Re: Westinghouse Electric/Columbia Plant
Phase II Remedial Investigation Work Plan Addendum dated February 12, 2021
Richland County
Consent Agreement CA-19-02-HW
File # 51377

Dear Ms. Joyner:

The South Carolina Department of Health and Environmental Control (Department) has reviewed and approves the Phase II Remedial Investigation Work Plan Addendum Sediment Sampling plan. The Department noted that a VibraCore sampler will also be used to collect the sediment samples. The Department concurs with the sediment surface (SED-44B1 through SED-44B8) at sampling intervals of 0 to 6 inches and 6 to 12 inches below sediment surface. The Department concurs with the additional sediment transect be placed between the SED-44 location and the Upper Sunset Dike and the three sampling locations (SED-66, SED-67 and SED-68). If you have any questions, please contact me at kuhnkm@dhec.sc.gov or (803) 898-0722.

Sincerely,

A handwritten signature in blue ink, appearing to read "Kimberly M. Kuhn".
