RE: Remedial Investigation Report Addendum
CSXT Bramlette Road Site
Greenville, South Carolina

Dear Mr. Powell:

The State Voluntary Cleanup Program has reviewed the Remedial Investigation Report Addendum received by the Department on July 30, 2021. The Department agrees that the nature and extent of MGP related impacts has been determined sufficiently to begin the evaluation of remedial alternatives. The Department will need to work with CSX, Duke, and the community to determine the long-term fate of construction and demolition debris from the Vaughn Landfill so that the feasibility study phase of the project can move forward.

If you have any questions, please contact me at (803) 898-0910 or by email at cassidga@dhec.sc.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Greg Cassidy", is written over a faint horizontal line.

Greg Cassidy
State Voluntary Cleanup Section
Div. of Site Assessment, Remediation & Revitalization
Bureau of Land and Waste Management
