FINDINGS

2. Based on the information known by or provided to the Department, the following findings are asserted for purposes of this Contract:

A. Owners and Operators: The owners and operators of the Property include the following:

William M. Burdell and Margaret Burdell Dabagh	1911 to 1964
Clyde G. Branham	1964 to 1970
E.B. Newman	1965 to 1970
J. Grant Hazelwood and Dallas R. Hazelwood	1970 to 1972

Dallas R. Hazelwood	1972 to 1980
William Madison Hazelwood	1980 to 1981
Beverly S. Hazelwood, as Trustee of the Hazelwood Children's Trust	1981 to Present

B. Property and Surrounding Areas: The Property is bounded generally by commercial property to the north and east, U.S. Highway to the south with a car dealership beyond, and commercial property to the west.

The Property was developed in the early 1970's. Prior to development the Property was used for agriculture. Hazelwood Cleaners began operation of a drycleaning facility in the 1970's. Drycleaning operations ceased in 2006. From a Phase I Environmental Assessment Report dated November 15, 2012, the facility reportedly used Stoddard solvent and tetrachloroethylene (PCE) cleaning chemicals. Solvent impacts have been identified in on site groundwater. The site is currently part of the South Carolina Department of Health and Environmental Control (DHEC) Drycleaner Trust Fund (Fund) and is eligible for funding from the Fund for costs associated with the assessment, rehabilitation, and restoration of the site. Two DHEC initiated assessments have been performed. Solvent concentrations above the maximum contaminant level (MCL) were found in groundwater samples.

C. Investigations/Reports: On May 30, 2013, Hawthorne Pharmacy entered into VCC 13-6161-NRP. Following assessment activities on the Property, Hawthorne Pharmacy terminated the contract on December 11, 2014. A VCC Assessment report (November 15, 2013, Terracon) was prepared in support of VCC 13-6161-NRP. Three surface and three subsurface soil sample were collected from the Property and analyzed for metals, volatile organic compounds (VOCs), and semi-volatile organic compounds (SVOCs). Analysis of soil detected arsenic (3.12 mg/kg) and thallium (0.87 mg/kg).

Three groundwater samples were collected from three locations on the Property. Groundwater samples were analyzed for metals, VOCs, and SVOCs. Analysis of groundwater samples detected tetrachloroethylene (PCE) at concentrations as high as 16,400 µg/l.

Soil gas samples were collected from the slab/ground interface as presented in the VCC Assessment Report Addendum (April 15, 2015, Terracon). Analysis of soil gas samples detected PCE at a concentration of 3,400,000 µg/m³.

D. Applicant Identification: Ronald Lee Campbell is an individual with his principal place of business located at 101 Tavern Branch Drive, Chesterfield, SC 29709. Mr. Campbell affirms that he has the financial resources to conduct the response action pursuant to this Contract.

- 6). Failure by Mr. Campbell or his Beneficiaries to obtain the applicable permits from the Department for the response actions or other activities undertaken at the Property pursuant to this Contract; or,
- 7). Failure by Mr. Campbell or his Beneficiaries to make material progress toward the expansion, redevelopment, or reuse of the property as determined by the Department upon consideration of Mr. Campbell's or his Beneficiaries' marketing efforts, regional economic conditions, and other pertinent information on the Property.

B. Should Mr. Campbell or his Beneficiaries elect to terminate, that party shall certify to the Department's satisfaction that any environmental or physical hazards caused or contributed by Mr. Campbell or his Beneficiaries have been stabilized or mitigated such that the Property does not pose hazards to human health or the environment.

C. Termination of this Contract by any party does not waive the Department's authority to require response action under any applicable state or federal law.

D. Termination of this Contract by any party does not end the obligations of Mr. Campbell or his Beneficiaries to pay costs incurred by the Department pursuant to this Contract. Payment for such costs shall become immediately due.

