

NOTICES

REQUEST FOR QUOTE

The Underground Storage Tank (UST) Management division of The South Carolina Department of Health & Environmental Control (DHEC) is seeking services to install a water supply well. The supply well location is adjacent to a property associated with a petroleum release at a regulated site. The objectives are:

1. To site and install a water supply well to provide a potable source of water.
2. To abandon the existing water supply well that has become inoperable.

All Offerors must be South Carolina-Certified Class I Site Rehabilitation Contractors and must remain in compliance with R.61-98 for the duration of the work.

Certified contractors should contact Shannon Hicks at HicksSC@dhec.sc.gov by 2:30 pm, May 31, 2023, for additional information.
