

Factor 6. What, if Any, Risk There Is to the Public Health

Acryl fentanyl exhibits pharmacological profiles similar to that of fentanyl and other μ-opioid receptor agonists. The toxic effects of acryl fentanyl in humans are demonstrated by overdose fatalities involving this substance. Abusers of acryl fentanyl may not know the origin, identity, or purity of this substance, thus posing significant adverse health risks when compared to abuse of pharmaceutical preparations of opioid analgesics, such as morphine and oxycodone.

Based on information reviewed by the DEA, the misuse and abuse of acryl fentanyl leads to the same qualitative public health risks as heroin, fentanyl and other opioid analgesic substances. As with any non-medically approved opioid, the health and safety risks for users are high. The public health risks attendant to the abuse of heroin and opioid analgesics are well established and have resulted in large numbers of drug treatment admissions, emergency department visits, and fatal overdoses.

Acryl fentanyl has been associated with numerous fatalities. At least 83 confirmed overdose deaths involving acryl fentanyl abuse have been reported from Illinois, Maryland, New Jersey, Ohio, and Pennsylvania in 2016 and 2017. As the data demonstrates, the potential for fatal and non-fatal overdoses exists for acryl fentanyl; thus, acryl fentanyl poses an imminent hazard to the public safety.

Finding of Necessity of Schedule I Placement To Avoid Imminent Hazard to Public Safety

In accordance with 21 U.S.C. 811(h)(3), based on the data and information summarized above, the continued uncontrolled manufacture, distribution, reverse distribution, importation, exportation, conduct of research and chemical analysis, possession, and abuse of acryl fentanyl pose an imminent hazard to the public safety. The DEA is not aware of any currently accepted medical uses for this substance in treatment in the United States. A substance meeting the statutory requirements for temporary scheduling, 21 U.S.C. 811(h)(1), may only be placed into Schedule I. Substances in Schedule I are those that have a high potential for abuse, no currently accepted medical use in treatment in the United States, and a lack of accepted safety for use under medical supervision. Available data and information for acryl fentanyl indicate that this substance has a high potential for abuse, no currently accepted medical use in treatment in the United States, and a lack of accepted safety for use under medical supervision. As required by section 201(h)(4) of the CSA, 21 U.S.C. 811(h)(4), the Administrator, through a letter dated April 17, 2017, notified the Assistant Secretary of the DEA’s intention to temporarily place this substance into Schedule I. A notice of intent was subsequently published in the Federal Register on June 2, 2017. 82 FR 25564.

Conclusion

In accordance with the provisions of section 201(h) of the CSA, 21 U.S.C. 811(h), the Administrator considered available data and information, herein sets forth the grounds for his determination that it is necessary to temporarily schedule acryl fentanyl into Schedule I of the CSA, and finds that placement of this synthetic opioid into Schedule I of the CSA is necessary to avoid an imminent hazard to the public safety.

Because the Administrator hereby finds it necessary to temporarily place this synthetic opioid into Schedule I to avoid an imminent hazard to the public safety, this temporary order scheduling acryl fentanyl will be effective on the date of publication in the Federal Register, and will be in effect for a period of two years, with a possible extension of one additional year, pending completion of the regular (permanent) scheduling process, 21 U.S.C 811(h)(1) and (2).

The CSA sets forth specific criteria for scheduling a drug or other substance. Permanent scheduling actions in accordance with 21 U.S.C. 811(a) are subject to formal rulemaking procedures done “on the record after opportunity for a hearing” conducted pursuant to the provisions of 5 U.S.C. 556 and 557. 21 U.S.C. 811. The permanent scheduling process of formal rulemaking affords interested parties with appropriate process and the government with any additional relevant information needed to make a determination. Final decisions that conclude the permanent scheduling process of formal rulemaking are subject to judicial review. 21 U.S.C. 877. Temporary scheduling orders are not subject to judicial review. 21 U.S.C. 811(h)(6).

