**South Carolina Department of Health and Environmental Control (DHEC)
Federal Title V State Sexual Risk Avoidance Education (SRAE) Program - FY 2022 Grant Year**

Request for Grant Applications (RFGA)

I. BACKGROUND

In FY2018, the U.S. Congress amended Section 510 of the Social Security Act (42 U.S.C § 710), by section 50502 of the Bipartisan Budget Act of 2018 (Pub. L. No. 115-123), and further by section 701 of Division S of the Consolidated Appropriations Act, 2018 (Pub. L. No. 115-141) to authorize funding to US DHHS. The Title V State Sexual Risk Avoidance Education (SRAE) program supports funding to states, territories or other entities to provide education to youth 10-19 that normalizes the optimal health behavior of avoiding non-marital sexual activity. The program is designed to teach youth personal responsibility, self-regulation, goal setting, healthy decision-making, a focus on the future, and the prevention of youth risk behaviors such as drug and alcohol usage without normalizing teen sexual activity.

II. SCOPE OF GRANT PROPOSAL

DHEC solicits proposals from state and local public or non-profit organizations who can document their capacity to implement programs utilizing SRAE strategies which normalize the optimal health behavior of avoiding non-marital sexual activity to youth ages 10-19 in priority areas of the state as outlined in Table A. The organization(s) must have the documented infrastructure capacity to operate on a cost reimbursement basis.

FUNDING FOR APPLICANTS IS DEPENDENT UPON RECEIPT OF FEDERAL FUNDS BY DHEC.

Projects must focus on the social, psychological and health gains to be realized by delaying initiation of sexual activity and engaging in healthy relationships. The purpose of the Title V State Sexual Risk Avoidance Education (SRAE) Program is to fund states and territories to implement education exclusively on sexual risk avoidance that teaches youth to voluntarily refrain from sexual activity.

Sexual education programs that promote the use of contraceptives are NOT ELIGIBLE for funding under this RFGA. If information on contraceptives is provided, it must be medically accurate and complete and ensure that students understand that contraception offers physical risk reduction, but not risk elimination. Education cannot include demonstrations, simulations, or distribution of contraceptive devices.

Each awarded applicant shall use Federal SRAE funds administered by DHEC to provide services in the same or substantially same manner as detailed in DHEC's FY2021 SC State SRAE Plan, which can be found at: <https://scdhec.gov/abstinence> .

A. Federal Subaward Period (Program Period and Budget Period):

Applications from all eligible applicants will be considered. The program and budget period is approximately Twelve (12) months and will begin on October 1, 2021 or when Federal Subawards are fully executed, whichever is later, and will end on September 30, 2022. Awards are subject to funding availability from U.S. DHHS to DHEC.

B. Available Funding:

The total dollar amounts available under this RFGA totals \$800,000.00 dependent on an approved state application and availability of federal funds. The dollar amount awarded to the selected applicant(s)

will be based on fund availability and the strength of applications submitted in response to the RFGA as evaluated by the review panel.

C. Cost Sharing/Match Requirements and restrictions:

There is no cost sharing/match requirement for these federal funds. Awardees must agree to use these funds only in accordance with the provisions of all applicable federal and state laws, regulations, policies and other terms and conditions governing this program and governing the use of federal funds. General and program specific Terms and Conditions can be found at <https://www.acf.hhs.gov/grants/mandatory-formula-block-and-entitlement-grants>

NOTE: These funds may not be used for the following:

- To supplant ongoing or usual activities of any organization involved in the project
- To reimburse pre-award costs
- To support planning efforts and other activities associated with the program or application
- For fundraising, political education or lobbying activities
- To purchase or improve land, or to purchase, construct, or make permanent improvements to any building.

D. Eligibility

1. Eligible applicants must be a non-profit 501c3 organization with a minimum of three (3) year documented history of providing Sexual Risk Avoidance Education (SRAE) program services using an educational curriculum for which funding is being applied and outlined in the Scope of Services.
2. Applicants must show capacity to implement programs utilizing SRAE strategies which normalize the optimal health behavior of avoiding non-marital sexual activity to youth ages 10-19 in priority areas of the state as outlined in (Table A on page 7).
3. The organization(s) must have the documented financial ability to operate on a cost reimbursement basis.
4. Applicants must have the capability in all respects to perform fully the grant requirements and the integrity and reliability which will assure good faith performance which may be substantiated by past performance.
5. Applicants must be both responsive /responsible. A responsive applicant is one who has submitted a proposal that conforms in all material aspects to this RFGA. A responsible applicant is one who has the capability in all respects to perform fully the grant requirements and the integrity and reliability which will assure good faith performance that may be substantiated by past performance. DHEC may base responsibility determinations on any available information, including information not contained in the applicant's submission. DHEC may reject any proposal from a nonresponsive or non-responsible applicant, regardless of score.

