TIC-TAC-TOE RACE

WHAT YOU NEED:

- 4 sticks, string, etc. Anything you can use to make a line. (In this picture, I used chalk).
- 10 rocks, balls, or any other small object. (In this picture, I used tennis balls).

HOW TO PLAY:

1. Take your 4 sticks, string, or whatever material you choose and lay them out in the shape of a tic-tac-toe board.
2. Grab your 10 small objects. Put an “X” on 5 of them and an “O” on the other 5. You can make it extra fun and decorate your objects.
3. Have an adult hide them around your house or outside in your yard.
4. Then have you and the person you are running against line up beside the tic-tac-toe board you set up. One person will look for the X objects and the other will look for the O objects.
5. Count down from 3 – when it hits 1, run and try to find your object.
6. Whenever you find one object, run back and place it on the board. Continue this until you have found all of your objects.
7. The first person to get three in a row wins.