Requirements for Handling

Upon the effective date of this temporary order, acryl fentanyl will become subject to the regulatory controls and administrative, civil, and criminal sanctions applicable to the manufacture, distribution, reverse distribution, importation, exportation, engagement in research, and conduct of instructional activities or chemical analysis with, and possession of Schedule I controlled substances including the following:

1. Registration. Any person who handles (manufactures, distributes, reverse distributes, imports, exports, engages in research, or conducts instructional activities or chemical analysis with, or possesses), or who desires to handle, acryl fentanyl must be registered with the DEA to conduct such activities pursuant to 21 U.S.C. 822, 823, 957, and 958 and in accordance with 21 CFR parts 1301 and 1312, as of July 14, 2017. Any person who currently handles acryl fentanyl, and is not registered with the DEA, must submit an application for registration and may not continue to handle acryl fentanyl as of July 14, 2017, unless the DEA has approved that application for registration pursuant to 21 U.S.C. 822, 823, 957, and 958, and in accordance with 21 CFR parts 1301 and 1312. Retail sales
of Schedule I controlled substances to the general public are not allowed under the CSA. Possession of any quantity of this substance in a manner not authorized by the CSA on or after July 14, 2017 is unlawful and those in possession of any quantity of this substance may be subject to prosecution pursuant to the CSA.

2. Disposal of stocks. Any person who does not desire or is not able to obtain a Schedule I registration to handle acryl fentanyl, must surrender all quantities of currently held acryl fentanyl.

3. Security. Acryl fentanyl is subject to Schedule I security requirements and must be handled and stored pursuant to 21 U.S.C. 821, 823, 871(b), and in accordance with 21 CFR part 1301.71–1301.93, as of July 14, 2017.

4. Labeling and packaging. All labels, labeling, and packaging for commercial containers of acryl fentanyl must be in compliance with 21 U.S.C. 825, 958(e), and be in accordance with 21 CFR part 1302. Current DEA registrants shall have 30 calendar days from July 14, 2017, to comply with all labeling and packaging requirements.

5. Inventory. Every DEA registrant who possesses any quantity of acryl fentanyl on the effective date of this order must take an inventory of all stocks of this substance on hand, pursuant to 21 U.S.C. 827 and 858, and in accordance with 21 CFR 1304.03, 1304.04, and 1304.11. Current DEA registrants shall have 30 calendar days from the effective date of this order to be in compliance with all inventory requirements. After the initial inventory, every DEA registrant must take an inventory of all controlled substances (including acryl fentanyl) on hand on a biennial basis, pursuant to 21 U.S.C. 827 and 858, and in accordance with 21 CFR 1304.03, 1304.04, and 1304.11.

6. Records. All DEA registrants must maintain records with respect to acryl fentanyl pursuant to 21 U.S.C. 827 and 858, and in accordance with 21 CFR parts 1304, 1312, 1317, and § 1307.11. Current DEA registrants shall have 30 calendar days from the effective date of this order to be in compliance with all recordkeeping requirements.

7. Reports. All DEA registrants who manufacture or distribute acryl fentanyl must submit reports pursuant to 21 U.S.C. 827 and in accordance with 21 CFR parts 1304 and 1312 as of July 14, 2017.

8. Order Forms. All DEA registrants who distribute acryl fentanyl must comply with order form requirements pursuant to 21 U.S.C. 826 and in accordance with 21 CFR part 1305 as of July 14, 2017.

11. Liability. Any activity involving acryl fentanyl not authorized by, or in violation of the CSA, occurring as of July 14, 2017, is unlawful, and may subject the person to administrative, civil, and/or criminal sanctions.

Regulatory Matters

Section 201(h) of the CSA, 21 U.S.C. 811(h), provides for a temporary scheduling action where such action is necessary to avoid an imminent hazard to the public safety. As provided in this subsection, the Attorney General may, by order, schedule a substance in Schedule I on a temporary basis. Such an order may not be issued before the expiration of 30 days from (1) the publication of a notice in the Federal Register of the intention to issue such order and the grounds upon which such order is to be issued, and (2) the date that notice of the proposed temporary scheduling order is transmitted to the Assistant Secretary, 21 U.S.C. 811(b)(1).