E. Risk Assessment

As noted in the [Code of Federal Regulations 2 CFR 200.331 \(b\)](#), DHEC as the pass-through entity of federal grant awards is responsible for monitoring subrecipients for compliance with all requirements of the award and applicable federal, state, county and municipal laws, ordinances, rules, and regulations.

Pre-award - DHEC has adopted a best practice approach of performing pre-award risk assessments before applicants receive Federal subawards. This best practice is consistent with 2 CFR 205. The pre-award risk assessment (**see Attachment III**) is in the form of a survey/questionnaire to be completed by the applicants/potential subrecipients. A completed pre-award risk assessment survey must be included with the application

Post-award - The post-award frequency of future monitoring will be determined by identification of any risk factors which would indicate a need for increased monitoring. Actual subrecipient performance will be monitored on an ongoing basis.

Methods for evaluating risk and ensuring compliance may include but are not limited to:

1. Risk assessment surveys
2. Desk audits of documentation
3. Reviewing the actions taken by the subrecipients to ensure obligations of subawards are being met
4. Interviews with the subrecipients, their clients and program staff
5. Reviewing financial stability (financial statements)
6. Assessing the quality of management systems and ability to meet the management standards prescribed in 2 CFR 200
7. Reviewing the prior history of the subrecipient's performance in managing Federal awards
8. Reviewing findings from audits

F. Service Delivery Area/Target Population:

SRAE programs must provide services to youth populations between the ages of 10 and 19. In addition, programs may target services to vulnerable youth populations to include: those living in under-resourced areas or areas with high teen birth rates and STIs, culturally underrepresented youth populations, especially Hispanic, African American, or Native American, youth in or aging out of foster care or adjudication systems, youth who are victims of trafficking, runaway or homeless. DHEC's intent for this funding is for SRAE programs to lower rates of:

- Out-of-wedlock births
- Abortion
- Adolescents 19 years old and younger who engage in sexual intercourse.
- Sexually Transmitted Infections (STI) and
- Teen pregnancies and births

Applicants should utilize Table A below to guide in the selection of targeted county/counties for program delivery. Priority areas are designated (1 through 6, with 1=highest priority) based on the most recent rates available for a subset of the indicators mentioned. Applicants are encouraged to plan services in Priority Areas 1-3. However, if the applicant plans services in Priority Areas 4-6, the applicant must provide justification for the inclusion of lower priority counties (such as plans to serve a high-risk population as described above or a larger number of youth).

Planning, service coordination, and communication are encouraged so that only one (1) organization and/or program type is funded in each area with federal resources. Current subrecipients provide direct services to adolescents in schools and/or community organizations physically located in the following counties: Anderson, Berkeley, Charleston, Cherokee, Colleton, Darlington, Dorchester, Florence, Greenwood, Laurens, Lee, Marion, Orangeburg, Spartanburg, Sumter, Union, and Williamsburg.

Efforts should also be made to coordinate plans with prevention services provided by other youth-serving partners to create a multi-pronged approach to teen pregnancy prevention across the state.

Table A: Priority Target County Areas for FY 2022 Title V SC SRAE Funding

Priority Area 1	Priority Area 2	Priority Area 3	Priority Area 4	Priority Area 5	Priority Area 6
Counties scoring above the SC State Rate 5 of 5 Variables	Counties scoring above the SC State Rate 4 of 5 Variables	Counties scoring above the SC State Rate 3 of 5 Variables	Counties scoring above the SC State Rate 2 of 5 Variables	Counties scoring above the SC State Rate 1 of 5 Variables	Counties scoring below the SC State Rate 5 of 5 Variables

The information above reflects SC’s priority for SRAE education based on (1) out of wedlock birth rates; ages 10-19, (2) birth rates; ages 10-19, (3) abortion rates; ages 10-19, (4) sexual transmitted disease rates; ages 10-19, and (5) pregnancy rates; ages 10-19. Rankings are based on 3-year rates by county 2017-2019 for females 10-19 years of age. Data Source: SCDHEC, Division of Biostatistics and STI/HIV Prevention Program.

