Is your facility currently allowing visitation?

Yes

Is your facility currently allowing outdoor and/or indoor visitation? Select all that apply.

1. Outdoor visitation
2. Indoor visitation

How many of your facility’s residents participated in visitation in the previous 7 days? _____.

No

Why is your facility not currently allowing visitation? Select all that apply.

1. One or more COVID-19 case(s) among residents and staff in the facility in the last 14 days
2. Weather conditions do not allow for safe outdoor visitation (e.g., inclement weather, excessively hot or cold temperature)
3. The positivity rate for the county in which the facility is located is greater than 10%
4. PPE shortage
5. Staffing shortage
6. Not routinely testing residents and staff
7. Other core principles of COVID-19 infection control are not being maintained. Examples: screening for signs and symptoms of COVID-19; hand hygiene; face covering or mask; social distancing at least 6 feet; instructional signage and visitor education; cleaning and disinfecting surfaces; and effective cohorting of residents.
8. Other