Inasmuch as section 201(h) of the CSA directs that temporary scheduling actions be issued by order and sets forth the procedures by which such orders are to be issued, the DEA believes that the notice and comment requirements of the Administrative Procedure Act (APA) at 5 U.S.C. 553 must be applied to this temporary scheduling action. In the alternative, even assuming that this action might be subject to 5 U.S.C. 553, the Administrator finds that there is good cause to forgo the notice and comment requirements of 5 U.S.C. 553, as any further delays in the process for issuance of temporary scheduling orders would be impracticable and contrary to the public interest in view of the manifest urgency to avoid an imminent hazard to the public safety.

Further, the DEA believes that this temporary scheduling action is not a "rule" as defined by 5 U.S.C. 601(2), and, accordingly, is not subject to the requirements of the Regulatory Flexibility Act. The requirements for the preparation of an Initial regulatory flexibility analysis in 5 U.S.C. 603(a) are not applicable where, as here, the DEA is not required by the APA or any other law to publish a general notice of proposed rulemaking.

Additionally, this action is not a significant regulatory action as defined by Executive Order 12866 (Regulatory Planning and Review), section 3(f), and, accordingly, this action has not been reviewed by the Office of Management and Budget (OMB).

This action will not have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. Therefore, in accordance with Executive Order 13132 (Federalism) it is determined that this action does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

As noted above, this action is an order, not a rule. Accordingly, the Congressional Review Act (CRA) is inapplicable, as it applies only to rules. However, if this were a rule, pursuant to the Congressional Review Act, "any rule for which an agency for good cause finds that notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest, shall take effect at such time as the federal agency promulgating the rule determines." 5 U.S.C. 808(2). It is in the public interest to schedule this substance immediately to avoid an imminent hazard to the public safety. This temporary scheduling action is taken pursuant to 21 U.S.C. 811(h), which is specifically designed to enable the DEA to act in an expeditious manner to avoid an imminent hazard to the public safety. 21 U.S.C. 811(h) exempts the temporary scheduling order from standard notice and comment rulemaking procedures to ensure that the process moves as quickly as possible for the same reasons that underlie 21 U.S.C. 811(h), that is, the DEA's need to move quickly to place this substance into Schedule I because it poses an imminent hazard to the public safety, it would be contrary to the public interest to delay implementation of the temporary scheduling order. Therefore, this order shall take effect immediately upon its publication. The DEA has submitted a copy of this temporary order to both Houses of Congress and to the Comptroller General, although such filing is not required under the Small Business Regulatory Enforcement Fairness Act of 1996 (Congressional Review Act), 5 U.S.C. 801–808 because, as noted above, this action is an order, not a rule.

List of Subjects in 21 CFR Part 1308

Administrative practice and procedure, Drug traffic control,
PART 1308—SCHEDULES OF CONTROLLED SUBSTANCES

1. The authority citation for part 1308 continues to read as follows:

Authority: 21 U.S.C. 811, 812, 871(b), unless otherwise noted.

2. Amend §1308.11 by adding paragraph (h)(17) to read as follows:

§1308.11 Schedule I

21 CFR Part 1310

[Notice No. DEA-379]

RIN 1117-ZA04

Designation of Alpha-Phenylacetoacetonitrile (APAAN), a Precursor Chemical Used in the Illicit Manufacture of Phenylacetone, Methamphetamine, and Amphetamine, as a List I Chemical

AGENCY: Drug Enforcement Administration, Department of Justice.

ACTION: Final rule.