G. State Goal and Performance Measures:

The goal of the SC SRAE program is to increase the proportion of adolescents, ages 10-19, voluntarily refraining from sexual activity to prevent teen pregnancy and STIs by providing education that normalizes the health behavior of avoiding non-marital sexual activity. Programs are school-based, community-based, or faith-based, and must be evidence-based or evidence-informed, medically accurate, culturally appropriate, and age-appropriate for the target population. Programs funded by the FY2022 Title V State SRAE grant will incorporate positive youth development (PYD) strategies that empower youth to build healthy life skills and protective factors that mitigate the impact of past and future negative factors.

State Performance Measures for FY 2022 include:

1. By September 30, 2022, a minimum of 4,000 SC youth ages 10-19 will have been served through a SRAE program in either a school, community, or faith-based program.
2. By September 30, 2022, a minimum of 3,000 SC youth ages 10-19 will complete at least 75% of a SRAE program in either a community, school, or faith-based setting in priority areas of SC.
3. By September 30, 2022, 3,000 adults will have received information on SRAE and effectively communicating with youth on sexual health topics: and

4. By September 30, 2022, SC SRAE subrecipient will complete a minimum of 10 parent/child events in targeted communities in SC.

This RFGA funding is intended to contribute to and substantially achieve the state's performance measures above.

CONFLICT OF INTEREST

Subrecipient, as a non-Federal entity, must comply with 2 CFR §200.112 and §200.318 (c) (1). Subrecipient must comply with conflict-of-interest policies of the federal awarding agency and must disclose in writing any potential conflicts of interest to DHEC in accordance with applicable federal awarding agency policy. Subrecipient must maintain written standards of conduct covering conflicts of interest and governing the actions of its employees engaged in the selection, award, and administration of contracts. No employee, officer, or agent may participate in the selection, award, or administration of a contract supported by a Federal award if he or she has a real or apparent conflict of interest. Such a conflict of interest would arise when the employee, officer, or agent, any member of his or her immediate family, his or her partner, or an organization which employs or is about to employ any of the parties indicated herein, has a financial or other interest in or a tangible personal benefit from a firm considered for a contract. Subrecipient's officers, employees, and agents may neither solicit nor accept gratuities, favors, or anything of monetary value from contractors or parties to subcontracts. However, Subrecipient may set standards for situations in which the financial interest is not substantial, or the gift is an unsolicited item of nominal value. The standards of conduct must provide for disciplinary actions to be applied for violations of such standards by Subrecipient's officers, employees, or agents.

If Subrecipient has a parent, affiliate, or subsidiary organization that is not a state, local government, or Indian tribe, Subrecipient must also maintain written standards of conduct covering organizational conflicts of interest. Organizational conflict of interest means that because of relationships with a parent company, affiliate, or subsidiary organization, Subrecipient is unable or appears to be unable to be impartial in conducting a procurement action involving a related organization.

The non-Federal entity may not earn nor keep any profit resulting from Federal financial assistance.

PREVENTING AND REPORTING, FRAUD, WASTE AND ABUSE DHEC has procedures and policies concerning the prevention and reporting of fraud, waste, and abuse (FWA) in agency-funded programs, including but not limited to those funded by federal grants such as Medicaid. No agency employee, agent, or contractor shall direct, participate in, approve, or tolerate any violation of federal or state laws regarding FWA in government programs.

Federal law prohibits any person or company from knowingly submitting false or fraudulent claims or statements to a federally funded program, including false claims for payment or conspiracy to get such a claim approved or paid. The False Claims Act, 31 U.S.C. §3729-3733, and other "whistleblower" statutes include remedies for employees who are retaliated against in their employment for reporting violations of the Act or for reporting fraud, waste, abuse, or violations of law in connection with federal contracts or grants, or danger to public health or safety. Under State law, persons may be criminally prosecuted for false claims made for health care benefits, for Medicaid fraud, for insurance fraud, or for using a computer in a fraud scheme or to obtain money or services by false representations. Additional information regarding the federal and State laws prohibiting false claims and DHEC's policies and procedures regarding false claims may be obtained from DHEC's Contracts Manager or Bureau of Business Management.