E. Upon termination, the protections provided under this Contract shall be null and void as to any party who participated in actions giving rise to termination of the Contract. Revocation of protections shall also apply to that party's lenders, parents, subsidiaries, and successors, including lessees, heirs, devisees, and other parties taking an interest in the Property through that party who participated in actions giving rise to termination of the contract. The protections will continue for any party who has received protections through a Certificate of Completion for this Contract, and who did not participate in the actions giving rise to the termination.

ENTITLEMENT OF PROTECTIONS AND BENEFITS

17. Mr. Campbell and his Beneficiaries are entitled to the protections and benefits in regard to Existing Contamination provided by South Carolina statutes as follows:

A. Effective on the date this Contract is first executed by the Department:

- 1). Protection from contribution claims under CERCLA Section 113.42 U.S.C. § 9613 and § 44-56-200, et seq.
- 2). Protection from third-party claims as provided by S.C. Code Ann. § 44-56-750(H).
- 3). Eligibility to file annual application for Voluntary Cleanup Activity Tax Credits pursuant to S.C Code § 12-6-3550.

B. Effective on the date the Certificate of Completion is issued by the Department.

- 1). The Department's covenant not to sue Mr. Campbell and his Beneficiaries for Existing Contamination but not for any Contamination, releases and consequences caused or contributed by Mr. Campbell or his Beneficiaries.
- 2). Specific tax credits or additional benefits expressly contingent in South Carolina statutes on issuance of the Certificate of Completion.

C. These Protections and Benefits do not apply to any Contamination, releases, and consequences caused or contributed by Mr. Campbell or his Beneficiaries. The Department retains all rights under State and Federal laws to compel Mr. Campbell and his Beneficiaries to perform or pay for response activity for any Contamination, releases and consequences caused or contributed by Mr. Campbell or his Beneficiaries.

RESERVATION OF RIGHTS BY THE DEPARTMENT

18. Nothing in this Contract is intended to be, or shall be construed as, a release or covenant not to sue for any claim or cause of action, past or future, that the Department may have against any person, firm, or corporation other than Mr. Campbell and his Beneficiaries. The Department reserves the right to undertake future response actions at the Site and to seek to compel parties, other than Mr. Campbell and his Beneficiaries, to perform or pay for response actions at the Site. Nothing in this Contract shall in any way restrict or limit the nature or scope of response actions that may be taken or be required by the Department in exercising its authority under State and Federal law.

RESERVATION OF RIGHTS BY RONALD LEE CAMPBELL

19. Mr. Campbell retains all rights to assert claims in law or equity against any person, company, or entity with respect to the Property, except as limited elsewhere by this Contract. Mr. Campbell and his Beneficiaries specifically deny responsibility for response costs or damages resulting from Existing Contamination except for Contamination, releases, and consequences they cause or contribute. However, Mr. Campbell and his Beneficiaries agree to undertake the requirements of this Contract.

BURDEN OF PROOF

20. Mr. Campbell and his Beneficiaries shall have the continuing obligation to demonstrate that any newly discovered Contamination is not caused or contributed by Mr. Campbell or his Beneficiaries. Mr. Campbell and his Beneficiaries shall make this demonstration to the Department's satisfaction in accordance with State or Federal Law applicable to such newly discovered Contamination. For purposes of this clause, newly discovered Contamination means finding types of Contamination not previously identified at the Property or substantially higher concentrations of Existing Contamination.

LIMITATION OF CLAIMS BY RONALD LEE CAMPBELL AND HIS BENEFICIARIES

21. In consideration of the protections from the Department under this Contract, Mr. Campbell and his Beneficiaries agree not to assert any claims or causes of action against the Department or to seek other costs, damages, or attorney's fees from the Department arising out of activities undertaken at the Property pursuant to this Contract. This limitation shall not extend to any claims or causes of action resulting from the Department's intentional or negligent acts or omissions, or the Department's willful breach of this Contract.