SUMMARY: The Drug Enforcement Administration (DEA) is finalizing the designation of the chemical alpha-phenylacetoacetonitrile (APAAN) and its salts, optical isomers, and salts of optical isomers, as a list I chemical under the Controlled Substances Act (CSA). The DEA proposed control of APAAN, due to its use in clandestine laboratories to illicitly manufacture the schedule II controlled substances phenylacetone (also known as phenyl-2-propanone or P2P), methamphetamine, and amphetamine. This rulemaking finalizes, without change, the control of APAAN as a list I chemical.

This action does not establish a threshold for domestic and international transactions of APAAN. As such, all transactions involving APAAN, regardless of size, shall be regulated. In addition, chemical mixtures containing APAAN are not exempt from regulatory requirements at any concentration. Therefore, all transactions of chemical mixtures containing any quantity of APAAN shall be regulated pursuant to the CSA. However, manufacturers may submit an application for exemption for those mixtures that do not qualify for automatic exemption.

DATES: Effective date: August 14, 2017.

SUPPLEMENTARY INFORMATION:

Legal Authority

The Controlled Substances Act (CSA) gives the Attorney General the authority to specify, by regulation, chemicals as list I or list II chemicals. 21 U.S.C. 802 (34) and (35). A "list I chemical" is a chemical that is used in manufacturing a controlled substance in violation of title II of the CSA, and is important to the manufacture of the controlled substance. 21 U.S.C. 802(34). A "list II chemical" is a chemical (other than a list I chemical) that is used in manufacturing a controlled substance in violation of title II of the CSA. 21 U.S.C. 802(35). The current list of all listed chemicals is published at 21 CFR 1310.02. Pursuant to 28 CFR 0.100(b), the Attorney General has delegated his authority to designate list I and list II chemicals to the Administrator of the Drug Enforcement Administration.

In addition, the United States is a party to the 1988 United Nations Convention against Illicit Traffic in Narcotic Drugs and Psychotropic Substances (1988 Convention). When the United States receives notification that a chemical has been added to Table I or Table II of the 1988 Convention pursuant to article 12, the United States is required to take measures it deems appropriate to monitor the manufacture and distribution of that chemical within the United States and to prevent its diversion. In addition, the 1988 Convention requires the United States to take other specified measures related to that chemical, including measures related to its international trade.

Background

By a letter dated April 9, 2014, the Secretary-General of the United Nations informed the United States Government that the chemical alpha-phenylacetoacetonitrile (APAAN) was added to Table I of the 1988 Convention. This letter was prompted by a March 19, 2014, decision at the 57th Session of the United Nations Commission on Narcotic Drugs (CND) to add APAAN to Table I. As a Party to the 1988 Convention, the United States is obligated, pursuant to article 12, to take measures it deems appropriate to monitor the manufacture and distribution of APAAN within the United States and to prevent its diversion. Article 12 also obligates the United States to take other specified measures related to APAAN, including measures related to its international trade. By designating APAAN, which is a primary precursor for the manufacture of phenylacetone (also known as phenyl-2-propanone or P2P) or benzyl methyl ketone, methamphetamine, and amphetamine, as a list I chemical, the United States will fulfill its obligations under the 1988 Convention.

Designation of APAAN and Its Salts, Optical Isomers, and Salts of Optical Isomers as a List I Chemical

On December 12, 2016, DEA published a Notice of Proposed Rulemaking (NPRM) proposing control of APAAN, due to its use in clandestine laboratories to illicitly manufacture the schedule II controlled substances phenylacetone (also known as phenyl-2-propanone or P2P), methamphetamine, and amphetamine. 81 FR 89402. In response to the NPRM, only one comment was received. This comment was supportive of the DEA’s proposed control of APAAN. As such, this rulemaking finalizes the control of APAAN as a list I chemical.

On the effective date of this final rule, handlers of APAAN shall be subject to the chemical regulatory provisions of the CSA, including 21 CFR parts 1309, 1310, 1313, and 1316. Since even a small amount of APAAN can make a significant amount of P2P, this action does not establish a threshold for domestic and import transactions of APAAN in accordance with the provisions of 21 CFR 1310.04(g). Therefore, all APAAN transactions, regardless of size, will be regulated.
