# FOOD PRODUCTS SPECIFICATIONS

Submit your food item(s) request to:  
[wicfoodrequest@dhec.sc.gov](mailto:wicfoodrequest@dhec.sc.gov)

## South Carolina WIC Approved Food List Submission Process

### Selection Criteria:

Foods are selected based on (1) USDA Federal Guidelines for WIC, (2) WIC participant acceptance, (3) cost, (4) container size, (5) availability, and (6) comparison of submitted products.

Please note that food products must have been commercially available in SC for a **minimum of one year** prior to eligibility consideration with no distribution, recall, or documented health problems.

See the **Food Products Specifications** brochure found at <https://www.scdhec.gov/Health/WIC/ForVendors/> and USDA requirements found at <https://www.fns.usda.gov/wic/information-food-manufacturers-regarding-wic-food-packages> to ensure your product meets guidelines and is an eligible product. Food products must comply with the applicable local, state, and federal laws.

### Procedure:

Please read this document carefully for product specifications and submission procedures. Use the DHEC 0752 for **all** food product submissions. No other forms of submission, for example floppy disc, thumb drive, or company's spreadsheet will no longer be accepted. SC WIC may request additional information as needed.

Submit required items within the specified timeframe. SC WIC Food products must be submitted every year, even if your product(s) is currently on the SC WIC Approved Food list.

***Submission of a food product for consideration does not guarantee that the product submitted will appear on the SC WIC Approved Food List. The SC WIC Program reserves the right to change the SC WIC Approved Food List at any time.***

### Timeframe:

- The WIC year funds October 1 – September 31.
- Submission deadline is March 1<sup>st</sup> of each year for the following fiscal year.
- Food product review and evaluation is in May of each year.
- Food product selection notifications are sent by the end of June each year.
- All decisions concerning South Carolina WIC Approved Foods are implemented on October 1<sup>st</sup> each year.

### Notification:

Companies must contact the SC WIC State Office immediately if the product is reformulated, has undergone a packaging or labeling changed, or has been recalled. If the WIC Program is not notified the product will be eliminated from the program.