Any employee, agent, or contractor of DHEC who submits a false claim in violation of federal or State laws will be reported to appropriate authorities.

If Subrecipient or Subrecipient's agents or employees have reason to suspect FWA in DHEC programs, this information should be reported in confidence to DHEC. A report may be made by writing to the Office of Internal Audits, DHEC, 2600 Bull Street, Columbia, SC 29201: or by calling the DHEC Fraud, Waste and Abuse Hotline at 803-896-0650 or toll-free at 1-866-206-5202. Subrecipient is required to inform Subrecipient's employees of the existence of DHEC's policy prohibiting FWA and the procedures for reporting FWA to the agency. Subrecipient must also inform Subrecipient's employees, in writing, of their rights and remedies under 41 U.S.C. §4712 concerning reporting FWA or violations of law in connection with federal contracts or grants, or danger to public health or safety, in the predominant native language of the workforce.

Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Overview of State of SC/DHEC Travel Reimbursement Policies for Vendors & Subrecipients Updated Jan 2021

Non-state employees, including sub-recipients, who are on official, approved travel status for DHEC related business AND whose contract with DHEC states specifically that they follow the State travel reimbursement policies follow the same State/DHEC travel reimbursement policies that State employees follow. And they must provide the same documentation and receipts that a state employee would provide.

DHEC and the State Comptroller General's Office have the authority to deny any travel reimbursement requests that do not follow the State and DHEC travel reimbursement policies. This overview is not a substitute for reading and understanding the full travel reimbursement policies in the DHEC Travel Manual. Please see the manual for more detailed information.

Note that if a non-state employee is traveling from out-of-state to SC while on official, approved travel status for DHEC related-business, all the trip's reimbursable expenses are processed as in-state and the meals follow the State of SC's in-state rates. If a non-state employee travels from SC to out-of-state while on official, approved travel status for DHEC related business, all the trip's reimbursable expenses are processed as out-of-state, and the meals follow the State of SC's out-of-state rates.

TRAVEL REIMBURSEMENT DOCUMENTATION REQUIREMENTS:

3. **DHEC 178 Travel Log.** Optional, available tool for the traveler to keep track of their travel expenses.
4. **Receipts.**

 - Dinner is reimbursable only if the employee leaves headquarters before 5:15 pm and returns after 10:00 pm.
 - Breakfast and lunch are not reimbursable for one-day trips unless the employee has written Bureau Director approval AND follows the departure and arrival times for both meals.
 - Meals already paid as part of a registration fee are not reimbursable to the employee.
 - Any meals claimed for a one-day trip are subject to income tax, except for non-optional meals included in registration fees. Please talk with your tax consultant regarding any reporting requirements.
- If the non-state employee attends a conference or meeting where the registration fee includes a meal, then the non-state employee is not reimbursed for that meal, unless a valid, written justification is provided to explain why they couldn't participate in the meal.
 - Meals Included with Registrations:
 - If an employee is requesting reimbursement for a registration fee, they paid that includes a meal(s) (breakfast, lunch, or dinner; NOT a continental breakfast or "reception"), State policy requires that meals included in registration fees at no option be separated from the total amount of the registration fee and claimed as a meal at the State rate on the travel document. This does not result in any loss of reimbursement to the employee but is simply a matter of accounting.
 - If a meal is included in a direct bill registration fee or lodging fee, the employee should not claim additional reimbursement unless the employee is unable to eat the included meal and pays for a substitute meal out-of-pocket. The claim will be restricted to the same rates as any other meal reimbursement.
- If the hotel provides a hot breakfast (including a hot protein like eggs, bacon, etc.; does not include a "continental" breakfast) as part of the hotel rate, they do not receive a separate breakfast reimbursement. They only receive a breakfast reimbursement if they pay for breakfast out of their own pocket and it meets the time-of-day restrictions for the meal reimbursements.

LODGING.

