Vaccine Reimbursement

• Vaccine Reserve Account
  • Joint Resolution No. 2 of 2021

• Costs incurred for community COVID-19 vaccinations, that are more than the combination of any reimbursements received from other sources (e.g., federal, private funds, donations, or insurance) and total reimbursement per vaccine may be eligible for reimbursement.

• DHEC will process invoices from Providers twice per month.
  • Providers must sign the contract by March 31, 2021, or 30 days after COVID-19 provider enrollment and activation to be eligible for reimbursement.

• DHEC has developed an online portal to help streamline the contract and payment process. This portal allows each Provider to do the following:
  • Sign the contract to support COVID-19 vaccination costs; and
  • Submit invoices for reimbursement.
