

ABOUT DR. BRENDAN CAMPBELL

Dr. Campbell has a broad interest in pediatric surgery with expertise in minimally invasive surgery, enteral access, pediatric gynecology, pediatric thoracic surgery, solid tumors, inflammatory bowel disease, trauma, burns, and neonatal surgery. His research activities are focused on childhood injury prevention and health services research in pediatric surgery with an emphasis on surgical quality. Dr. Campbell was a member of former governor Jodi Rell's Teen Driving Task Force that provided evidenced-based recommendations to the state legislature on how to improve Connecticut's graduated driver licensing laws. He is currently the State Chair for the American College of Surgeons Committee on Trauma.

12TH ANNUAL SC PEDIATRIC TRAUMA AND INJURY PREVENTION SYMPOSIUM

February 25th, 2022

Virtually and In-Person*

**In-person limited to 75 attendees to allow for safe social distancing*

Courtyard Marriott
125 Calhoun Street
Charleston, SC 29401

Target Audience—Statewide multidisciplinary symposium designed for trauma surgeons who care for injured children, emergency medicine physicians, pediatricians, other physicians, physician assistants, nurse practitioners, nurses, pre-hospital providers, injury prevention specialists and other health care professionals involved in the care of injured children.

Educational Objectives—After attending, participants should be able to:

- Report intent to apply best evidence-based practice and family-centered care to the pediatric trauma patient from time of injury through rehabilitation and recovery.
- Indicate a knowledge of ways to educate providers on pediatric trauma through simulation.
- Relate patient stories and case presentations to the need for research, advocacy, and injury prevention for children.

Faculty:

- Dr. Chris Streck, MUSC Children's Health
- Dr. Elizabeth Mack, MUSC Children's Health
