

McLeod Regional Medical Center **Emergency Department**
Moves to NEW location on
Monday, June 28, 2021 at 5:00 a.m.

Attention: All Emergency Medical Service Providers, First Responders and Law Enforcement

Meeting the needs of emergency and trauma patients who seek life-saving treatment at McLeod is the goal behind construction of the new 44,316 square-foot Emergency Department at McLeod Regional Medical Center in Florence.

The expanded McLeod Emergency Department is designed to serve nearly 110,000 patients a year and includes 81 patient rooms, triage rooms for immediate patient evaluation, designated trauma rooms, a covered drop-off area for patients at the front entrance, lab and radiology located in the department for quick access, five ambulance bays at a dedicated entrance and a new helipad adjacent to the ambulance entrance.

Where:

The new McLeod Emergency Department is located on the McLeod Regional Medical Center campus between the McLeod Pavilion Tower and McLeod Medical Park East. The McLeod Emergency Department occupies the first floor of the newly constructed four-story building, McLeod Pavilion East.