- Must be at least 50 miles from their assigned headquarters and residence on official, approved travel status for DHEC related business for DHEC to reimburse or pay hotel direct bill for overnight accommodations.
- Paid lodging "folio" receipt showing nightly rate is required for reimbursement.
- **State of SC agencies follow the official GSA maximum lodging rates, available at GSA.gov.** The nightly rate before taxes charged by the hotel must be at or below the GSA max lodging rate. The GSA max lodging rate is before taxes. Taxes on the GSA max lodging rate are reimbursable.
- Be aware that some hotels may say they have a "government" or "special" rate, but it may still be higher

than the official GSA max lodging rate. State of SC only acknowledges the official GSA max rate.

AIRFARE. When making airline reservations, whoever makes the reservation should secure the most cost-efficient flight, taking advantage of any cost savings that may be available at the time of travel. In accordance with State policy, "State agencies and employees shall select air carriers based on cost and time criteria, not on whether frequent flyer premiums are given. First class and business class airlines tickets are not allowed." The employee must fly at the lowest rate available, and any extras will be at the employee's cost.

- Itemized airfare receipt is required showing entire itinerary.
- Baggage fee is reimbursable and baggage receipts must be included with travel reimbursement claim.
- Any charges for flight changes must include an explanation/justification. Charges for flight changes can only be reimbursed if there is a cost benefit to Agency to change the flight.

RENTAL CAR. If the non-state employee drives a RENTAL CAR while on official, approved travel status for DHEC related business, then the mandatory, non-optional expenses on the rental company's invoice can be paid.

- Requires paid receipt.
- In addition to the fee to rent the car, the rental company may also charge for mileage used while the car is rented, where they check the rental car's odometer before and after the trip. If that is on the rental company's bill, DHEC can pay that.
- Optional items can NOT be paid or reimbursed by DHEC.
- DHEC can NOT reimburse the non-state employee for personal-car mileage at the current IRS mileage rates when a rental car is used instead of a personal car.
- DHEC can reimburse the non-state employee for gasoline for the rental car during the rental period. The gas receipt or credit card statement showing the expense must be provided WITH the rental car's license plate number written on the receipt. Note that the rental car license plate often appears on the rental car receipt or contract. Gas for a rental or State car is considered a Misc. Travel Expense but uses 5031530000 Gasoline GL code.

TAXI, AIRPORT SHUTTLE, AND METRO. These three types of "other transportation" do NOT require receipts but are reimbursable. If they do have the paid receipt, it is nice to see it with the travel reimbursement, but again, the receipt is not required for these. Tips are NOT reimbursable.

TOLL ROADS. Reimbursable but receipts are NOT required.

TIPS VS. PORTERAGE. Tips are NOT reimbursable. Porterage, a mandatory charge for carrying bags in/out of a hotel, is reimbursable and does NOT require a receipt.

MISCELLANEOUS TRAVEL EXPENSES.

- Reimbursed with a paid receipt:
 - parking fees,
 - gas for rental or State car (with car license plate number written on receipt) (considered a Misc. Travel Expense but uses 5031530000 Gasoline GL code).
 - internet/Wi-Fi access for business use.
 - hotel safe fees for business use.

- phone calls for business use.
- Reimbursed but do not require a receipt:
 - Tolls.
 - portage (charge for carrying bags in/out of hotel-- NOT A TIP).

BUDGET TEMPLATE AND INSTRUCTIONS FOR NARRATIVE JUSTIFICATION

General Information:

For each cost category listed in the budget, provide a detailed narrative justification for all requested costs that is consistent with the purpose, objectives, and proposed program activities in your plan. Be specific about the costs under each broad category

Cost Sharing:

Costs benefitting two (2) or more activities funded with more than one (1) federal grant program and/ or other state or local funding should be shared based on the proportional benefit. For any budget category/item, if your Title V SRAE grant costs are shared with other funding sources you should show what portion or percentage is for the Title V SRAE grant and what portion benefits other funding. The total annual projected costs for your organization for an item (e.g., rent, utilities) should be shown to validate the portion shown for the Title V SRAE grant effort. For example, XYZ Organization's annual rent is \$30,000 and there are 10 staff and 10 office spaces. One staff conducts Title V SRAE Abstinence Education classes, while nine staff conduct other unrelated programs. Therefore, 10% (\$3,000) is charged for rent cost for Title V SRAE grant.

