RE: Soil Gas Sampling Addendum to Revised Remedial Site Investigation
Bluewater Thermal Solutions Site
Laurens, SC
File # 305608

Dear Mr. Mazengia:

The South Carolina Department of Health and Environmental Control (the Department) has reviewed and approves the Soil Gas Sampling Addendum to the Revised Remedial Site Investigation Work Plan, dated October 26, 2017, for the Bluewater Thermal Solutions Site, in Laurens, South Carolina. Attached is the monitoring well installation permit for the installation of up to ten (10) temporary monitoring wells. All activities should be conducted consistent with R.61-71.

As stated in the permit, the wells should be installed per the proposed construction details and at the locations provided in the August 7, 2017, Monitoring Well Permit Application.

Please inform the Department at least 5 days prior to work being conducted at the site. If you have any questions or concerns please contact me at 803-898-2430 or rahnr@dhec.sc.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Regan Rahn", is written over a light blue horizontal line.

Monitoring Well Approval

Date of Issuance: November 1, 2017

Approval #: MW-11309

Approval is hereby granted to: Richard Scherer
Gibraltar Industries Inc.
50 Fountain Plaza, S 1700
Buffalo, NY 19202

Facility: Bluewater Thermal Solutions
Laurens, South Carolina

This approval is for the installation of up to ten (10) temporary monitoring wells. The monitoring wells are to be installed at the locations identified and per the proposed construction details provided in the August 7, 2017 monitoring well installation permit application. All monitoring wells are to be installed following all of the applicable requirements of R.61-71.

Please note that R.61-71 requires the following:

1. All wells shall be drilled, constructed, and abandoned by a South Carolina certified well driller per R.61-71.D.1.
2. All wells shall be properly developed per R.61-71.H.2.d. A Water Well Record Form or other form provided or approved by the Department shall be completed and submitted within 30 days after well completion or abandonment unless another schedule has been approved by the Department. The form should contain the "as-built" construction details and all other information required by R.61-71.H.1.f
3. All analytical data and water levels obtained from each monitoring well shall be submitted to the author of this approval within 30 days of receipt of laboratory results unless another schedule has been approved by the Department as required by R.61-71.H.1.d.
4. All monitoring wells shall be labeled as required by R.61-71.H.2.c.
5. If any of the information provided to the Department changes, including the proposed drilling date, the Author (803-898-2430) shall be notified at least twenty-four (24) hours prior to well construction as required by R.61-71.H.1.a.

This approval is pursuant to the provisions of Section 44-55-40 of the 1976 South Carolina Code of Laws and R.61-71 of the South Carolina Well Standards, dated April 26, 2002.

Regan Rahn, Project Manager
