CON NOTES
November 2018

Greetings, Members of the Regulated Community!

This month, Program Staff would like to ask for your help and attention in making the program even more efficient so that we may continue to offer exceptional service. As you submit documentation to the Program, we would ask that you choose one method of delivery unless otherwise required by R. 61-15. Often, we receive the same documents via hand delivery, standard mail, *and* email. Often still, those documents are received by different staff members. This creates a quagmire in appropriately filing correspondence and required documentation which can negatively impact service response times. It would be of great aid to have documentation delivered via a single channel. Of course, we are always available for a telephone call letting us know to expect incoming documentation. We greatly appreciate all you do to help our Program run smoothly so that we can continue to serve the State of South Carolina.