Administrative costs:

Administrative costs include operating and maintain facilities; general administration and general expenses, such as the salaries and expenses of executive officers, personnel administration, and accounting; depreciation or use allowances on buildings and equipment; costs of audits (if required); management and oversight activities of specific programs under this contract; development and establishment of reimbursement and accounting systems; and overhead and indirect costs. Administrative costs may be reflected in several of the budget categories (e.g., personnel, supplies, other and indirect), and should be identified in the budget description for any specific item.

Unallowable costs:

These are costs of your organization that are not allowed because of contract/RFGA, State and or Federal laws and regulations. Examples include but are not limited to administrative costs more than the amount allowed by a federal grant, fines/penalties, late fees, fund raising costs, lobbying costs, bad debts, alcoholic beverages, bonuses, construction, meals for staff within 50 miles of headquarters and not associated with conference/meeting.

Specific Budget Categories

Personnel: List each person (s) by name, title annual and/or hourly salary, amount of time on program. Include staff proposed to be hired if position is vacant or new. Provide a summary description of their job duties related to programs in this proposal. If partial funding is requested for a position, then indicate the other sources of funding for this position, the amount, and responsibilities under these funding sources. Separate personnel costs for program/direct service providers and administrative positions.

Fringe Benefit/Employer Contributions: List each type of fringe benefit and how it is calculated (such as FICA, Medicare, unemployment, workmen's compensation and all other payroll taxes, health and dental insurance, life insurance, retirement, annual leave, etc.). If a composite percentage rate is used for all benefits provided, sufficient documentation should be provided to justify the composite rate. Employer contributions for each staff person should be equal to the percent of the FTE allocated for a particular staff (e.g., if a person is funded 75% from these funds, then employer contributions from these funds should equal 75%).

Travel: List all anticipated travel costs. The costs must directly benefit and be specific to the work in connection with the services or activities described in Scope of Work of the RFGA. All travel must be limited to local and

direct services and training/conferences that directly relate to the delivery of planned programs. Travel will be included within the maximum amount of the contract.

Equipment: List each type of equipment, who will use it, purpose for the equipment purchase, the vendor and price/quote. Cost sharing must be applied if equipment will be used for other than Abstinence Education activities. Equipment should be identified as office, educational/training or other.

Supplies: Supplies are items that cost under \$500 and have “life” of less than a year. These include educational materials, printed material, office supplies, etc.

Contracted Services: These are services you are buying from somewhere else. Contract services include consulting fees and subcontractors. Specify if the contracted service is for administration or direct program services. Subcontractors should be listed separately. **All subcontractors must be approved by DHEC.** Provide the following for each subcontractor:

- How the contract was obtained (competitive bid process, etc.)
- Target audience, as applicable
- Period of contract performance
- Type of contract (fixed, ongoing, etc.)
- Type of organizations solicited
- Description of activities to be provided
- Detailed budget justification for broad categories

Other: Describe each item listed in this category in terms of what it is, who will benefit and why it is necessary. If the item will be shared with other programs or administrative/overhead expenses, then cost sharing must be applied and the proportion of the cost for this grant must be indicated. This category should include items such as rent; printing (offset) of brochures/materials; photocopying/duplication; telephone; internet service, postage; utilities (gas, electric, water/sewer); security system; pest control, training and/or meeting expenses (details all costs including room expenses, AV equipment rental, speaker fees, refreshments); insurance; accounting/bookkeeping; data processing; bank charges; dues and subscriptions; and equipment maintenance (if not included in equipment category and not included in the base for the indirect cost rate).

Indirect Costs (Overhead/General and Administrative): – if applicable: Indirect costs may be reflected if your organization has a Federal approved indirect cost rate. If your organization has an established indirect cost rate, give the rate, the base or basis against which the rate is applied, and the costs included in the rate. Examples of indirect costs include bookkeeping, office furniture, and administrative oversight. If your organization uses an indirect cost rate, then the items included should not be listed under other budget categories. Provide the source for your indirect cost rate if one is used. *Note: Applicants without a federally negotiated indirect rate may elect to utilize a *de minimis* indirect cost rate of 10% of direct costs OR the costs can be clearly reflected in the appropriate budget categories above.

An applicant or Subrecipient that disagrees with any element of the grant requirements or with the distribution of funding is also referred to herein as a “requestor.”
